Windows XP Cookbook Robbie Allen,Preston Gralla,2005-08-08 Each year, Windows XP is pre-installed on 30 million PCs sold in the U.S.--and 90 million worldwide--making it the world's most popular operating system, and proving to frustrated users everywhere that preponderance does not equate to ease of use. There are literally thousands of programs, tools, commands, screens, scripts, buttons, tabs, applets, menus, and settings contained within Windows XP. And it has only been in the last couple of years that Microsoft's documentation has actually been more of a help than a hindrance. But it still isn't enough. Windows XP users and administrators need a quick and easy way to find answers. Plenty of books go into detail about the theory behind a particular technology or application, but few go straight to the essentials for getting the job done. Windows XP Cookbook does just that, tackling the most common tasks needed to install, manage, and support Windows XP. Featuring a new twist to O'Reilly's proven Cookbook formula, this problem-solving guide offers multiple solutions for each of its 300-plus recipes. Solve dilemmas with the graphical user interface, the command line, through the Registry, or by using scripts. Each step-by-step recipe includes a discussion that explains how and why it works. The book is also among the first to cover Microsoft's XP Service Pack 2. With these practical, on-the-job solutions, Windows XP Cookbook will save you hours of time searching for answers. Windows XP Cookbook will be useful to anyone that has to use, deploy, administer, or automate Windows XP. But this isn't a typical end-user book; it covers the spectrum of topics involved with running Windows XP in both small and large environments. As a result, IT professionals and system administrators will find it a great day-to-day reference. And power users will find Windows XP Cookbook a great source for information on tweaking XP and getting the most out of their systems. The bottom line is that Windows XP Cookbook will make just about anyone who uses XP more productive.

The Pop-Up Anthology 2014 Janice Windle (editor), 2015-05-03 170 poems by 68 of the writers who have read their work at the POP UP POETRY events (later renamed the 1000 MONKEYS events) at the Bar Des Arts Wine Bar in Guildford. You'll find rants and sonnets, haiku and prose poems, free verse, found poems, rhyming slam poems and love-songs, all co-existing amicably in these pages, just as they do on our platform. The line between page poems and performance poems is ignored here, and the mix includes poems by frequently published poets and writers, as well as rappers, stand-up poets, ranters and song-writers, all of them in love with words. This book adds another dimension to the art of the spoken word, just as performance adds a different dimension to the written page.

Let the Communion Commence Kevin Dean Smith, 2021-05-13 *Let the Communion Commence: Lighthearted Reflections on the Heart of God for Humanity* is a humble effort by a long-time Christian public educator and traveler to use his somewhat unique style and experiences to communicate to his graduating students, and to anyone else who might "come along for the read," the wonders of a life-consuming relationship with God. Much of the content is also inspired by reflections on the sacrament of Communion, and thus the book may be of interest to a broader audience than just to graduates embarking on the next stage of life. Part one of the book seeks to introduce the Christian faith to those who may be unfamiliar with the Gospel message—that the Author and Creator of the Universe seeks communion, or a personal relationship, with anyone willing to embrace the death, resurrection, and Lordship of Jesus Christ in order to receive salvation from the consequences of disobedience to God. Part two encourages lifelong enrollment in the class of learning to be like Jesus Christ in preparation for becoming citizens of, and for introducing others into, the Kingdom of God. Finally, part three of *Let the Communion Commence* reflects on the ultimate commencement—the beginning of never-ending life in the presence of our Creator. Class is about to begin. Please join me.
