When the World Feels Like a Scary Place Abigail Gewirtz,2020-06-09 A terrific book for parents who want to know how to talk about difficult, emotional issues with children.--Nancy Eisenberg, Regents' Professor of Psychology, Arizona State University Remarkable... Compelling advice illustrated with memorable case examples.--Ann S. Masten, PhD, Irving B. Harris Professor of Child Development, University of Minnesota In a lifesaving guide for parents, Dr. Abigail Gewirtz shows how to use the most basic tool at your disposal--conversation--to give children real help in dealing with the worries, stress, and other negative emotions caused by problems in the world, from active shooter drills to climate change. But it's not just how to talk to your kids, it's also what to say: The heart of *When the World Feels Like a Scary Place* is a series of conversation scripts--with actual dialogue, talking points, prompts, and insightful asides--that are each age-appropriate and centered around different issues. Along the way are tips about staying calm in an anxious world; the way children react to stress, and how parents can read the signs; and how parents can make sure that their own anxiety doesn't color the conversation. Talking and listening are essential for nurturing resilient, confident, and compassionate children. And conversation will help you manage your anxieties too, offering a path of wholeness and security for everyone in the family.

Need for the Bike Paul Fournel,2021-01-04 A book like no other, Paul Fournel's *Need for the Bike* conducts readers into a very personal world of communication and connection whose center is the bicycle, and where all people and things pass by way of the bike. In compact and suggestive prose, Fournel conveys the experience of cycling--from the initial charm of early outings to the dramas of the devoted cyclist. An extended meditation on cycling as a practice of life, the book recalls a country doctor who will not anesthetize the young Fournel after he impales himself on a downtube shifter, speculates about the difference between animals that would like to ride bikes (dogs, for instance) and those that would prefer to watch (cows, marmots), and reflects on the fundamental absurdity of turning over the pedals mile after excruciating mile. At the same time, Fournel captures the sound, smell, feel, and language of the reality and history of cycling, in the mountains, in the city, escaping the city, in groups, alone, suffering, exhausted, exhilarated. In his attention to the pleasures of cycling, to the specific grain of different cycling experiences, and to the inscription of these experiences in the body's cycling memory, Fournel portrays cycling as a descriptive universe, colorful, lyrical, inclusive, exclusive, complete.

Sold on Language Julie Sedivy, Greg Carlson, 2011-05-03 As citizens of capitalist, free-market societies, we tend to celebrate choice and competition. However, in the 21st century, as we have gained more and more choices, we have also become greater targets for persuasive messages from advertisers who want to make those choices for us. In *Sold on Language*, noted language scientists Julie Sedivy and Greg Carlson examine how rampant competition shapes the ways in which commercial and political advertisers speak to us. In an environment saturated with information, advertising messages attempt to compress as much persuasive power into as small a linguistic space as possible. These messages, the authors reveal, might take the form of a brand name whose sound evokes a certain impression, a turn of phrase that gently applies peer pressure, or a subtle accent that zeroes in on a target audience. As more and more techniques of persuasion are aimed squarely at the corner of our mind which automatically takes in information without conscious thought or deliberation, does 'endless choice' actually mean the end of true choice? *Sold on Language* offers thought-provoking insights into the choices we make as consumers and citizens – and the choices that are increasingly being made for us. The Art of Logic in an Illogical World Eugenia Cheng, 2018-09-11 How both logical and emotional reasoning can help us live better in our post-truth world In a world where fake news stories change election outcomes, has rationality become futile? In *The Art of Logic in an Illogical World*, Eugenia Cheng throws a lifeline to readers drowning in the illogic of contemporary life. Cheng is a mathematician, so she knows how to make an airtight argument. But even for her, logic sometimes falls prey to emotion, which is why she still fears flying and eats more cookies than she should. If a mathematician can't be logical, what are we to do? In this book, Cheng reveals the inner workings and limitations of logic, and explains why alogic -- for example, emotion -- is vital to how we think and communicate. Cheng shows us how to use logic and alogic together to navigate a world awash in bigotry, mansplaining, and manipulative memes. Nella Last in the 1950s Patricia Malcolmson, Robert Malcolmson, 2010-10-07 'I can never understand how the scribbles of such an ordinary person ... can possibly have value.' So wrote Nella Last in her diary on 2 September 1949. Sixty years on, tens of thousands of people have read and enjoyed the first two volumes of her uniquely detailed and moving diaries, written during World War II and its aftermath as part of the Mass Observation project, and the basis for BAFTA-winning drama *Housewife 49* starring Victoria Wood. This third compelling volume sees Nella, now in her sixties, writing of what ordinary people felt during those years of growing prosperity in a modernising Britain. Her diary offers a detailed, moving and humorous narrative of daily life at a time that shaped the society we live in today. It is an account that's full of surprises as we learn more about her relationship with 'my husband' (never 'Will') and her fears of nuclear war. Outwardly Nella's life was commonplace; but behind this mask were a penetrating mind and a lively pen. As David Kynaston said on Radio 4, Nella Last 'will come to be seen as one of the major twentieth century English diarists.'

A People's Church Jeremy Morris, 2022-04-07 'A masterly, vivid and original sketch, not just of the history but of the culture (or cultures) of the Church of England across nearly five centuries.' Rowan Williams, poet and former Archbishop of Canterbury It is hard to comprehend the last 500 years of England's history without understanding the Church of England. From its roots in Catholicism through to the present day, this is the extraordinary history of a familiar but much-misunderstood institution. The Church has frequently been divided between high and low, Evangelical and Anglo-Catholic. For its first 150 years people sacrificed their lives to defend it; the Anglican Church is and has always been defined by its complicated relationship to the state and power. As Jeremy Morris shows, the story of the Church - central to British life - has never been straightforward. Weaving social, political and religious context together with the significance of its music and architecture, *A People's Church* skilfully illuminates a complex and pre-eminent institution.

The Disappearance of Lydia Harvey Julia Laite, 2022-04-07 1910, Wellington, New Zealand. Lydia Harvey is sixteen, working long hours for low pay, when a glamorous couple invite her to Buenos Aires. She accepts - and disappears. London, England. Amid a global panic about sex trafficking, detectives are tracking a ring of international criminals when they find a young woman on the streets of Soho who might be the key to cracking the whole case. As more people are drawn into Lydia's life and the trial at the Old Bailey, the world is being reshaped into a new, global era. Choices are being made - about who gets to cross borders, whose stories matter and what justice looks like - that will shape the next century. In this immersive account, historian Julia Laite traces Lydia Harvey through the fragments she left behind to build an extraordinary story of aspiration, exploitation and survival - and one woman trying to build a life among the forces of history.

Six months later, Cole hasn't given up his search for P.J., and he's determined to bring her back home where she belongs. Bent on vengeance, P.J. has plunged into a serpentine game of payback that will make her question everything she's ever believed in. But Cole—and the rest of their team—refuse to let her go it alone.
