The Ballad of Songbirds and Snakes (A Hunger Games Novel)
Suzanne Collins,2020-05-19 Ambition will fuel him. Competition will drive him. But power has its price. It is the morning of the reaping that will kick off the tenth annual Hunger Games. In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes.

IPAD PRO 2020 Jaden Stephen,2020-06-15 Apple's new iPad Pro (beginning at $799) is certainly not a significant improvement

over the 2018 model, however, there's been a major change in the iPad experience from that point forward: mouse and trackpad support. That vaults the tablet into working much more like a PC than it recently did. Obviously, the iPad line does a lot of things that a Mac or PC doesn't: Apple's Pencil pointer and its way to deal with increased reality applications are a far cry past the opposition, in any event on the off chance that you aren't into getting a massive extra drawing tablet for your PC. Also, the 2020 iPad Pro is beautiful, brilliantly manufactured, and amazing. In any case, I can't shake the possibility that in the event that you can stand to spend this much on an Apple gadget, you're in an ideal situation with an Apple.
