**The Image of God in an Image Driven Age** Beth Felker Jones,Jeffrey W. Barbeau,2016-03-18 Whether on the printed page, the television screen or the digital app, we live in a world saturated with images. Some images help shape our understanding of ourselves and the world around us in positive ways, while others lead us astray and distort our relationships. Christians confess that human beings have been created in the image of God, yet we chose to rebel against that God and so became unfaithful bearers of God's image. The good news of the gospel is that Jesus, who is the image of God, restores the divine image in us, partially now and fully in the day to come. The essays collected in The Image of God in an Image Driven Age explore the intersection of theology and culture. With topics ranging across biblical exegesis, the art gallery, Cormac McCarthy, racism, sexuality and theosis, the contributors to this volume offer a unified vision—ecumenical in nature and catholic in spirit—of what it means to be truly human and created in the divine image in the world today. This collection from the 2015 Wheaton Theology Conference includes contributions by Daniela C. Augustine, Craig L. Blomberg, William A. Dyrness, Timothy R. Gaines and Shawna Songer Gaines, Phillip Jenkins, Beth Felker Jones, Christina Bieber Lake, Catherine McDowell, Ian A. McFarland, Matthew J. Milliner, Soong-Chan Rah and Janet Soskice, as well as original poems by Jill Peláez Baumgaertner and Brett Foster.

**Collecting Prints, Posters, and Ephemera** Ruth E. Iskin,Britany Salisbury,2019-12-12 Why did collectors seek out posters and collect ephemera during the late-nineteenth and the twentieth centuries? How have such materials been integrated into institutional collections today? What inspired collectors to build significant holdings of works from cultures other than their own? And what are the issues facing curators and collectors of digital ephemera today? These are among the questions tackled in this volume-the first to examine the practices of collecting prints, posters, and ephemera during the modern and contemporary periods. A wide range of case studies feature collections of printed materials from the United States, Latin America, France, Germany, Great Britain, China, Japan, Russia, Iran, and Cuba. Fourteen essays and one roundtable discussion, all specially commissioned from art historians, curators, and collectors for this volume, explore key issues such as the roles of class, politics, and gender, and address historical contexts, social roles, value, and national and transnational aspects of collecting practices. The global scope highlights cross-cultural connections and contributes to a new understanding of the place of prints, posters and ephemera within an increasingly international art world.

The Human Icon Christine Mangala Frost,2017-05-25 Despite the history that divides them, Hinduism and Orthodox Christianity have much in common. In The Human Icon, Christine Mangala Frost explores how both religions seek to realise the divine potential of every human being, and the

differences in their approach. Frost, who has experienced both the extraordinary riches and the all-too-human failings of Hinduism and Orthodox Christianity from the inside, is perfectly placed to examine the convergences and divergences between the two faiths. Inspired by a desire to clear up the misunderstandings that exist between the two, *The Human Icon* is a study in how two faiths, superficially dissimilar, can nevertheless find meeting points everywhere. The powerful intellectual and spiritual patristic traditions of Orthodox Christianity offer a rare tool for revitalising too-often stalled dialogue with Hinduism and present the chance for a broader and more diverse understanding of the oldest religion in the world. Tracing the long history of Orthodox Christianity in India, from the Thomas Christians of ancient times to the distinctive theology of Paulos Mar Gregorios and the Kottayam School, Frost explores the impact of Hindu thought on Indian Christianity and considers the potential for confluence. With a breadth of interest that spans Hindu bhakti, Orthodox devotional theology, Vedanta and theosis, as well as meditational Yoga and hesychastic prayer, Frost offers a fresh perspective on how the devotees of both faiths approach the ideal of divinisation, and presents a thoughtful, modern methodology for a dialogue of life.
