*Redoing Recess Great Games to Get Kids Moving* B. J. G. Scruggs, 2012-05 Dr. Brenda J. G. Scruggs is a retired educator of 36 years. She has worked as a teacher, lead teacher, assistant principal, elementary coordinator, program director, elementary principal, and educational consultant. She received her Master's Degree from the University of South Carolina in Columbia, SC, and her Ed. D. in Educational Leadership from Nova Southeastern University in Fort Lauderdale, FL. This book started as a Recess Activity Manual that was written as part of a project for one of my classes during the time I was in school. Having worked with children, I know all too well that if children don't have something to do, they will come up with something to do, and sometimes the things they do can lead to trouble. As an elementary school principal, I witnessed many recess or free play periods that ended up in children fighting or getting hurt in some way. It is my hope that this book will do two things for children: (1) get them moving, and (2) keep them out of trouble. I wholeheartedly agree with our First Lady Michelle Obama on the matter of children getting active. They need to get up and move, exercise, and eat right. Something as simple as walking around the school is good exercise, not only for the children but for the teachers too. As I wrote in the introduction, we all want our schools to promote the physical, intellectual, personal, and social well being of every child, and in

promoting the physical this book will Redo Recess....and provide Great Games To Get Kids Moving, as well as help children to know what to do with themselves when they have recess or free play. Let's get kids moving.

*Ice Breakers: Games to Get them Going #2* Bonnie J. Krueger, 2009-09-01 Like the first set of Games to Get them Going, these short, easy-to-prepare activities are sure to strengthen communication skills while building respect, tolerance, and understanding. They are great for back to school or for helping students learn to work together. They will have your students up and moving around or having fun at their desks. Some of the icebreakers include extension activities to further incorporate them into daily lessons.

**Forgotten Neighborhood Games** Scott Strother, 2004-04 This is the only book of outdoor games you will ever need! This book describes over 150 exciting games children will love to play together in the neighborhood. This includes all the classic games, as well as numerous new games that children will love. The instructions are clear and organized specifically for parents or children to easily find the perfect game. Each game description also contains enjoyable and useful comments from the author's personal experiences. Once these games begin, boys and girls from all around the neighborhood will begin looking forward to playing outside. Learning and playing these games will be great for children in more ways than one can imagine. Instead of sitting around inside, kids can meet each other, make friends, get exercise, and have a ton of fun! This is what childhood is all about. Children need to get back

outside, exercise, and love it...and this book is the guide! For more information on the importance of this book and author's personal inspiration, please read the one page preface previewed below.
