Ronald Weitzer

Sex For Sale Ronald Weitzer,2022-11-22 Since the publication of the second edition in 2010, the field of sex work studies has expanded. This fully updated edition of Sex for Sale: Prostitution, Pornography, and Erotic Dancing presents an innovative, in-depth, and nuanced analysis of sex work, its risks, and benefits, and pays attention to newer and everchanging types of sex work and its actors, as well as public policies and laws that govern its trade. Now in its third edition, this volume includes updated research on traditional forms of sexual labor and incorporates original, empirically grounded research on newer or less researched phenomena. New chapters explore the use of technology among street sellers, blurring the line between street and online solicitation, in addition to chapters on historical prostitution, transgender workers, illicit massage parlors, male strippers, commercial webcamming, alternative policies and legal systems, and the sex workers' rights movement. The combination of cutting-edge and comprehensive analyses and carefully constructed methodologies in Sex for Sale makes it an excellent source of information for scholars and university students in gender studies, sociology, and criminology.

*Sexuality and Its Disorders* Mike Abrams,2016-11-01 Sexuality and Its Disorders explores sexuality from an evolutionary perspective using powerful, real-life case studies to help readers provide effective guidance around issues relating to sexuality. Drawing on his 30 years of clinical experience and research, author Mike Abrams provides a comprehensive, evidence-based, and clinically-oriented text with cutting-edge coverage throughout. Discussions include the physical and psychological development of sexual identity; the social aspects of sexual behavior; the many expressions of sexuality; cognitive behavior treatment of sexual problems; and more. The many perspectives of sexuality are examined with interviews and commentaries from major figures in the field—including David M. Buss, Helen Fisher, C. Sue Carter of Kinsey, Todd K. Shackelford, Ken Zucker, and Gordon Gallup—who discuss such topics as the origins of sexuality, the nature of love, the role of attachment, and the treatment of sexual problems.

**Unparenting** Reema Ahmad,2022-09-26 Through her own awkward journey as a confused single parent with mental health issues, Reema Ahmad explores what it means to unravel newer ways of bringing up children- ways that nurture their sense of innocence and curiosity whilst giving them the freedom to choose their own truths. Reema invites you to hop along as she and Imaad, her son, learn to laugh and understand less explored and serious questions regarding abuse, adult relationships, divorce and death that adults often forget to wonder at, and seldom question. More than anything else, Unparenting is a vibrant, whacky testimony to a parent-child relationship where the child leads and the parent follows. Written in the form of deeply personal, engaging and often humorous essays that span the life of the mother and child from when he was seven-year-old till he turns fourteen, the book is a powerful reminder of what it feels like to be lost and misunderstood as a child and how important it is to challenge parents' knowledge about everything.

I Used to be Nice Sue O'Sullivan,1996 Sue O'Sullivan's collection of writing charts a quarter century of feminist engagement: from her ambivalence towards motherhood and marriage in the 1960s and 70s to butch/femme and queer in the 1980s and 90s; from birth control and PMT to HIV/AIDS and eroticism. Teasing out the contradictory layers which make up lesbian chic, political correctness and transsexuality, O'Sullivan moves on to take sides in the continuing debates around pornography and censorship.
