Hold Still Sally Mann,2015-05-12 This National Book Award finalist is a revealing and beautifully written memoir and family history from acclaimed photographer Sally Mann. In this groundbreaking book, a unique interplay of narrative and image, Mann's preoccupation with family, race, mortality, and the storied landscape of the American South are revealed as almost genetically predetermined, written into her DNA by the family history that precedes her. Sorting through boxes of family papers and yellowed photographs she finds more than she bargained for: deceit and scandal, alcohol, domestic abuse, car crashes, bogeymen, clandestine affairs, dearly loved and disputed family land . . . racial complications, vast sums of money made and lost, the return of the prodigal son, and maybe even bloody murder. In lyrical prose and startlingly revealing photographs, she crafts a totally original form of personal history that has the page-turning drama of a great novel but is firmly rooted in the fertile soil of her own life.

72 Hour Hold Bebe Moore Campbell,2007-12-18 NEW YORK TIMES BESTSELLER • A tightly woven, well-written story about mothers and daughters, highs and lows, ex-husbands and boyfriends.... To Have and to Hold Molly Millwood, PhD,2019-03-26 A clinical psychologist's exploration of the modern dilemmas women face in the wake of new motherhood When Molly Millwood became a mother, she was fully prepared for what she would gain: an adorable baby boy; hard-won mothering skills; and a messy, chaotic, beautiful life. But what she did not expect was what she would lose: aspects of her identity, a baseline level of happiness, a general sense of wellbeing. And though she had the benefit of a supportive husband during this transition, she also at times resented the fact that the disruption to his life seemed to pale in comparison to hers. As a clinical psychologist, Molly knew her experience was a normal response to a life-changing event. But without the advantage of such a perspective, many of the patients she treated in her private practice grappled with self-doubt, guilt, and fear, and suffered the dual pain of not only the struggle to adjust but also the overwhelming shame for struggling at all. In *To Have and to Hold*, Molly explores the complex terrain of new motherhood, illuminating the ways it affects women psychologically, emotionally, physically, and professionally—as well as how it impacts their partnership. Along with the arrival of a bundle of joy come thorny issues such as self-worth, control, autonomy, and dependency. And for most new mothers, these issues are experienced within the context of an intimate relationship, adding another layer of tension, conflict, and confusion to an already challenging time. As Molly examines the inextricable link between women's well-being as new mothers and the well-being of their relationships, she offers guidance to help readers reclaim their identities, overcome their guilt and shame, and repair their relationships. A blend of personal narrative, scientific research, and stories from Molly's clinical practice, *To Have and to Hold* provides a much-needed lifeline to new mothers everywhere.

The Truths We Hold Kamala Harris,2020-08-04 The #1 New York Times bestseller From Vice President Kamala Harris, one of America's most inspiring political leaders, a book about the core truths that unite us, and the long struggle to discern what those truths are and how best to act upon them, in her own life and across the life of our country A life story that genuinely entrances. —Los Angeles Times Vice President Kamala Harris's commitment to speaking truth is informed by her upbringing. The daughter of immigrants, she was raised in an Oakland, California community that cared deeply about social justice; her parents--an esteemed economist from Jamaica and an admired cancer researcher from India--met as activists in the civil rights movement when they were graduate students at Berkeley. Growing up, Harris herself never hid her passion for justice, and when she became a prosecutor out of law school, a deputy district attorney, she quickly established herself as one of the most innovative change agents in American law enforcement. She progressed rapidly to become the elected District Attorney for San Francisco, and then the chief law enforcement officer of the state of California as a whole. Known for bringing a voice to the voiceless, she took on the big banks during the foreclosure crisis, winning a historic settlement for California's working families. Her hallmarks were applying a holistic, data-driven approach to many of California's thorniest issues, always eschewing stale tough on crime rhetoric as presenting a series of false choices. Neither tough nor soft but smart on crime became her mantra. Being smart means learning the truths that can make us better as a community, and supporting those truths with all our might. That has been the pole star that guided Harris to a transformational career as the top law enforcement official in California, and it is guiding her now as a transformational United States Senator, grappling with an array of complex issues that affect her state, our country, and the world, from health care and the new economy to immigration, national security, the opioid crisis, and accelerating inequality. By reckoning with the big challenges we face together, drawing on the hard-won wisdom and insight from her own career and the work of those who have most inspired her, Kamala Harris offers in *THE TRUTHS WE HOLD* a master class in problem

solving, in crisis management, and leadership in challenging times. Through the arc of her own life, on into the great work of our day, she communicates a vision of shared struggle, shared purpose, and shared values. In a book rich in many home truths, not least is that a relatively small number of people work very hard to convince a great many of us that we have less in common than we actually do, but it falls to us to look past them and get on with the good work of living our common truth. When we do, our shared effort will continue to sustain us and this great nation, now and in the years to come.

Hold On, But Don't Hold Still Kristina Kuzmic, 2021-02-09 Delivering inspiration and parenting comedy at its finest,* here is one woman's story of ditching her fairytale dreams and falling in love with her unpredictable, chaotic, imperfect life Kristina Kuzmic has made herself a household name, speaking directly to mothers from the trenches of parenthood via her viral videos and social media presence. She is now bringing her message of self-acceptance, resilience, and joy to book readers. With a refreshingly unpretentious, funny, and galvanizing voice, Kuzmic goes behind the scenes to reveal how she went from broke and defeated to unshakably grounded and brimming with thankfulness. Illuminating the hard-won wisdom from a life always spent one step behind--whether it was as a high school student new to America, a suddenly single mother to two kids, remarried and juggling two teens and a toddler, or the unexpected recipient of Oprah's attention and investment--Hold On, But Don't Hold Still is the book every mother needs to reassure her that she's not only fine just as she is, but that she already has more tools and support than she can possibly imagine. Sparkling with wit, this heartfelt memoir is like a long coffee date with a best friend, or the eleventh-hour text message that gives you just the boost you need to get through the night. *The Huffington Post A VIKING LIFE TITLE

Hold Bob Hicok, 2019-06-18 Bob Hicok is a spectrum... I'd love to see an MRI of his brain while he's writing, as the neurons show us what's possible, how a human can be a thought leader, taking us into the future... Hicok interrogates the world with mercy and wit and style and intelligence and modest swag. He's one of America's favorites—and to make the reader want to share the poet's reality fulfills poetry's finest aspiration. —Washington Independent Review of Books In his ninth collection, Hicok navigates a world bereft of empathy and kindness, leading by example with a charm and emotional intelligence that speaks to a deep insight into the human condition... Mixing cleverness with tenderness, Hicok demonstrates how to be a beacon of light in the darkest of settings. —Publishers Weekly Bob Hicok's tenth collection of poetry, *Hold*, moves nimbly between childlike revelry and serious introspection. While confronting the rampant hypocrisies of the American collective unconscious, Hicok is guided by his deep and tender sense of whimsy and humility. Pointing to the natural world as a mirror through which to rediscover human beauty, he pauses to unapologetically celebrate the wonder of living at all. From About the size of it: . . . my breath shuttling in and out, as if it can't decide between stay and go, the little bird long gone by the time I realize the sun has set and it will soon feel like my father was never here, which is no big deal compared to the erasures the world endures and offers every day, except this one is mine Bob Hicok teaches at Virginia Tech University and is the author of ten collections, including *Animal Soul*, *This Clumsy Living*, *Elegy Owed*, and *Sex & Love &*. He is the recipient of two fellowships from the National Endowment for the Arts and the Guggenheim Foundation, respectively.

Chokehold Paul Butler, 2018-09-18 Finalist for the 2018 National Council on Crime & Delinquency's Media for a Just Society Awards Nominated for the 49th NAACP Image Award for Outstanding Literary Work (Nonfiction) A 2017 Washington Post Notable Book A Kirkus Best Book of 2017 "Butler has hit his stride. This is a meditation, a sonnet, a legal brief, a poetry slam and a dissertation that represents the full bloom of his early thesis: The justice system does not work for blacks, particularly black men." —The Washington Post "The most readable and provocative account of the consequences of the war on drugs since Michelle Alexander's *The New Jim Crow* . . ." —The New York Times Book Review "Powerful . . . deeply informed from a legal standpoint and yet in some ways still highly personal" —The Times Literary Supplement (London) With the eloquence of Ta-Nehisi Coates and the persuasive research of Michelle Alexander, a former federal prosecutor explains how the system really works, and how to disrupt it Cops, politicians, and ordinary people are afraid of black men. The result is the *Chokehold*: laws and practices that treat every African American man like a thug. In this explosive new book, an African American former federal prosecutor shows that the system is working exactly the way it's supposed to. Black men are always under watch, and police violence is widespread—all with the support of judges and politicians. In his no-holds-barred style, Butler, whose scholarship has been featured on 60 Minutes, uses new data to demonstrate that white men commit the majority of violent crime in the United States. For example, a white woman is ten times more likely to be raped by a white male acquaintance than be the victim of a violent crime perpetrated by a black man. Butler also frankly discusses the problem of black on black violence and how to keep communities safer—without relying as much on police. *Chokehold* powerfully demonstrates why current efforts to reform law enforcement will not create lasting change. Butler's controversial recommendations about how to crash the system, and when it's better for a black man to plead guilty—even if he's innocent—are sure to be game-changers in the national debate about policing, criminal justice, and race relations.

Keeping Hold of Justice Jennifer Balint, Julie Evans, Nesam McMillan, Mark McMillan, 2020-02-17 *Keeping Hold of Justice* focuses on a select range of encounters between law and colonialism from the early nineteenth century to the present. It emphasizes the nature of colonialism as a distinctively structural injustice, one which becomes entrenched in the social, political, legal, and discursive structures of societies and thereby continues to affect people's lives in the present. It charts, in particular, the role of law in both enabling and sustaining colonial injustice and in recognizing and redressing it. In so doing, the book seeks to demonstrate the possibilities for structural justice that still exist despite the enduring legacies and harms of colonialism. It puts forward that these possibilities can be found through collaborative methodologies and practices, such as those informing this book, that actively bring together different disciplines, peoples, temporalities, laws and ways of knowing. They reveal law not only as a source of colonial harm but also as a potential means of keeping hold of justice.

Thresh and Hold Marlanda Dekine, 2022 Marlanda Dekine's debut collection is a holy, radical unlearning and reclamation of self. What does it mean to be a Gullah-Geechee descendant from a rural place where a third of the nation's founding wealth was harvested by trafficked West and Central Africans? Dekine's poems travel across age and time, signaling that both the past and future exist in the present. Through erasure and persona, Dekine reimagines intergenerational traumas and calls institutions from the Works Progress Administration narratives to modern-day museums to task. Beyond gospel music, fear, and the stories of generations past, *Thresh & Hold* offers magic, healing, and innovative pathways to manifest intimacy. Dekine remembers, remakes, and brings forth their many selves, traveling far in order to deeply connect to a spiritual home within and all around them, calling: I am listening to Spirit. I am not dying today. Marlanda Dekine is the winner of the 2021 New Southern Voices Poetry Prize.
