How Green Was Our Wave Kevin Cavey,2017-10-17 1970, Irish team competes in Jersey Channel Islands. Left to right: Harry Evans, Dave Kenny, Hugh O'Brien Moran, David Govan, Roger Steadman, Eamon Matthews, Bo Vance, Kevin Cavey, Alan Duke. This nostalgic story takes one back to the beginning of surfing in Ireland, which was hammered into reality by one ambitious youth attempting to live the dream. He was entranced by the Hawaiian Islands and sunny California and thus yearned to make Ireland in that image. This meant expanding the sport and putting Ireland on the world map of surfing nations, and that's just what happened. Much of this was inspired by his reading an article in the 1962 edition of Reader's Digest. The story depicted surfers in Oahu on head-high waves, just like the waves in Ireland, he thought! As he went, he gathered supporters and soon formed Ireland's first surf club. In March 1966, they mounted an exhibit stand in at the Irish Boat Show. At this show valuable contacts were made that were to become lifelong. His club went on a series of surfaris around the coast and introduced the sport in such places as Strandhill, Rosstown, and Tramore. He then competed in the 1966 World Surfing Championships in San Diego and, with his colleagues, staged the first Irish Surfing Championships in Tramore, County Waterford, in September of 1967. The story tells of the people who responded to the clarion call and just how proficient these surfers were to become. It also relates comical yarns, told by the people they met on their way, and also the encounters that early surfers experienced as they attempted to make fiberglass boards—and then try them in the heaving ocean. The book concludes with a look at the 2006 Silver Surfari celebrating the fifty years of the sport. Old timers returned for the event held in Lahinch, County Clare, and Rosstown, County Donegal. All this was done because it was felt that before the passage of time dimmed memories of old, it was good to rally those icons to whom so much is owed.

**Surfing in the Movies** John Engle,2015-10-05 Surfing has fascinated filmmakers since Thomas Edison shot footage of Waikiki beachboys in 1906. Before the 1950s surf craze, surfing showed up in travelogues or as exotic background for studio features. The arrival of Gidget (1959) on the big screen swept the sport into popular culture, but surfer-filmmakers were already featuring the day's best surfers in self-narrated two-reelers. Hollywood and independent filmmakers have produced about three dozen surf films in the last half-century, including the frothy Beach Party movies, Point Break (1991) and Chasing Mavericks (2012). From Bud Browne's earliest efforts to The Endless Summer (1966), Riding Giants (2004) and today's brilliant videos, over 1,000 surfing movies have celebrated the stoke. This first full-length study of surf movies gives critical attention to hundreds of the most important films.

Hollywood Surf and Beach Movies Thomas Lisanti,2015-05-07 Surfers loathed them, teenagers flocked to them, critics dismissed them, producers banked on them—surf and beach movies. For a short time in the 1960s they were extremely popular with younger audiences—mainly because of the shirtless surfer boys and bikini-clad beach girls, the musical performers, and the wild surfing footage. This lavishly illustrated filmography details 32 sizzling fun-in-the-sun teenage epics from Gidget to the Beach Party movies with Frankie and Annette to The Sweet Ride plus a few offshoots in the snow!) Entries include credits, plot synopses, memorable lines, reviews and awards, and commentary from such as Aron Kincaid of The Girls on the Beach, Susan Hart of The Ghost in the Invisible Bikini, Peter Brown of Ride the Wild Surf, Chris Noel of Beach Ball, and Ed Garner of Beach Blanket Bingo. Biographies of actors and leading actresses who made their marks in the genre are included.

Next Wave Cultures Anita Harris,2012-09-10 Whereas once young women's feminist activism could be easily identified, today this resistance seems obscure, transitory, and disorganized. In Next Wave Cultures, established and emerging scholars provide an interdisciplinary examination of young women's multilayered lives. This collection demonstrates that young women have new ways of taking on politics and culture that may not be recognizable under more traditional paradigms, but deserve to be identified as socially engaged and potentially transformative nonetheless. Exploring the ways in which girls' various cultural pursuits are tied to identity formation and relate to issues of class, sexuality, ethnicity, religion, ability, and, gender, Next Wave Cultures highlights both the limitations and opportunities afforded by globalization of youth consumer culture. This valuable collection is a necessary read across disciplines—especially to those in the fields of education, gender and cultural studies, sociology, and psychology.

At nearly 500 pages, with 250,000 words and more than 250 rare photographs, The History of Surfing reveals and defines this sport with a voice that is authoritative, funny, and wholly original. **The Surfer and the Sage** Noah benShea,Shaun Tomson,2022-06-07 Sometimes life's waves knock you down; other times, life might seem to sweep you along powerless. But the choice is always yours to swim back up to the light. Legendary world champion surfer Shaun Tomson and international bestselling poet-philosopher Noah benShea join forces to offer you insight on a path of purpose, hope, and faith. This timely guidebook alternates between Tomson's inspiring experiential essays and benShea's spiritual commentary that lift the soul, all accented with stunning full-color surfing photographs. **The Pitch** Belinda Williams,2015-05-28 To Do List: 1. Win the biggest business pitch in my company's history 2. Pretend I'm not crushing on my gorgeous mentor big time 3. Whatever happens, do NOT kiss him My girlfriends think I'm married to my business. They'll do whatever it takes, from speed dating to blind dates, to prove to me that there's more to life than my career. But who cares if I haven't been on a date in four years? All my hard work is about to pay off when my marketing agency lands the biggest account in its history—we've just got to win it first. My father has arranged for the mysterious Paul Neilsen to mentor me through the pitching process. He's a media mogul who likes to keep a low profile, but he's nothing like I expected. He's attractive, in an I'm-finding-it-hard-to-concentrate-on-my-work sort of way. He also understands me, and I'm confiding in him more than is strictly professional. But getting involved with Paul could ruin the biggest opportunity in my company's history, although try telling that to my heart. It obviously didn't read the company memo. As for what happens next . . . Well, that definitely wasn't in my business plan . . .

**Australian Beach Cultures** Douglas Booth,2001 This work analyzes the history of the beach as an integral aspect of Australian culture.

*Deep in the Wave* Bear Woznick,2012-07-10 For world-class surfer Bear Woznick, the ocean has always been the center of his universe. He's spent his entire life with it; riding its waves, learning from it, loving it. The ocean also nourishes the soul as Bear shows us on his surfboard. In DEEP IN THE WAVE, readers ride along with Woznick through the calmest of tides and most turbulent waves. Woznick's portrayal of the beauty and power of the ocean is truly inspiring and showcases the profound meaning surfing has had on his life. From the way a surfboard is painstakingly crafted, to the faith and patience that is required to ride a monster wave, Woznick

weaves his relationship to surfing with his relationship to God, relating how the two are often one in the same. Instead of standing on the shore with our toes in the surf, Woznick takes us on the board--to the deep water--to watch and wait--and, if need be, to paddle hard to survive.

**Surfing Brilliant Corners** Sam Bleakley,2010 Professional longboarder Sam Bleakley details a decade of extreme global surf travel.

**The Critical Surf Studies Reader** Dexter Zavalza Hough-Snee,Alexander Sotelo Eastman,2017-08-17 The evolution of surfing—from the first forms of wave-riding in Oceania, Africa, and the Americas to the inauguration of surfing as a competitive sport at the 2020 Tokyo Olympics—traverses the age of empire, the rise of globalization, and the onset of the digital age, taking on new meanings at each juncture. As corporations have sought to promote surfing as a lifestyle and leisure enterprise, the sport has also narrated its own epic myths that place North America at the center of surf culture and relegate Hawai’i and other indigenous surfing cultures to the margins. The Critical Surf Studies Reader brings together eighteen interdisciplinary essays that explore surfing's history and development as a practice embedded in complex and sometimes oppositional social, political, economic, and cultural relations. Refocusing the history and culture of surfing, this volume pays particular attention to reclaiming the roles that women, indigenous peoples, and people of color have played in surfing. Contributors. Douglas Booth, Peter Brosius, Robin Canniford, Krista Comer, Kevin Dawson, Clifton Evers, Chris Gibson, Dina Gilio-Whitaker, Dexter Zavalza Hough-Snee, Scott Laderman, Kristin Lawler, lisahunter, Colleen McGloin, Patrick Moser, Tara Ruttenberg, Cori Schumacher, Alexander Sotelo Eastman, Glen Thompson, Isaiah Helekunihi Walker, Andrew Warren, Belinda Wheaton

**Risky Business** R. Serge Denisoff,William D. Romanowski,2011-12-31 The role of motion pictures in the popularity of rock music became increasingly significant in the latter twentieth century. Rock music and its interaction with film is the subject of this significant book that re-examines and extends Serge Denisoff’s pioneering observations of this relationship. Prior to Saturday Night Fever rock music had a limited role in the motion picture business. That movie’s success, and the success of its soundtrack, began to change the silver screen. In 1983, with Flashdance, the situation drastically evolved and by 1984, ten soundtracks, many in the pop/rock genre, were certified platinum. Choosing which rock scores to discuss in this book was a challenging task. The authors made selections from seminal films such as The Graduate, Easy Rider, American Grafitti, Saturday Night Fever, Help!, and Dirty Dancing. However, many productions of the period are significant not because of their success, but because of their box office and record store failures. Risky Business chronicles the interaction of two major mediums of mass culture in the latter twentieth century. This book is essential for those interested in communications, popular culture, and social change.

**Surfing** Don Nardo,2014-05-16 Author Don Nardo examines the many aspects of science underlying the popular sport of surfing. This book discusses the physics of waves, the science behind board shape and how riders stay on the board, covering the principles of gravity, buoyancy, and water surface tension. It also covers the scientific principles behind movements such as popping-up on the board; catching a wave; riding a wave; turning; the hang-ten; the duck dive; the turtle roll; and others. Other connections to science are made through discussion of wiping out, rip currents, collisions and typical injuries, hypothermia, and shark attacks. This volume discusses psychological aspects, especially anxiety.

**Surfing Spaces** Jon Anderson,2022-08-04 The act of surfing involves highly-skilled humans gliding, sliding, or otherwise riding waves of energy as they pass through water. As this book argues, however, this act of surfing does not exist in isolation. It is defined by the cultures and geographies that synergize with it – by the places, ideas, images, and other representations which at once reflect, create, and commodify this spatial practice. This book innovatively explores the spaces of surf and surf-riding, informed specifically by the perspective of human geography. Based on a range of critical turns within the social sciences, the book explores the locations, relational sensibilities, and transformative nature of surfing spaces, and examines how the spatial practice has been scripted by dominant surfing cultures. The book details how prescriptive (b)orders of access, entitlement, and marginalization have been created, and how, with the advent of new craft, media, and ideals, they are being actively challenged to redefine surfing spaces in the twenty-first century.

**Rock and Roll Always Forgets** Chuck Eddy,2011-08-10 The best, most provocative reviews, interviews, columns, and essays written by the entertaining, idiosyncratic, and influential music writer Chuck Eddy over the past twenty-five years.

**Surfing, Street Skateboarding, Performance, and Space** Hunter Hawkins Fine,2018-10-15 This book examines the cultural, political, and social implications of surfing and street skateboarding by drawing on critical cultural studies, political philosophy, postcolonial studies, urban sociology, and poststructuralist theory to analyze and render everyday performances as critical theoretical gestures.

**The Lost Coast** Drew Kampion,2004 As energy passing through matter organizes matter, so years of intimacy with the ocean and its waves organizes and alters the perceptions of the surfer. The lulls, sets, and rogue waves; the briny stew in which they tumble and struggle; the continual oscillations of reflective surfaces under shifting skies; the lurking presence of The Landlord -- all of this alters the senses while it educates the surfer, revealing the laws of the universe on a scale that can be engaged and understood. This collection of stories will pull you into the world of the surfer -- capturing your emotion and engaging your mind. As varied as the patterns of waves, these stories reveal the joy, fear, longing, and ever-present questions of human emotion and existence. Book jacket.
