Golf in America George B. Kirsch, 2008-12-23 In this concise social history of golf in the United States from the 1880s to the present, George B. Kirsch tracks the surprising growth of golf as a

popular, mainstream sport, in contrast to the stereotype of golf as a pastime enjoyed only by the rich elite. In addition to classic heroes such as Francis Ouiment, Gene Sarazen, Sam Snead, and Ben Hogan, the annals of golf's early history also include African American players--John Shippen Jr., Ted Rhodes, and Charlie Sifford--as well as both white and black female players such as Mildred Babe Didrikson Zaharias, Louise Suggs, Betsy Rawls, Ann Gregory, and former tennis champ Althea Gibson. *Golf in America* tells the stories of these and many other players from different social classes, ethnic backgrounds, races, and genders. Examining golf's recent history, *Golf in America* looks at the impact of television and the rivalry between Arnold Palmer and Jack Nicklaus, both of whom in 1996 were impressed by an upstart named Eldrick Tiger Woods. Kirsch also highlights the history of public golf courses in the United States, from Van Cortlandt Park in the Bronx to Boston's Franklin Park, Chicago's Jackson Park, and other municipal and semiprivate courses that have gone relatively unnoticed in the sport's history. Illustrated with nearly two dozen photographs, this book shows that golf in America has always reflected a democratic spirit, evolving into a sport that now rivals baseball for the honor of being acclaimed America's national pastime.

The Mad Science of Golf Philip Moore, 2007-11-29 *The Mad Science of Golf* is a one-of-a-kind

book that explains how golfers have been permanently sidetracked by the high-tech hype of the golf industry. Through a series of questions and answers the book will literally reprogram your thinking and give you an entirely new perspective on golf, the golf industry, and the process of improvement. The book clearly answers the questions that golfers should have been asking a long time ago. On Golf Clubs: Can anything else (that really matters) be done to a golf club? Are golf clubs REALLY getting better every year? What kind of golf clubs do you REALLY need? On The Golf Swing: If swing mechanics are so important, why do the best players in the world all swing differently? Why does your golf swing keep changing? How come no matter how many lessons you take, you always need more? On Playing Better Golf: What's the secret to scoring lower? How come some aspects of your game seem to never improve? What's the ONLY way to achieve day-to-day consistency? The Mad Science of Golf is certainly not your typical how-to golf book. It will forever change your perception of golf equipment, the golf swing, and how to play better golf. It should be in every golfer's library.

Golf in Broome County Jim Maggiore and Michael J. McCann, 2015 Professional golf came to Broome County in 1971 as the Broome County Open, a one-day event. By 1973, it had become a four-day stop on the PGA Tour called the B.C. Open. Over the next three decades, it hosted such luminaries of the links as Lee Trevino, Tiger Woods, and Fuzzy Zoeller, while national icons like Bob Hope, Mickey Mantle, and Johnny Hart played in various Pro-Am tournaments. The Dick's Sporting Goods Open began in 2007 as part of the Champions Tour. The sporting goods company got its start

in the neighboring city of Binghamton, the hometown of founder Richard Dick Stack, making it a natural choice as primary sponsor. The biggest attraction besides golf is the annual Concert on the Green when the 18th green is converted to a stage. Among the major recording artists who have performed are Tim McGraw and the Zac Brown Band.
