Ethan is sure his parents are trying to trick him into staying under the covers, until he sees five colorful sets of eyes blinking at him from beneath the bed. Soon, a colorful parade of quirky, squeaky little monsters compete to become Ethan's monster. But only the little green monster, Gabe, has the perfect blend of stomach-rumbling and snorting needed to get Ethan into bed and keep him there so he falls asleep—which as everyone knows, is the real reason for monsters under beds. The Kids' Book of Questions Gregory Stock, 2015-03-10 Kids love to be asked questions almost as much as they love to ask them. And asking is important—parents know the value of having meaningful conversations with their kids, especially as family time is under continuous assault from gadgets and devices. Now the book that solves those needs is back—announcing a fresh new edition of *The Kids' Book of Questions*. Including subjects like the Internet, school violence, and climate change, the book remains a timeless treasure. Here is a collection of questions designed to challenge, entertain, provoke, and expand young minds. These are the questions that let kids discover how they feel; let people know what they think; raise issues that everyone loves to discuss. Gregory Stock, author of the original #1 bestselling *Book of Questions*, took his question-asking ways into schools and came back with over 200 questions, including Thorny dilemmas: Would you rather have a job you didn't like that paid a lot or a job you loved that paid just enough to get by? Embarrassing challenges: Would you kiss someone in front of your whole class for \$250? Provocative ideas: What things do you think your parents do just to set an example for you? Intriguing fantasies: If you could text any famous person and be sure they'd read and answer your text, who would you write to and what would you say? There is only one

requirement: Give an honest answer. Then be amazed to see where one little question leads.

What If Everybody Did That? Ellen Javernick, 2010
Text first published in 1990 by Children's Press, Inc.

White Kids Margaret A. Hagerman, 2020-02-01
Winner, 2019 William J. Goode Book Award, given by the Family Section of the American Sociological Association Finalist, 2019 C. Wright Mills Award, given by the Society for the Study of Social Problems Riveting stories of how affluent, white children learn about race American kids are living in a world of ongoing public debates about race, daily displays of racial injustice, and for some, an increased awareness surrounding diversity and inclusion. In this heated context, sociologist Margaret A. Hagerman zeroes in on affluent, white kids to observe how they make sense of privilege, unequal educational opportunities, and police violence. In fascinating detail, Hagerman considers the role that they and their families play in the reproduction of racism and racial inequality in America. *White Kids*, based on two years of research involving in-depth interviews with white kids and their families, is a clear-eyed and sometimes shocking account of how white kids learn about race. In doing so, this book explores questions such as, "How do white kids learn about race when they grow up in families that do not talk openly about race or acknowledge its impact?" and "What about children growing up in families with parents who consider themselves to be 'anti-racist'?" Featuring the actual voices of young, affluent white kids and what they think

about race, racism, inequality, and privilege, *White Kids* illuminates how white racial socialization is much more dynamic, complex, and varied than previously recognized. It is a process that stretches beyond white parents' explicit conversations with their white children and includes not only the choices parents make about neighborhoods, schools, peer groups, extracurricular activities, and media, but also the choices made by the kids themselves. By interviewing kids who are growing up in different racial contexts—from racially segregated to meaningfully integrated and from politically progressive to conservative—this important book documents key differences in the outcomes of white racial socialization across families. And by observing families in their everyday lives, this book explores the extent to which white families, even those with anti-racist intentions, reproduce and reinforce the forms of inequality they say they reject.

New Kid Jerry Craft, 2019-02-05 Winner of the Newbery Medal, Coretta Scott King Author Award, and Kirkus Prize for Young Readers' Literature! Perfect for fans of Raina Telgemeier and Gene Luen Yang, *New Kid* is a timely, honest graphic novel about starting over at a new school where diversity is low and the struggle to fit in is real, from award-winning author-illustrator Jerry Craft. Seventh grader Jordan Banks loves nothing more than drawing cartoons about his life. But instead of sending him to the art school of his dreams, his parents enroll him in a prestigious private school known for its academics, where

Jordan is one of the few kids of color in his entire grade. As he makes the daily trip from his Washington Heights apartment to the upscale Riverdale Academy Day School, Jordan soon finds himself torn between two worlds—and not really fitting into either one. Can Jordan learn to navigate his new school culture while keeping his neighborhood friends and staying true to himself? This middle grade graphic novel is an excellent choice for tween readers, including for summer reading. New Kid is a selection of the Schomburg Center's Black Liberation Reading List. Plus don't miss Jerry Craft's Class Act!
