The Power of Fun Catherine Price,2024-01-02 If you're not having fun, you're not fully living. The author of *How to Break Up with Your Phone* makes the case that, far from being frivolous, fun is actually critical to our well-being—and shows us how to have more of it. “This delightful book might just be what we need to start flourishing.”—#1 New York Times bestselling author Adam Grant Journalist and screen/life balance expert Catherine Price argues persuasively that our always-on, tech-addicted lifestyles have led us to obsess over intangible concepts such as happiness while obscuring the fact that real happiness lies in the everyday experience of fun. We often think of fun as indulgent, even immature and selfish. We claim to not have time for it, even as we find hours a day for what Price calls Fake Fun—bingeing on television, doomscrolling the news, or posting photos to social media, all in hopes of filling some of the emptiness we feel inside. In this follow-up to her hit book, *How to Break Up with Your Phone*, Price makes the case that True Fun—which she defines as the magical confluence of playfulness, connection, and flow—will give us the fulfillment we so desperately seek. If you use True Fun as your compass, you will be happier and healthier. You will be more productive, less resentful, and less stressed. You will have more energy. You will find community and a sense of purpose. You will stop languishing and start flourishing. And best of all? You'll enjoy the process. Weaving together scientific research with personal experience, Price reveals the surprising mental, physical, and cognitive benefits of fun, and offers a practical, personalized plan for how we can achieve better screen/life balance and attract more True Fun into our daily lives—without feeling overwhelmed. Groundbreaking, eye-opening, and packed with useful advice, *The Power of Fun* won't just change the way you think about fun. It will bring you back to life.

That Sounds Fun Annie F. Downs,2021-02-02 A New York Times Bestseller! We know there are certain things we must have to survive--food, shelter, and safety to name a few. But there are also aspects of life that truly allow us to be joyful and fulfilled. For popular podcaster and bestselling author Annie F. Downs, fun is close to the top of that list. Few would argue that having fun doesn't enrich our lives, but so much gets in the way of prioritizing it. Tough days, busyness, and feelings that are hard to talk about keep us from the fun that's out there waiting to be found. With *That Sounds Fun*, Annie offers an irresistible invitation to understand the meaning of fun, to embrace it and chase it, and to figure out what, exactly, sounds fun to you--then do it! Exploring some research and sharing some thoughts behind why fun matters, she shows you how to find, experience, and multiply your fun. With her signature storytelling style and whimsical vulnerability, Annie is the friend we all need to guide us back to staying true to ourselves and finding the fun we need.

Fun Home Alison Bechdel,2007 A fresh and brilliantly told memoir from a cult favorite comic artist, marked by gothic twists, a family funeral home, sexual angst, and great books. This breakout book by Alison Bechdel is a darkly funny family tale, pitch-perfectly illustrated with Bechdel's sweetly gothic drawings. Like Marjane Satrapi's *Persepolis*, it's a story exhilaratingly suited to graphic memoir form. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting caskets at the family-owned fun home, as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic -- and redemptive.

From Faith to Fun Russell Heddendorf, 2009-02-26 Abraham and Sarah were presented with a paradox when God told them they would have a son in their old age. Paradox in the Old Testament plays an important part in the dialogue between God and the Jews. In the New Testament, paradox is prominent in Jesus' teaching and helps to explain the Christian understanding of salvation.

Making Democracy Fun Josh A. Lerner, 2014-02-21 Drawing on the tools of game design to fix democracy. Anyone who has ever been to a public hearing or community meeting would agree that participatory democracy can be boring. Hours of repetitive presentations, alternately alarmist or complacent, for or against, accompanied by constant heckling, often with no clear outcome or decision. Is this the best democracy can offer? In *Making Democracy Fun*, Josh Lerner offers a novel solution for the sad state of our deliberative democracy: the power of good game design. What if public meetings featured competition and collaboration (such as team challenges), clear rules (presented and modeled in multiple ways), measurable progress (such as scores and levels), and engaging sounds and visuals? These game mechanics would make meetings more effective and more enjoyable—even fun. Lerner reports that institutions as diverse as the United Nations, the U.S. Army, and grassroots community groups are already using games and game-like processes to encourage participation. Drawing on more than a decade of practical experience and extensive research, he explains how games have been integrated into a variety of public programs in North and South America. He offers rich stories of game techniques in action, in children's councils, social service programs, and participatory budgeting and planning. With these real-world examples in mind, Lerner describes five kinds of games and twenty-six game mechanics that are especially relevant for democracy. He finds that when governments and organizations use games and design their programs to be more like games, public participation becomes more attractive, effective, and transparent. Game design can make democracy fun—and make it work.

Work Made Fun Gets Done! Bob Nelson, Mario Tamayo, 2021-05-11 Bob Nelson, author of the multimillion-copy bestseller *1001 Ways to Reward Employees*, and human performance expert Mario Tamayo offer hundreds of practical, creative tips for helping employees—and their managers—make work more fun. According to the employees that work for firms listed in *Fortune's* "100 Best Companies to Work for in America," the most defining characteristic of these organizations is they are all "fun" places to work. Fun is the secret sauce every business needs to better engage and motivate its employees today. *Work Made Fun Gets Done!* gives readers simple, practical ideas for instantly bringing fun into their work and workplace. Based on examples from scores of companies like Zoom, Pinterest, Bank of America, Zappos, Honda, Microsoft, and many more, this book provides clear examples of exactly what managers and employees alike can do to lighten the tone in the work environment and allow employees to have more fun at work. From AAA's "Dump a Dog" program where workers can pass their least-wanted project on to their manager and Houzz's complimentary office slippers to CARFAX's themed-wardrobe Zoom meetings and Google's company-approved Nerf-gun battles and paper airplane contests, you'll find dozens of ideas you can immediately adapt and implement in your own workplace. Work and fun have typically been considered polar opposites, but this book proves they can be integrated in ways that produce more motivated workers—and exceptional results.

Here Comes the Fun Ben Aitken,2023-05-25 THE NEW BOOK FROM THE MUCH-LOVED AUTHOR OF THE GRAN TOUR, A CHIP SHOP IN POZNAN AND THE MARMALADE DIARIES Food fights, fishing and French cooking - bestselling author Ben Aitken's year of actively pursuing fun Ben Aitken wasn't getting enough. He knew it and so did everyone else. He was grumpy, increasingly boring, mostly joyless. So, he joined a lawn bowls club. A week later, he doubled down on the doldrums by learning to dance like they do in Bollywood. Then - with an almost entirely reformed selfhood winking appealingly just around the corner - he started swimming in cold water and was back to square one. Despite the setbacks (and hyperventilation), it was becoming clear to him that the very pursuit of fun was a great way of not feeling naff. And so he made a vow to have as much of the f-stuff as he possibly could. Taking a liberal approach to the subject, he sought out things that he used to find fun a long time ago (i.e. food fights and wrestling); things that he'd never done before but reckoned could be fun (boozy French cooking classes, tantric sex); things whose fun-factor was less obvious and more down to earth (nostalgia, volunteering, edible gardening, watching chickens); and things that he wasn't at all sure about but were fun according to other people (gym classes, caving, TikTok). Unsurprisingly, the results were mixed, but he was undoubtedly left feeling ... better. Which left him asking, if fun is the finest medicine, why do we stop doing it?
