The Wisdom of the Kabbalah Dagobert David Runes, 1957
The Hidden Truth of Your Name Nomenology Project, 1999
From the secret wisdom of Kabbalah, the Runes, and Numerology--an unprecedented guide to unlocking the hidden power of your name. Your name is not only your calling card, it also may determine how your life will unfold. Mystics have studied the energies associated with names for centuries, but *The Hidden Truth of Your Name* is the first book to synthesize their fascinating findings into one compelling resource--offering in-depth profiles of 750 American names. Created by a team of linguistic experts and specialists, this beguiling reference guides you through the illuminating intricacies of three ancient systems of divination--and shows you how to apply them to create a subtly nuanced portrait of any name you choose. - KABBALAH--This ancient Hebrew system of letter-and-number analysis helps you discover what the mathematics of your name adds up to in terms of work, relationships, and spiritual energies. - THE RUNES--The letters of this old northern European alphabet, for centuries an honored source of religious and magical values, open surprising windows to self-discovery and change. - NUMEROLOGY--The key numbers of your name contain potent truths about the positive and negative aspects of your true nature--and your destiny. Complete with the principle colors, gemstones, and herbs that harmonize with each name, this delightfully accessible book at last gives you the means to uncover the hidden truth and unique traits of your name.

Runes and Magic Stephen E. Flowers, 1986
From the beginnings of the scientific study of runes, questions concerning their magical nature have been raised. In this book Stephen

Flowers puts this question in the context of current theories of magic for the first time. He approaches problems of runes and their connection to magical thinking from a structural standpoint based on linguistic models of communication. Certain formulas are isolated and analysed as to the possible ways in which they could be considered «magical» within the context of general conceptions of magic in archaic Germanic culture. Flowers' analysis of the runic evidence from the perspective of current theories of magic and the history of writing systems brings us a good measure closer to a comprehensive answer to the riddle of the runes.

The Hidden Truth of Your Name Nomenology Project, 1999

The Wisdom of the Torah Dagobert D. Runes, 2001 In Hebrew the word Torah means guidance. The Torah is the holiest and most beloved of the sacred writings of Judaism. This volume draws from a selection of its most relevant and meaningful texts. It is written for the modern reader.

Armanen Runes Douglas Buchanan, 2020-12-22

The Armanen Runes - An Operator's Manual Douglas Buchanan, 2022-11-24 When most people hear of yoga the one that usually comes to mind is Hatha Yoga. The several others, for which Hatha Yoga is only a preparation, are largely unknown to the public at large. The same is true of the Runes. If anyone has ever heard of the Runes they are likely to be thinking of the Elder Futhark runes made popular by the effective marketing of Ralph Blum's book, with its splendid set of cast runes. Handling these runes brought back ancient memories to many people with European DNA. The Sacred Eighteen Armanen Runes are the magician's runes. In many parts of Europe these are the runes that come to mind whenever runes are discussed. The immense magickal power of these runes is associated with all their shapes being derived from the hexagon and its associated diameters. Everyone has heard about Solomon's Seal or the Star of David, made by merging two equilateral triangles into one another. This figure is associated with the magick of the Kabbalah and holds the

secret of the exact dimensions of the Tree of Life. The Armanen Runes, by virtue of their geometry are connected with the ancient Kabbalistic magick and the work of the alchemists who used the hexagon and its triangles as symbols of the elements. Anyone from any path involving ritual magick could experience the boost given to their work by using the Armanen Runes. Because of the neutrality of their geometric forms they can cross all magickal egregores as a cohesive magickal system. Everything in this book is derived from my own experience and the practical experiences of personal students, men and women, studying the runes to improve their magickal abilities or spiritual insights, and to harness the powers of the runes for personal use. These are the runes that have worked through the centuries. It is my hope that these data and methods of using the runes will inspire the magickal or spiritual work of the reader, no matter what his or her path is, or may become. For the average student the material herein is about two years work. It's not like a newspaper report that you read straight through. Every bit reinforces every other bit whether going ahead, or reviewing. Practicing the exercises makes you a runist. Reading the words only exercises your eyes, and is pretty much a waste of what's left of your current incarnation. Douglas Buchanan.

Hidden Truth of Your Name The Nomenclology Project,1990
Nightside of the Runes Thomas Karlsson,2019-02-12 Reveals the occult wisdom and multidimensional layers of meaning hidden in the Nordic Rune stones • Explores the practice of the Uthark divination system encoded within the traditional exoteric Futhark system of reading the runes • Traces the relationship between the rune stones and numerology, the Cabbala, alchemy, Gothicism, and sigil magic • Examines the history of the runes and the ancient spiritual mysticism of Odin Uncovering the dark side of the Nordic rune stones hidden beneath their traditional interpretation, Swedish scholar and runologist Thomas Karlsson examines the rune work of Swedish mystic and runologist Johannes Bureus

(1568-1652) and professor Sigurd Agrell (1881-1937), both of whom devoted their lives to uncovering the secret uses of rune stones concealed from all but the highest initiates. Karlsson begins by examining the Uthark system of divination--the Left Hand Path of the runes--that lies hidden under the traditional Futhark system. According to the lore of Uthark, a cryptographic ruse was used to make it impossible for the uninitiated to know the true order of the runes. Exploring Agrell's decryption of the Uthark system, Karlsson reveals similarities between the numerology of ancient mystery cults and the Runic tradition. He explains the multidimensional meaning of each rune from the Uthark perspective, their relationships with the nine worlds of Norse cosmogony, and the magical powers of rune-rows and the three aettir rune groupings. He details how to create your own magically-charged runes, direct and activate the force of the runes, and use them for rune meditation, divination, sigil magic, galders (power songs), and rune yoga. Karlsson also examines the secret dimensions of the 15 "noble" runes, the Adulrunes, based on the theories of Johannes Bureus. Using his knowledge of the Cabbala and alchemy, Bureus created magical symbols with the Adulrunes as well as one symbol containing all 15 Adulrunes, which Bureus called the "Adulruna." Karlsson explains Bureus' spiritual system of initiation, the Gothic Cabbala, revealing the connections between old Norse wisdom and the Cabbala. He explores Bureus' Adulrune practices and explains how Bureus outlined seven levels of meaning for each rune, with those initiated into the highest rune levels able to conjure spirits and raise the dead. Covering more than just rune practices, Karlsson's exploration of the dark or night side of the runes provides a comprehensive guide to Norse spirituality and the ancient spiritual mysticism of Odin.

The Spiritual Runes Harmonia Saille, 2019-12-14 Runes are a tool for personal growth and spiritual transformation. They can assist you in your everyday life and decisions. When you cast the runes they tap into your unconscious - they talk to you, teach you,

guide you. They help you to get to know the real you. Harmonia Saille will guide you in forming a spiritual and personal connection with your runes. She discusses how when you become familiar with them, the runes communicate with you helping you to develop your intuitive abilities. You will learn how to interpret the rune signs drawing on this intuition in combination with rune symbolism. This guide to the Elder Futhark addresses all aspects of rune philosophy, including mythology, cosmology, psychology and magic.

The Kabbalah Tree Rachel Pollack, 2004 2005 Coalition of Visionary Resources (COVR) 2nd Runner Up in Non-Fiction category! Kabbalah's most famous symbol, the Tree of Life, has become the organizing principle behind our human efforts to understand the world. Using Hermann Haindl's lush depiction of the Tree of Life, Rachel Pollack examines the message behind this ancient symbol. She takes a non-denominational approach - drawing upon unusual sources such as tribal and shamanic traditions, modern science, contemporary Kabbalists, tarot interpreters, and a comic book writer - to explore the Tree's meaning. Along the way, we learn more about Kabbalah's history, texts, mystical concepts, and why this esoteric tradition has sprung up again in the twenty-first century.

The Essence of Kabbalah Brian L. Lancaster, 2005-09-10 There can be no perfecting above without the perfecting influence of humans when they are righteous and act from love. (Zohar 2:155a) The Essence of Kabbalah explains the mysticism of the Torah and the other books in the Hebrew Bible, and presents an overview of the historical trends that have shaped Kabbalah as it is known today. It examines the interpretative methods that are viewed as unlocking the secrets of the Torah - those teachings that point to the inner fabric of creation. Acclaimed author Brian Lancaster explores key extracts from the seminal works of Kabbalah - the Sefer Yetsirah, the Bahir and the Zohar, and presents the major teachings of influential kabbalists. He places

Kabbalah in the context of Judaism as a whole, and illustrates the ways in which Judaism's teachings, prayers and rituals express a concealed inner tradition. Further, he shows how contemporary scholarship and science are enabling a creative dialogue with the ancient teachings preserved within Kabbalah, leading to a twenty-first century renaissance in the importance of mysticism for providing a much-needed and profound sense of connectedness and purpose in our world.

The Book of Runes, 25th Anniversary Edition Ralph Blum, 2008-11-11 The Book of Runes is something very special: a part of the ancient past and, perhaps, a part of your future... Based on a tradition over one thousand years old, the Runes are seen by many as a contemporary Oracle and collectively, have established themselves as a remarkable aid in practical decision making. A huge success with over 900,000 copies sold, since its original publication in 1983, The Book of Runes has proved to be a modern classic. For this, the 25th anniversary of the work, Ralph H. Blum has expanded and refined the runic system, making the Runes one of the most profoundly useful self-help tools of the new century.

The Early Kabbalah Joseph Dan, Ronald C. Kiener, 1986 Here are previously unavailable texts, including The Book Bahir and the writings of the Iyyum circle, that were written during the first one hundred years of this movement that was to become the most important current in Jewish mysticism. This movement began in the late 12th century among Rabbinic Judaism in southern Europe.
