*The Game Maker's Apprentice* Jacob Habgood,Mark Overmars,2006-12-31 The Game Maker's Apprentice shows you how to create nine exciting games using the wildly popular Game Maker game creation tool. This book covers a range of genres, including action, adventure, and puzzle games--complete with professional quality sound effects and visuals. It discusses game design theory and features practical examples of how this can be applied to making games that are more fun to play. Game Maker allows games to be created using a simple drag-and-drop interface, so you don't need to have any prior coding experience. It includes an optional programming language for adding advanced features to your games, when you feel ready to do so. You can obtain more information by visiting [book.gamemaker.nl](http://book.gamemaker.nl). The authors include the creator of the Game Maker tool and a former professional game programmer, so you'll glean understanding from their expertise.

**The Galaxy Game** Karen Lord,2015-01-06 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • A gripping science fiction saga about three students from a school for those with extraordinary powers, from the award-winning author of The Best of All Possible Worlds “A smart science fictional fable as inventive and involving as it is finally vital.”—Tordotcom On the verge of adulthood, Rafi attends the Lyceum, a school for the psionically gifted. Rafi possesses mental abilities that might benefit people . . . or control them. Some wish to help Rafi wield his powers responsibly; others see him as a threat to be contained. Rafi's only freedom at the Lyceum is Wallrunning: a game of speed and agility played on vast vertical surfaces riddled with variable gravity fields. Serendipity and Ntenman are also students at the Lyceum, but unlike Rafi, they come from communities where such abilities are valued. Serendipity finds the Lyceum as much a prison as a school, and she yearns for a meaningful life beyond its gates. Ntenman, with his quick tongue, quicker mind, and a willingness to bend if not break the rules, has no problem fitting in. But he too has his reasons for wanting to escape. Now the three friends are about to experience a moment of violent change as seething tensions between rival star-faring civilizations come to a head. For Serendipity, this change will challenge her ideas of community and self. For Ntenman, it will open new opportunities and new dangers. And for Rafi, given a chance to train with some of the best Wallrunners in the galaxy, it will lead to the discovery that there is more to Wallrunning than he ever suspected . . . and more to himself than he ever dreamed. Includes two bonus short stories “There is a weight and grace to [Lord's] prose that put me in mind of pewter jewelry.”—NPR “This novel is a satisfying exercise in being off-balance, a visceral lesson in how to fall forward and catch yourself in an amazing new place.”—The Seattle Times

**Video Game Bible, 1985-2002** Andy Slaven,2002 With nearly three years of research utilized to compile game lists and thousands of hours used to play and review the games listed within, Video Game Bible is the most comprehensive source of information on video games released in the U.S. since 1985 ever created. Prices are based on realistic figures compiled by interviewing hundreds of large collectors and game store owners, and offer a realistic guideline to be followed by both collectors and video gamers looking to complete their collections. While numerous guides have been compiled on the subject of classic video games, this book offers coverage of video game consoles releases after 1985, known as the neo-classics. With 39 systems in total, Video Game Bible offers the largest guide to date. With the recent proliferation of video game collecting into the mainstream, it is necessary to have a standard by which games are valued. This is the first installment in a series of guides intended to offer full coverage of every video game ever made worldwide. Video game consoles are grouped together by the company that made them for easy reference. In addition to the table of contents, which lists each section separately, there are corner tabs to make browsing the guide even more convenient. Thousands of new facts are offered within the pages

of this book, as are thousands of reviews and overviews. Written in a lighthearted manner, chapters of this guide that may not pertain to a particular collector will still be enjoyable for intelligent readers. An easy to use reference guide suitable for any age, this guide is sure to be an invaluable resource for anyone interested in video game collecting, video game history, and even for the casual video game fan interested in learning more about the hobby.
