The Gentle Art of Swedish Death Cleaning Margareta Magnusson,2018-01-02 *The basis for the wonderfully funny and moving TV series developed by Amy Poehler and Scout Productions* A charming, practical, and unsentimental approach to putting a home in order while reflecting on the tiny joys that make up a long life. In Sweden there is a kind of decluttering called *döstädning*, *dö* meaning "death" and *städning* meaning "cleaning." This surprising and invigorating process of clearing out unnecessary belongings can be undertaken at any age or life stage but should be done sooner than later, before others have to do it for you. In *The Gentle Art of Swedish Death Cleaning*, artist Margareta Magnusson, with Scandinavian humor and wisdom, instructs readers to embrace minimalism. Her radical and joyous method for putting things in order helps families broach sensitive conversations, and makes the process uplifting rather than overwhelming. Margareta suggests which possessions you can easily get rid of (unworn clothes, unwanted presents, more plates than you'd ever use) and which you might want to keep (photographs, love letters, a few of your children's art projects). Digging into her late husband's tool shed, and her own secret drawer of vices, Margareta introduces an element of fun to a potentially daunting task. Along the way readers get a glimpse into her life in Sweden, and also become more comfortable with the idea of letting go.

Organizing for Your Lifestyle: Adaptable Inspirations from Socks to Suitcases Jane Stoller, 2016-08-04 Organizing is a lifestyle, but it isn't one-size-fits-all. Incorporating organizing into your life shouldn't, ultimately, involve changing who you are, but rather maximizing it. Knowing where your favourite socks are, and having them stored correctly, means you'll be able to wear your favourite socks more often, and look better doing it. Similarly, packing properly for a once-in-a-lifetime trip means you'll be able to enjoy that trip even more. Remember: being organized doesn't mean thinking about organizing all the time. Ideally, being organized means that you don't have to think about organizing all the time—because you do it automatically, as an organic part of your everyday routine. And you can only reach this level of organizing bliss by making sure your organizing systems and routines are perfectly adapted to your goals, personality, and needs. Again: organizing is a lifestyle, but it needs to be your lifestyle. This is the mantra of the book, even though reference's to certain things that everyone should always do, such as labelling, folding, and ironing (to name a few) are included. Emphasis is placed on the basics and then adapting them your own lifestyle and goals.
