**Now and Again** Jennifer Ellison,2015-10-17 Unemployed. Broke. Maid of Honor.All (unfortunately) words that describe Em Hayes.Without any job leads in San Francisco, Em caves to her mother's promise of free rent and returns home. Her best friend, Nikki, couldn't be more thrilled. Em's degree in Event Management is gathering dust, and what better way to put it to use than planning Nikki's wedding?There's just one flaw in that plan: Cole Connors. The girls' former roommate. And part of the reason Em hasn't been back since college graduation.Em's never been able to forget Cole-or how close they were before she pushed him aside and ran for the hills. Cole's never forgotten Em either- but in the past two years, she hasn't given him much choice but to try.And, according to Nikki, there's no better pair to plan the wedding of her dreams.Em's usually good at squashing messy feelings, but being around Cole again brings them all rushing to the surface.And this time, she's not sure she wants to run.

*The Selected Letters of Ralph Ellison* Ralph Ellison,2024-02-27 A NEW YORK TIMES NOTABLE BOOK • A radiant collection of letters from the renowned author of *Invisible Man* that traces the life and mind of a giant of American literature, with insights into the riddle of identity, the writer's craft, and the story of a changing nation over six decades These extensive and revealing letters span the life of Ralph Ellison and provide a remarkable window into the great writer's life and work, his friendships, rivalries, anxieties, and all the questions about identity, art, and the American soul that bedeviled and inspired him until his death. They include early notes to his mother, written as an impoverished college student; lively exchanges with the most distinguished American writers and thinkers of his time, from Romare Bearden to Saul Bellow; and letters to friends and family from his hometown of Oklahoma City, whose influence would always be paramount. These letters are beautifully rendered first-person accounts of Ellison's life and work and his observations of a changing world, showing his metamorphosis from a wide-eyed student into a towering public intellectual who confronted and articulated America's complexities.

**Studies in Archaeological Conservation** Chris Caple,Vicky Garlick,2020-12-14 Studies in Archaeological Conservation features a range of case studies that explore the techniques and approaches used in current conservation practice around the world and, taken together, provide a picture of present practice in some of the world-leading museums and heritage organisations. Archaeological excavations produce thousands of corroded and degraded fragments of metal, ceramic, and organic material that are transformed by archaeological conservators into the beautiful and informative objects that fill the cases of museums. The knowledge and expertise required to undertake this transformation is demonstrated within this book in a series of 26 fascinating case studies in archaeological conservation and artefact investigation, undertaken in laboratories around the world. These case studies are contextualised by a detailed introductory chapter, which explores the challenges presented by researching and conserving archaeological artefacts and details how the case studies illustrate the current state of the subject. Studies in Archaeological Conservation is the first book for over a quarter of a century to show the range and diversity of archaeological conservation, in this case through a series of case studies. As a result, the book will be of great interest to practising

conservators, conservation students, and archaeologists around the world.

**Everyday Revolutions** Michelle Arrow, Angela Woollacott, 2019-08-30 The 1970s was a decade when matters previously considered private and personal became public and political. These shifts not only transformed Australian politics, they engendered far-reaching cultural and social changes. Feminists challenged 'man-made' norms and sought to recover lost histories of female achievement and cultural endeavour. They made films, picked up spanners and established printing presses. The notion that 'the personal was political' began to transform long-held ideas about masculinity and femininity, both in public and private life. In the spaces between official discourses and everyday experience, many sought to revolutionise the lives of Australian men and women. *Everyday Revolutions* brings together new research on the cultural and social impact of the feminist and sexual revolutions of the 1970s in Australia. Gay Liberation and Women's Liberation movements erupted, challenging almost every aspect of Australian life. The pill became widely available and sexuality was both celebrated and flaunted. Campaigns to decriminalise abortion and homosexuality emerged across the country. Activists set up women's refuges, rape crisis centres and counselling services. Governments responded to new demands for representation and rights, appointing women's advisors and funding new services. *Everyday Revolutions* is unique in its focus not on the activist or legislative achievements of the women's and gay and lesbian movements, but on their cultural and social dimensions. It is a diverse and rich collection of essays that reminds us that women's and gay liberation were revolutionary movements.

**Distorted Bodies and Suffering Souls.** Chantal Kwast-Greff, 2013 Chaos. Pain. Self-mutilation. Women starve themselves. They burn or slash their own flesh or their babies' throats, and slam their newborns against walls. Their bodies are the canvases on which the suffering of the soul carves itself with knife and razor. In Australian fiction written by women between 1984 and 1994, female characters inscribe their inner chaos on their bodies to exert whatever power they have over themselves. Their self-inflicted pain is both reaction and language, the bodily sign not only of their enfeeblement but also to a certain extent of their empowerment, of themselves and their world. The texts considered in this book – chiefly by Margaret Coombs, Kate Grenville, Fiona Place, Penelope Rowe, Leone Sperling, and Amy Witting – function as both defiance and acceptance of prevailing discourses of femininity and patriarchy, between submission and a possible future. The narratives of anorexia, bulimia, fatness, self-mutilation, incest, and murder shock the reader into an understanding of deeper meanings of body and soul, and prompt a tentative interpretation of fiction in relation to the world of 'real' women and men in contemporary (white) Australia. This is affective literature with the reader in voyeuristic complicity. Holding up the mirror of fiction, the women writers act perforce as a social lever, their narratives as Bildungsromane. But there is a risk, that of reinforcing stereotypes and codes of conduct which, supposedly long gone, still represent women as victims. Why are the female characters (self-)destroyers and victims? Why are they not heroes, saviours or conquerors? If women read about women / themselves and feel pity for the Other they read about, they will also feel pity for themselves: there is little happiness in being a woman. But infanticide and distorting the body are problem-solving behaviours. In truth, the bodies of the female characters bear the marks and scars of the history of their mothers and the history of their grandmothers – indeed, that of their own: the history of survivors.

*Horror Films of 2000-2009* John Kenneth Muir, 2022-10-12 Horror films have always reflected their audiences' fears and anxieties. In the United States, the 2000s were a decade full of change in response to the 9/11 terrorist attacks, the contested presidential election of 2000, and the wars in Iraq and Afghanistan. These social and political changes, as well as the influences of Japanese horror and New French extremism, had a profound effect on American horror filmmaking during the 2000s. This filmography covers more than 300 horror films released in America from 2000 through 2009, including such popular forms as found footage, torture porn, and remakes. Each entry covers a single film and includes credits, a synopsis, and a lengthy critical commentary. The appendices include common horror conventions, a performer hall of fame, and memorable ad lines.

An all-rounded player, he has played a pivotal role for both club and country making him one of the most popular players of all time. As his playing went from strength to strength, he quickly followed in the steps of Liverpool legends such as Ian Rush and John Barnes as he was passed the captain's armband in 2005, Gerrard reached an ultimate high as he marched his side to victory in the Champions League Final in Istanbul. With
