Wooden Tools for Kids Brian Gary Forbes,2016-07-15 Wooden Tools For Kids is a collection of easy to make wooden toy tools for children. They encourage the imagination, and allow kids to have fun at the same time. There are instructions for over twenty tools, as well as a tool box to carry them. I made this exact set for my son, and he loves to play with every one of them. The complete set is made entirely out of wood, without any modern metal fasteners. All of the pieces are glued and doweled together, so they are strong and secure. The finish is food safe and oil based, giving the tools a warm traditional look that is very appealing. With standard shop tools, the complete set is easy to make, and can inspire the imagination of any child. Who knows, it may even lead them to a lifelong love of woodworking. Happy building.

When Grandpa Gives You a Toolbox Jamie L. B. Deenihan,2020-03-03 In this delightful story, by the same author who wrote *When Grandma Gives You a Lemon Tree*, a boy is disappointed with his grandfather's gift--until he learns he can use it to build exactly what he wanted with his own two hands, and a little help from grandpa, of course You asked for a special house for your dolls; but instead Grandpa gives you a toolbox What do you do? Launching it into outer space is a bad idea. So is feeding it to a T. rex Instead, be patient, pay attention, and you might find that you're pretty handy. And just maybe, with grandpa's help, you'll get that dollhouse after all. This clever story celebrates kindness, hard work, and community, as well as variety in gender expression: the male main character proudly engages in activities that might be considered typically girl (playing with dolls) and typically boy (building with tools).

Tools to Try Cards for Kids Leah Kuypers, Elizabeth Sautter, 2021-01-26 Learning to self-regulate our Zones is hard, serious work that takes time and lots of practice. Tools to Try Cards for Kids is an easy, user-friendly way to help kids ages 5-10 metacognitively explore and practice over 50 self-regulation strategies and empower them to make choices toward figuring out what works best for them. The two-sided strategy cards are divided into five color-coded categories to show how the tools work in different ways to help social emotional learners self-regulate their feelings and emotions: · FEEL IT. These tools use our senses to support regulation and modulation. · MOVE IT. These tools integrate physical activity to impact regulation and reduce anxiety. · THINK IT. These tools provide thought-based strategies to help us regulate. · DO IT. Task and goal-oriented tools involve taking action. · CONNECT. Co-regulation tools encourage empathy, thinking of others, and accessing relationships for support. Each strategy card displays an illustration of the self-regulation tool performed by inclusive characters on one side and a how-to-do-it description on the reverse. Each card also includes a reflection to help kids consider how they feel after using the tool, how it can be used to help them regulate their Zones, and whether it's the right tool for them. For best teaching practice, the strategy deck should be used in tandem with Chapter 4 lessons in The Zones of Regulation curriculum book. The cards are also useful tools when paired with other Zones-related products, such as Navigating The Zones, and the Advanced Pack: Cards to Extend Play with Navigating The Zones. This card deck is a supplement to, not a replacement for, the in-depth curriculum and lessons in The Zones of Regulation book.
