

Great

Jim Collins,Morten T. Hansen

The Great Book of Chocolate David Lebovitz, 2004-04-15 A compact connoisseur's guide, with recipes, to today's cutting-edge array of chocolates and chocolate makers from former Chez Panisse pastry chef David Lebovitz. In this compact volume, David Lebovitz gives a succinct cacao botany lesson, explains the process of chocolate making, runs through chocolate terminology and types, presents information on health benefits, offers an evaluating and buying primer, profiles the world's top chocolate makers and chocolatiers (with a whole chapter dedicated to Paris alone!), and shares dozens of little-known factoids in sidebars throughout the book. The Great Book of Chocolate includes more than 50 location and food photographs, and features more than 30 of Lebovitz's favorite chocolate recipes, from Black-Bottom Cupcakes to Homemade Rocky Road Candy, Orange and Rum Chocolate Mousse Cake to Double Chocolate Chip Espresso Cookies. His extensive resource section (with websites for international ordering) can bring the world's best chocolate to every door. A self-avowed chocoholic, Lebovitz nibbles chocolate every day, and with The Great Book of Chocolate in hand, he figures the rest of us will too.

Good to Great Jim Collins, 2001-10-16 The Challenge Built to Last, the defining management study of the nineties, showed how great companies triumph over time and how long-term sustained performance can be engineered into the DNA of an enterprise from the very beginning. But what about the company that is not born with great DNA? How can good companies, mediocre companies, even bad companies achieve enduring greatness? The Study For years, this question preyed on the mind of Jim Collins. Are there companies that defy gravity and convert long-term mediocrity or worse into long-term superiority? And if so, what are the universal distinguishing characteristics that cause a company to go from good to great? The Standards Using tough benchmarks, Collins and

his research team identified a set of elite companies that made the leap to great results and sustained those results for at least fifteen years. How great? After the leap, the good-to-great companies generated cumulative stock returns that beat the general stock market by an average of seven times in fifteen years, better than twice the results delivered by a composite index of the world's greatest companies, including Coca-Cola, Intel, General Electric, and Merck. The Comparisons The research team contrasted the good-to-great companies with a carefully selected set of comparison companies that failed to make the leap from good to great. What was different? Why did one set of companies become truly great performers while the other set remained only good? Over five years, the team analyzed the histories of all twenty-eight companies in the study. After sifting through mountains of data and thousands of pages of interviews, Collins and his crew discovered the key determinants of greatness -- why some companies make the leap and others don't. The Findings The findings of the Good to Great study will surprise many readers and shed light on virtually every area of management strategy and practice. The findings include: Level 5 Leaders: The research team was shocked to discover the type of leadership required to achieve greatness. The Hedgehog Concept (Simplicity within the Three Circles): To go from good to great requires transcending the curse of competence. A Culture of Discipline: When you combine a culture of discipline with an ethic of entrepreneurship, you get the magical alchemy of great results. Technology Accelerators: Good-to-great companies think differently about the role of technology. The Flywheel and the Doom Loop: Those who launch radical change programs and wrenching restructurings will almost certainly fail to make the leap. "Some of the key concepts discerned in the study," comments Jim Collins, fly in the face of our modern business culture and will, quite frankly, upset some people." Perhaps, but who can afford to ignore these findings?

Great Books David Denby, 2013-06-18 THE NATIONAL BESTSELLER At the age of forty-eight, writer and film critic David Denby returned to Columbia University and re-enrolled in two core courses in Western civilization to confront the literary and philosophical masterpieces -- the great books -- that are now at the heart of the culture wars. In *Great Books*, he leads us on a glorious tour, a rediscovery and celebration of such authors as Homer and Boccaccio, Locke and Nietzsche. Conrad and Woolf. The resulting personal odyssey is an engaging blend of self-discovery, cultural commentary, reporting, criticism, and autobiography -- an inspiration for anyone in love with the written word.

Great Books Reader, The John Mark Reynolds, 2011-09 This anthology includes excerpts from thirty of the greatest works in western literature, and essays about those works written by distinguished professors, lecturers, and authors--Provided by publisher.

The Great Book of King Arthur John Matthews, 2022-06-21 Foreword by Neil Gaiman The world's leading Arthurian authority reimagines one of the most beloved and influential legends—the story of King Arthur and his Knights—for a new century in this gorgeous keepsake edition, illustrated with luminous full-color paintings and drawings by internationally acclaimed Tolkien artist John Howe. The stories of King Arthur and Merlin, Lancelot and Guinevere, Galahad, Gawain, Tristan and the rest of the Knights of the Roundtable, and the search for the Holy Grail have been beloved for centuries and are the inspiration of many modern fantasy novels, films, and shows. These legends began when an obscure Celtic hero named Arthur stepped on to the stage of history sometime in the sixth century, generating a host of oral tales that would be inscribed some 900 years later by Thomas Malory in his classic *Morte D'Arthur* (The Death of Arthur). The *Great Book of King Arthur* brings these legends into the modern age, using accessible prose for contemporary

readers for the first time. In addition to the stories in *Morte D'Arthur*, John Matthews includes many tales of Arthur and his knights either unknown to Malory or written in other languages, such as the story of Avenable, the girl brought up as a boy who becomes a famous knight; Morien, whose adventures are as fantastic and exciting as any found in Malory's work; and a retelling of the life of Round Table favorite Gawain, from his strange birth to his upbringing among the poor to his ascension to the highest position—Emperor of Rome. In addition, there are some of the earliest tales of Arthur, deriving from the tradition of Celtic storytelling. The epic hero is represented in such powerful stories as "The Adventures of Eagle-boy" and "The Coming of Merlin," which is based on the early medieval text *Vita Merlini* and tells a completely new version of the great enchanter's story. The *Great Book of King Arthur* includes 15 full-color paintings and 25 pencil drawings.

Great by Choice Jim Collins, Morten T. Hansen, 2011-10-11 Ten years after the worldwide bestseller *Good to Great*, Jim Collins returns with another groundbreaking work, this time to ask: why do some companies thrive in uncertainty, even chaos, and others do not? Based on nine years of research, buttressed by rigorous analysis and infused with engaging stories, Collins and his colleague Morten Hansen enumerate the principles for building a truly great enterprise in unpredictable, tumultuous and fast-moving times. This book is classic Collins: contrarian, data-driven and uplifting.

What Makes This Book So Great Jo Walton, 2014-01-21 As any reader of Jo Walton's *Among Others* might guess, Walton is both an inveterate reader of SF and fantasy, and a chronic re-reader of books. In 2008, then-new science-fiction mega-site Tor.com asked Walton to blog regularly about her re-reading—about all kinds of older fantasy and SF, ranging from acknowledged classics, to guilty pleasures, to forgotten oddities and gems. These posts have consistently been among the most popular features of Tor.com. Now this volume presents a selection of the best of them, ranging

from short essays to long reassessments of some of the field's most ambitious series. Among Walton's many subjects here are the Zones of Thought novels of Vernor Vinge; the question of what genre readers mean by mainstream; the underappreciated SF adventures of C. J. Cherryh; the field's many approaches to time travel; the masterful science fiction of Samuel R. Delany; Salman Rushdie's *Midnight's Children*; the early Hainish novels of Ursula K. Le Guin; and a Robert A. Heinlein novel you have most certainly never read. Over 130 essays in all, *What Makes This Book So Great* is an immensely readable, engaging collection of provocative, opinionated thoughts about past and present-day fantasy and science fiction, from one of our best writers. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Rescuing Socrates Roosevelt Montas, 2023-03-21 A Dominican-born academic tells the story of how the Great Books transformed his life—and why they have the power to speak to people of all backgrounds. What is the value of a liberal education? Traditionally characterized by a rigorous engagement with the classics of Western thought and literature, this approach to education is all but extinct in American universities, replaced by flexible distribution requirements and ever-narrower academic specialization. Many academics attack the very idea of a Western canon as chauvinistic, while the general public increasingly doubts the value of the humanities. In *Rescuing Socrates*, Dominican-born American academic Roosevelt Montás tells the story of how a liberal education transformed his life, and offers an intimate account of the relevance of the Great Books today, especially to members of historically marginalized communities. Montás emigrated from the Dominican Republic to Queens, New York, when he was twelve and encountered the Western classics as an undergraduate in Columbia University's renowned Core Curriculum, one of America's last remaining Great Books programs. The experience changed his life and determined his

career—he went on to earn a PhD in English and comparative literature, serve as director of Columbia’s Center for the Core Curriculum, and start a Great Books program for low-income high school students who aspire to be the first in their families to attend college. Weaving together memoir and literary reflection, *Rescuing Socrates* describes how four authors—Plato, Augustine, Freud, and Gandhi—had a profound impact on Montás’s life. In doing so, the book drives home what it’s like to experience a liberal education—and why it can still remake lives.

The Great Ideas Mortimer Jerome Adler, 1999 Previously published: New York : Macmillan, 1992.

Great American Hot Dog Book Becky Mercuri, 2007-03-13 The Great American Hot Dog Book reveals the inside story of how the hot dog became one of America's favorite food icons. This collection is also loaded with frank recipes from across the nation as well as recipes for out-of-this-world fries, sauces, sides, and more.

How to Think About the Great Ideas Mortimer Adler, 2000-03-01 Time magazine called Mortimer J. Adler a philosopher for everyman. In this guide to considering the big questions, Adler addresses the topics all men and women ponder in the course of life, such as What is love?, How do we decide the right thing to do?, and, What does it mean to be good? Drawing on his extensive knowledge of Western literature, history, and philosophy, the author considers what is meant by democracy, law, emotion, language, truth, and other abstract concepts in light of more than two millennia of Western civilization and discourse. Adler's essays offer a remarkable and contemplative distillation of the Great Ideas of Western Thought.

Great Work, Great Career Stephen R. Covey, Jennifer Colosimo, 2009 Stephen Covey reveals how to hurdle economic disaster while staying on the path for a successful future. Here, listeners will

discove.

Beyond Great Arindam Bhattacharya, Nikolaus Lang, Jim Hemerling, 2020-10-06 Great is no longer good enough. *Beyond Great* delivers a powerful new playbook of 9 core strategies to thrive in a post-COVID world where all the rules of the game are being re-written. *Beyond Great* answers to two fundamental questions which face business leaders today in a world shaped by daunting and disruptive technological, economic, and social change. First, what is outstanding performance in this new volatile era? Second, how do we build competitive advantage in a world with new and often uncertain rules? Supported by years of research and hands-on consulting practice, this book presents a comprehensive framework for building a high performing, resilient, adaptive, and socially responsible global company. The book begins by taking an incisive look at these disruptive forces transforming globalization, including economic nationalism; the boom in data flows and digital commerce; the rise of China; heightened public concerns about capitalism and the environment; and the emergence of borderless communities of digitally connected consumers. Distilled from the study of hundreds of companies and interviews with dozens of business leaders, the authors have distilled nine core strategies – the new winning playbook of the 21st century. *Beyond Great* argues that business leaders today must lead with a new kind of openness, flexibility and light-footedness, constantly layering in new strategies and operational norms atop existing ones to allow for always-on transformation. Leaders must master a whole new set of rules about what it takes to be global, becoming shapeshifters adept at handling contradiction, multiplicity, and nuance. This book will show them how.

On Reading Well Karen Swallow Prior, 2018-09-04 □ Publishers Weekly starred review A Best Book of 2018 in Religion, Publishers Weekly Reading great literature well has the power to cultivate

virtue, says acclaimed author Karen Swallow Prior. In this book, she takes readers on a guided tour through works of great literature both ancient and modern, exploring twelve virtues that philosophers and theologians throughout history have identified as most essential for good character and the good life. Covering authors from Henry Fielding to Cormac McCarthy, Jane Austen to George Saunders, and Flannery O'Connor to F. Scott Fitzgerald, Prior explores some of the most compelling universal themes found in the pages of classic books, helping readers learn to love life, literature, and God through their encounters with great writing. The book includes end-of-chapter reflection questions geared toward book club discussions, original artwork throughout, and a foreword by Leland Ryken. The hardcover edition was named a Best Book of 2018 in Religion by Publishers Weekly. [A] lively treatise on building character through books.'--Publishers Weekly (starred review)

Peter the Great Diane Stanley, 1999-08-25 Peter the Great, crowned tsar of Russia at the age of ten, believed that whatever he wanted he should have -- and the sooner the better. What he wanted most was to bring his beloved country into the modern world. He traveled to the West to learn European ways -- the first tsar ever to leave Russia -- disguised as a common soldier. He explored the West with excitement and curiosity and returned home ready to undertake a series of momentous social reforms. And to satisfy his boyhood dream of a Russian naval port, he began to build, on a freezing swamp, a glittering new capital to be named St. Petersburg. In this welcome reissue of Diane Stanley's acclaimed picturebook biography, her meticulously researched text and sumptuous illustrations capture the fabulous world of seventeenth -- and eighteenth-century tsarist Russia and the greatness of its larger-than-life leader -- a man of huge stature and tremendous spirit whose impatience and vision, insatiable curiosity and boundless energy transformed half a

continent.

The Great Book of Trains Brian Hollingsworth, Arthur Cook, 2001 Illustrations and descriptions of more than 300 locomotives from the early steam pioneers of the 1830s to modern electric and diesel locomotives and proposed locomotives for the 1990s and beyond.

The Great American Read: The Book of Books PBS, 2018-08-21 A blockbuster illustrated book that captures what Americans love to read, The Great American Read: The Book of Books is the gorgeously-produced companion book to PBS's ambitious summer 2018 series. What are America's best-loved novels? PBS will launch The Great American Read series with a 2-hour special in May 2018 revealing America's 100 best-loved novels, determined by a rigorous national survey. Subsequent episodes will air in September and October. Celebrities and everyday Americans will champion their favorite novel and in the finale in late October, America's #1 best-loved novel will be revealed. The Great American Read: The Book of Books will present all 100 novels with fascinating information about each book, author profiles, a snapshot of the novel's social relevance, film or television adaptations, other books and writings by the author, and little-known facts. Also included are themed articles about banned books, the most influential book illustrators, reading recommendations, the best first-lines in literature, and more. Beautifully designed with rare images of the original manuscripts, first-edition covers, rejection letters, and other ephemera, The Great American Read: The Book of Books is a must-have book for all booklovers.

The Great Book of American Idioms Lingo Lingo Mastery, 2019-10-13 Do you feel that it's like pulling teeth when you want to learn new sayings? Would you like to be able to discover new American idioms and phrases that will make communication a piece of cake? Sure, you can learn English with a language course or a textbook just fine, and climb up the ranks in terms of your grasp

of the language... but are you sure you can talk like a native? For starters, many expressions used by fluent speakers of English can't exactly be learned in a book, and it can be frustrating to realize that your formal learning hasn't been enough to teach you the way people talk in real life. Sometimes, it's all about having the right tools at your disposal... and this is where **The Great Book of American Idioms** comes in! Written to act as a powerful addition to your other English-learning resources, this book will allow you to: Discover over 1300 different idioms and sayings, covering hundreds of different subjects Learn the correct definition and usage of each expression, ensuring that you know exactly when you can say them out loud during a conversation Visualize examples of the sayings in common conversations, helping you understand their context Take advantage of important tips we provide you in the introduction and conclusion of the book, so that you can boost your learning and get a much better understanding of the English language. What are you waiting for? Over 1300 idioms and expressions are awaiting you! Don't miss out on learning why this dark horse will help you see the big picture!

The Great Book of Currier and Ives' America Walton Rawls, 1991-10-17 With hundreds of illustrations by Currier and Ives, America's preeminent printmakers, **The Great Book of Currier and Ives America** also includes a fascinating history of everyday life in the country's turbulent formative years. 439 illustrations, 328 in full color.

		Great Introduction
		In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF

files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF

files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Great free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a

collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Great free PDF files of magazines, brochures, and catalogs, Issuu

is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While

downloading Great free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Great. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this

article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Great any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Great Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device

compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks,

adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Great is one of the best book in our library for free trial. We provide copy of Great in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Great. Where to download Great online for free? Are you looking for Great PDF? This is definitely going to save you time and cash in something you

should think about.
