The Darling Dahlias and the Red Hot Poker Susan Wittig Albert,2022-06-07 It's Labor Day weekend, 1935, and members of the Darling Dahlias—the garden club in little Darling, Alabama—are trying to keep their cool at the end of a sizzling summer. This isn't easy, though, since there's a firebug on the loose in Darling. He—or she!—strikes without apparent rhyme or reason, and things have gotten to the point where nobody feels safe. What's more, a dangerous hurricane is poised to hurl itself in Darling's direction, while a hurricane of a different sort is making a whirlwind campaign stop: the much-loved-much-hated senator from Louisiana, Huey P. Long, whom President Roosevelt calls the “most dangerous man in America.” Add Ophelia Snow's secret heartthrob, Liz Lacy's Yankee lover, and the Magnolia Ladies' garden of red hot pokers, fire-red salvia, and hot pink cosmos, and you have a volatile mix that might just burst into flames at any moment. Author Susan Wittig Albert has brought us another delightful assortment of richly human characters who face the challenges of the Great Depression with courage and grace. Her books remind us that friends offer the best of themselves to each other, community is what holds us together, and even when life seems too hot to handle, there's always hope.

Wittgenstein's Poker David Edmonds,John Eidinow,2002-09-17 On October 25, 1946, in a crowded room in Cambridge, England, the great twentieth-century philosophers Ludwig Wittgenstein and Karl Popper came face to face for the first and only time. The meeting -- which lasted ten minutes -- did not go well. Their loud and aggressive confrontation became the stuff of instant legend, but precisely what happened during that brief confrontation remained for decades the subject of intense disagreement. An engaging mix of philosophy, history, biography, and literary detection, Wittgenstein's Poker explores, through the Popper/Wittgenstein confrontation, the history of philosophy in the twentieth century. It evokes the tumult of fin-de-siècle Vienna, Wittgenstein's and Popper's birthplace; the tragedy of the Nazi takeover of Austria; and postwar Cambridge University, with its eccentric set of philosophy dons, including Bertrand Russell. At the center of the story stand the two giants of philosophy themselves -- proud, irascible, larger than life -- and spoiling for a fight.

Hunt for Red Hot Poker Jack Q McNeil,2020-09-28 Build a Death Moon and the Last Duke comes for you.He has a massive starship, a fast gun and looks great in black leather.Of course, no sober startrooper believes that old galactic legend. But... Admiral Sniggler has built a death moon and there's a massive ship on sensors... Whose side should the startroopers be on? The good, who has a tragic past and an honour code, the bad who is just terrible to everyone, or one of their own who is forced to lead? You'll like Startrooper Normal Trooper. He's that character who turned up for one scene in one episode and stayed on. If you enjoy starship battles, gunfights, buy this book now. Praise for Hunt for Red Hot Poker: Author: It's a Sci-Fi/Star Wars comedy with Spaghetti Western tropes. Random Fella I Met: You're completely out there. Author: Thanks.

The Biggest Bluff Maria Konnikova,2021-06-08 A New York Times bestseller • A New York Times Notable Book “The tale of how Konnikova followed a story about poker players and wound up becoming a story herself will have you riveted, first as you learn about her big winnings, and then as she conveys the lessons she learned both about human nature and herself.” —The Washington Post It's true that Maria Konnikova had never

actually played poker before and didn't even know the rules when she approached Erik Seidel, Poker Hall of Fame inductee and winner of tens of millions of dollars in earnings, and convinced him to be her mentor. But she knew her man: a famously thoughtful and broad-minded player, he was intrigued by her pitch that she wasn't interested in making money so much as learning about life. She had faced a stretch of personal bad luck, and her reflections on the role of chance had led her to a giant of game theory, who pointed her to poker as the ultimate master class in learning to distinguish between what can be controlled and what can't. And she certainly brought something to the table, including a Ph.D. in psychology and an acclaimed and growing body of work on human behavior and how to hack it. So Seidel was in, and soon she was down the rabbit hole with him, into the wild, fiercely competitive, overwhelmingly masculine world of high-stakes Texas Hold'em, their initial end point the following year's World Series of Poker. But then something extraordinary happened. Under Seidel's guidance, Konnikova did have many epiphanies about life that derived from her new pursuit, including how to better read, not just her opponents but far more importantly herself; how to identify what tilted her into an emotional state that got in the way of good decisions; and how to get to a place where she could accept luck for what it was, and what it wasn't. But she also began to win. And win. In a little over a year, she began making earnest money from tournaments, ultimately totaling hundreds of thousands of dollars. She won a major title, got a sponsor, and got used to being on television, and to headlines like How one writer's book deal turned her into a professional poker player. She even learned to like Las Vegas. But in the end, Maria Konnikova is a writer and student of human behavior, and ultimately the point was to render her incredible journey into a container for its invaluable lessons. The biggest bluff of all, she learned, is that skill is enough. Bad cards will come our way, but keeping our focus on how we play them and not on the outcome will keep us moving through many a dark patch, until the luck once again breaks our way.

Alligator Blood James Leighton,2013-11-07 Daniel Tzvetkoff was just another Brisbane teenager working for peanuts at Pizza Hut and spending much of his spare time glued to his computer. When he worked out a new method of payment processing, the online poker companies came running to him for help so they could grow their businesses. Soon he was living the American dream, raking in \$3 million a week and revelling in a jet-set lifestyle of fast cars, luxury yachts and VIP nightclubs. His epic rollercoaster ride mirrored the extraordinary world of online poker, where hot-shot

college students won millions from the confines of their dorms, and fortunes were won and lost. However, Tzvetkoff's move to the bright lights of Las Vegas would soon see him facing the abyss. Owing millions to the poker companies, and with the FBI hot on his trail, the boy wonder needed to pull an ace from his sleeve to keep from busting out. And when he did, it resulted in a day that sent shockwaves through the world of online poker - and saw him take the blame.
