Cloning of America John M. Carlo,2016-01-22 When Nazi Germany surrendered in 1945, the world was jubilant—and largely unaware of the technological capabilities that the Nazis had developed. Along with untold wealth and ambitions to create a master race, Nazi scientists had perfected human cloning, dispersing their facilities to remote islands that remained hidden after the end of the war. Many of the inner circle who escaped decided that victory in an open war was not achievable—but that it might be possible to conquer the United States in time and with patience. Over the years, the Nazis work to install their clones in the US government, hoping eventually to get one elected president. But forces are at work to prevent the Nazi clones from taking over the nation. When auto mechanic Jon Donner is shot by clones, he is accidentally injected with a special gel developed by the Nazis that gives him superhuman powers. With these new abilities, he and the Speaker of the House of Representatives conspire through numerous clandestine missions to try to keep the United States safe and free. In this science fiction thriller, as Nazi scientists work to install clones in the US government, one man inadvertently gains superhuman powers and works to stop their nefarious plans.

But the U.A. will not be so easy to suppress as they had hoped... A provocateur attacks the Pentagon. Gunships converge on the penitentiary where Unified Authority war criminals are held. And a clone assassin murders Admiral Don Cutter, commander in chief of the Enlisted Man's Empire... Six Wakes Mur Lafferty,2017-01-31 In this Hugo nominated science fiction thriller by Mur Lafferty, a crew of clones awakens aboard a space ship to find they're being hunted-and any one of them could be the killer. Maria Arena awakens in a cloning vat streaked with drying blood. She has no memory of how she died. This is new; before, when she had awakened as a new clone, her first memory was of how she died. Maria's vat is one of seven, each one holding the clone of a crew member of the starship Dormire, each clone waiting for its previous incarnation to die so it can awaken. And Maria isn't the only one to die recently. . . Unlock the bold new science fiction thriller that Corey Doctorow calls Mur's breakout book.

Billy and the Cloneasaurus Stephen Kozeniewski,2018-05-07 Six billion identical clones make up the entire population of Earth, and William 790-6 (57th Iteration) is exactly like everybody else. In his one year of life he will toil in suburban mediocrity and spend as much cash as possible in order to please his corporate masters. When 790's first birthday (and scheduled execution) finally rolls around, a freak accident spares his life. Living past his expiration date changes 790 profoundly. Unlike other clones he becomes capable of questioning the futility of his own existence. Seeking answers in the wilderness, he discovers a windmill with some very strange occupants, including a freakish, dinosaur-like monstrosity. Which is especially strange since every animal on earth is supposed to be extinct... Dark, haunting, and blisteringly satirical, Billy and the Cloneasaurus is the story of one man's attempt to finally become an individual in a world of copies.

The Clone Apocalypse Steven L. Kent,2014-11-25 Earth, A.D. 2519. The clone soldiers of the Enlisted Man's Empire, formerly members of the Unified Authority's powerful military, believe they have finally secured their freedom. They may not live to learn how wrong they are... After launching an unsuccessful invasion of Washington, D.C., the Unified Authority is on the verge of defeat. Then the clones intercept a message detailing the U.A.'s last ditch plan for survival: a super weapon, a virus designed to attack the clones' internal architecture. Only one clone was created without the fatal flaw—Wayson Harris, an outlaw model with independent thoughts and an addiction to violence. As his empire collapses and his comrades die around him, Harris begins a one-man war against the government that created, betrayed and ultimately destroyed his brothers. Fighting the war becomes more difficult, however, as the rush

from the constant combat has reached its peak—and is driving Harris slowly insane...
