Ethan is sure his parents are trying to trick him into staying under the covers, until he sees five colorful sets of eyes blinking at him from beneath the bed. Soon, a colorful parade of quirky, squeaky little monsters compete to become Ethan's monster. But only the little green monster, Gabe, has the perfect blend of stomach-rumbling and snorting needed to get Ethan into bed and keep him there so he falls asleep—which as everyone knows, is the real reason for monsters under beds. The Kids' Book of Questions Gregory Stock, 2015-03-10 Kids love to be asked questions almost as much as they love to ask them. And asking is important—parents know the value of having meaningful conversations with their kids, especially as family time is under continuous assault from gadgets and devices. Now the book that solves those needs is back—announcing a fresh new edition of *The Kids' Book of Questions*. Including subjects like the Internet, school violence, and climate change, the book remains a timeless treasure. Here is a collection of questions designed to challenge, entertain, provoke, and expand young minds. These are the questions that let kids discover how they feel; let people know what they think; raise issues that everyone loves to discuss. Gregory Stock, author of the original #1

bestselling Book of Questions, took his question-asking ways into schools and came back with over 200 questions, including Thorny dilemmas: Would you rather have a job you didn't like that paid a lot or a job you loved that paid just enough to get by? Embarrassing challenges: Would you kiss someone in front of your whole class for \$250? Provocative ideas: What things do you think your parents do just to set an example for you? Intriguing fantasies: If you could text any famous person and be sure they'd read and answer your text, who would you write to and what would you say? There is only one requirement: Give an honest answer. Then be amazed to see where one little question leads.

*How Full Is Your Bucket? For Kids* Mary Reckmeyer, Tom Rath, 2020-06-16 An illustrated adaptation of the long-running bestseller *How Full Is Your Bucket?* (more than 400,000 copies sold) for kids — told through the story of a boy who learns a valuable “bucket filling” metaphor and watches it come to life as the day unfolds. Every moment matters. Each of us has an invisible bucket. When our bucket is full, we feel great. When it’s empty, we feel awful. Yet most children (and many adults) don’t realize the importance of having a full bucket throughout the day. In *How Full Is Your Bucket? For Kids*, Felix begins to see how every interaction in a day either fills or empties his bucket. Felix then realizes that everything he says or does to other people fills or empties their buckets as well. Follow along with Felix as he learns how easy it can be to fill the buckets of his classmates, teachers and family members. Before the day is over, you’ll see how Felix learns to be a great bucket filler, and in the process, discovers that filling someone else’s bucket also fills his own.

**The Chuckaluck Kids** Charles W.

Dandridge, 2021-01-28 My name is Charles Dandridge and I am the author of the *Chuckaluck Kids*. The thought of

writing this book came about when I was in my youth working as a counselor in a Brooklyn New York community center. I used to make up stories and tell them to the kids. After the kids heard my stories, I was amazed of the laughter and smiles that were on their faces. One of the parents of the kids told me that I have a great imagination and I should write my own stories. Years have gone by and the thought appeared in my mind to write a children's book. This book is about a kid name Chuck who luckily saves his cat from swallowing a marble and how it takes off into an adventure of Chuck meeting kids who have had lucky incidents happen to them. It is like an unexpected luck that happens to each kid. One who reads it can not wait to see what happens next. This book is also about honesty, morality, truthfulness, respect, diversity and friendship, which every parent would love their kids to follow. I really think whoever reads this book will love it. Join Chuck and the Chuckaluck Kids in their lucky adventures.

**Street Kids** Kristina E. Gibson, 2011-05-09 Street outreach workers comb public places such as parks, vacant lots, and abandoned waterfronts to search for young people who are living out in public spaces, if not always in the public eye. Street Kids opens a window to the largely hidden world of street youth, drawing on their detailed and compelling narratives to give new insight into the experiences of youth homelessness and youth outreach. Kristina Gibson argues that the enforcement of quality of life ordinances in New York City has spurred hyper-mobility amongst the city's street youth population and has serious implications for social work with homeless youth. Youth in motion have become socially invisible and marginalized from public spaces where social workers traditionally contact them, jeopardizing their access to the already limited opportunities to escape street life. The culmination

of a multi-year ethnographic investigation into the lives of street outreach workers and 'their kids' on the streets of New York City, *Street Kids* illustrates the critical role that public space regulations and policing play in shaping the experience of youth homelessness and the effectiveness of street outreach.

Boundaries with Kids Henry Cloud, John Sims Townsend, 1998 The authors of *Boundaries* now apply its principles to raising children.
