The Roasted Hen Oyedotun Oyejide,2021-06-12 There was peace at the beginning between man and the birds. They both lived in the same kingdom. The first election even took place to elect leaders. Man became the overall winner while Hen was chosen as the lieutenant. However, hen became strong, tough, and severe. She could not be controlled again due to absolute authority and acceptance by members of the kingdom. As a result, man became jealous and unhealthy rivalry became. The first of them is a whole kingdom. How was the evil hatched? What consequence emerged? What was the sweet discovery? The whole scenario gave birth to the beginning of another tempo. Eventually, there was nothing left to rule because members of the kingdom and all the king's subjects packed out and fled away. As a result, hunger thought the man a bitter lesson, of regrets which eventually resulted in the eating of roasted hen... the start of the eating of birds up till today. More inside for you to discover. Happy reading.

Using her wits and chicken superpowers, Gwen dodges danger at every turn until she finds safety and friendship with a boy named Mateo. Together they discover how extraordinary an ordinary chicken really is. The book includes a bonus section called More About Chickens, where curious readers can learn that chickens have extraordinary eyesight, a complex language of 24 sounds, and are descended from dinosaurs, among other fun facts. Gwen the Rescue Hen is the second book in our Farm Animal Rescue Books for children. The first is Sprig the Rescue Pig.

Hen's Teeth Manda Scott, 2013-12-05 Midnight in Glasgow is not the best time to be faced with a dead body. Particularly if the body in question is your ex-lover and the woman grieving at her bedside used to be your friend. Add a corpse packed with Temazepam, a genetic engineer with an unstable past and a killer on the loose with a knife and you have all the reason you need to walk away and never come back. Glasgow therapist Dr Kellen Stewart has put the past behind her: medical career, relationship, life on the farm in the country. Then the phone rings and Bridget is dead – the only lover who ever counted. The local doctor says it's a heart attack, the police think it's suicide. Kellen knows that it's neither but is she willing to rake up the past to prove it? Dragged into a world of rogue doctors, bent genetic engineers and killers who gut their victims as a warning, Kellen must face her own past as much as the very real terrors of the present to stop the killing – or she'll be next.
