The Label Machine: How to Start, Run and Grow Your Own Independent Music Label is the first book to give music artists practical step-by-step comprehensive instructions for setting up and running an independent music label to successfully distribute and market their music. You will learn all about the music industry business and how to navigate the tricky dos and don'ts. You will finally understand and take control of your music copyright and get to grips with the legalities involved. You will build your music business effortlessly, learning how to professionally market your music and artists - allowing you to reach thousands of fans. And essentially, you will learn how to create multiple label revenue streams to create an established record label. It features a detailed breakdown of how every part of the industry works together, including copyright in the UK and US, record label set-up, record releases, and royalty collection. It also provides in-depth guides on marketing, covering; traditional PR, Facebook and Instagram advertising, Spotify playlisting, and fan growth. Includes templates for record label and management contracts, marketing and promotion schedules, press releases, and fan email automation.

Beyond the Label Maureen Chiquet,2017-04-18 The former global CEO of Chanel charts her unlikely path from literature major to global chief executive, guiding readers to move beyond the confines of staid expectations and discover their own true paths, strengths, and leadership values. Driven. Shy. Leader. Wife. Mother. We live in a world of categories — labels designed to tell the world, and ourselves, who we are and ought to be. Some we may covet, others we may fear or disdain; but creating a life that's truly your own, means learning to define yourself on your own terms. In *Beyond the Label*, Maureen Chiquet charts her unlikely path from literature major to global chief executive. Sharing the inklings, risks and (re)defining moments that have shaped her exemplary career, Chiquet seeks to inspire a new generation of women, liberal arts grads, and unconventional thinkers to cultivate a way of living and leading that is all their own. Through vivid storytelling and provocative insights, Chiquet guides readers to consider the pressing questions and inherent paradoxes of creating a successful, fulfilling life in today's increasingly complex and competitive world. Why should we separate art from business, feelings from logic, intuition from judgment? Chiquet poses. Who decided you can't be determined and flexible, introspective and attuned, mother and top executive? And where does it state standing unflinchingly in your vulnerability, embracing your femininity, won't make you stronger? Wise, inspiring, and deeply felt, *Beyond the Label* is for anyone who longs for a life without limits on who she is or who she will become.

Not On the Label Felicity Lawrence,2004-05-06 THE SUNDAY TIMES BESTSELLER THAT SHOWED US WHAT WAS REALLY IN OUR FOOD In 2004 Felicity Lawrence published her ground-breaking book, *Not on the Label*, where, in a series of undercover investigations she provided a shocking account of what really goes into the food we eat. She discovered why beef waste ends up in chicken, why a single lettuce might be sprayed six times with chemicals before it ends up in our salad, why bread is full of water. And she showed how obesity, the appalling conditions of migrant workers, ravaged fields in Europe and the supermarket on our high street are all intimately connected. And, when the horsemeat scandal hit the headlines in 2013, she uncovered how the great British public ended up eating horses. Her discoveries would change the way we thought about the UK food industry for ever. ***** 'A brave examination of the calamities caused by a policy laughingly called one of 'cheap food'' Jeremy Paxman, Observer 'Book of the Year' 'Challenges each and every one of us to think again about what we buy and eat. It's almost like uncovering a secret state within the state' Andrew Marr, BBC Radio 4's Start The Week 'A thorough, complex and shocking insight into the food we eat in the twenty-first century . . . Perhaps this should be sold as the most effective diet book ever written' Daily Mail

The Label Made Me Buy it Ralph M. Kovel,Terry H. Kovel,1998 Examines the history of brands, companies and their labels, with information for hobbyists and collectors about how to determine the value of a label and how to learn from a label about the fashions, hairstyles, humor, prejudices, pleasures, and political ideals of the past.

Private Label Strategy Nirmalya Kumar,Jan-benedict E. m. Steenkamp,2007-02-13 As retailers have become more powerful and global, they have increasingly focused on their own brands at the expense of manufacturer brands. Rather than simply selling on price, retailers have transformed private labels into brands. Consequently, manufacturers such as Johnson & Johnson, Nestle, and Procter & Gamble now compete with their largest customers: major retail chains like Carrefour, CVS, Tesco, and Wal-Mart. The growth in private labels has huge implications for managers on both sides. Yet, brand manufacturers still cling to their outdated assumptions about private labels. In *Private Label Strategy: How to Meet the Store Brand Challenge*, Nirmalya Kumar and Jan-Benedict E.M. Steenkamp describe the new strategies for private labels that retailers are using, and challenge brand manufacturers to develop an effective response. Most important, they lay out actionable strategies for competing against - or collaborating with - private label purveyors. Packed with detailed international case studies, valuable visuals, and hands-on tools, *Private Label Strategy* enables managers to navigate profitably in this radically altered landscape.

Private Label Kelly Yang,2022-05-31 *The Devil Wears Prada* meets *Far from the Tree* in #1 New York Times bestselling author Kelly Yang's powerful love story about two teens searching for their place in the world. Serene dreams of making couture dresses even more stunning than her mom's, but for now she's an intern at her mom's fashion label. When her mom receives a sudden diagnosis of pancreatic cancer, all that changes. Serene has to take over her mother's business overnight while trying to figure out what happened with her dad in Beijing. He left before she was born, and Serene wants to find him, even if it means going against her mom's one request—never look back. Lian Chen moved from China to Serene's mostly white Southern California beach town a year ago. He doesn't fit in at school, where kids mispronounce his name. His parents don't care about what he wants to do—comedy—and push him toward going to MIT engineering early. Lian thinks there's nothing to stick around for until one day he starts a Chinese Club after school . . . and Serene walks in. Worlds apart in the high school hierarchy, Serene and Lian soon find refuge in each other, falling in love as they navigate life-changing storms. * Junior Library Guild Gold Standard Selection *

Major Labels Kelefa Sanneh,2022-10-04 One of Oprah Daily's 20 Favorite Books of 2021 • Selected as one of Pitchfork's Best Music Books of the Year “One of the best books of its kind in decades.” —The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years refracted through the big genres that have defined and dominated it: rock, R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In *Major Labels*, Sanneh distills a career's worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool for human connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, *Major Labels* pays in full.

It provides the basis for worldwide harmonization of rules and regulations on chemicals and aims at enhancing the protection of human health and the environment during their handling, transport and use by ensuring that the information about their physical, health and environmental hazards is available.

Don't Label Me Irshad Manji,2019-02-26 Don't Label Me should be labeled as genius. It's an amazing book. - Chris Rock A unique conversation about diversity, bigotry, and our common humanity, by the New York Times bestselling author, Oprah “Chutzpah” award-winner, and founder of the Moral Courage Project In these United States, discord has hit emergency levels. Civility isn't the reason to repair our caustic chasms. Diversity is. Don't Label Me shows that America's founding genius is diversity of thought. Which is why social justice activists won't win by labeling those who disagree with them. At a time when minorities are fast becoming the majority, a truly new America requires a new way to tribe out. Enter Irshad Manji and her dog, Lily. Raised to believe that dogs are evil, Manji overcame her fear of the other to adopt Lily. She got more than she bargained for. Defying her labels as an old, blind dog, Lily engages Manji in a taboo-busting conversation about identity, power, and politics. They're feisty. They're funny. And in working through their challenges to one another, they reveal how to open the hearts of opponents for the sake of enduring progress. Readers who crave concrete tips will be delighted. Studded with insights from epigenetics and epistemology, layered with the lessons of Bruce Lee, Ben Franklin, and Audre Lorde, punctuated with stories about Manji's own experiences as a refugee from Africa, a Muslim immigrant to the U.S., and a professor of moral courage, Don't Label Me makes diversity great again.

The Zapple Diaries Barry Miles,2016-09-27 A revealing history of the Beatles’ experimental record label, as told by the label’s manager. In August 1968, the Beatles launched their greatest business enterprise, Apple Records, to international fanfare. The less well-known story is the introduction of their Zapple label about nine months later. If Apple represented artists with new, commercial opportunities, Zapple offered more cutting-edge freedom; its mission was to distribute experimental music and spoken word recordings from the leading avant-garde figures of the time. The brainchild of Paul McCartney, the label captured the counterculture spirit of the 1960s by collaborating with Yoko Ono alongside John Lennon, Allen Ginsberg, Richard Brautigan, Charles Bukowski, Lawrence Ferlinghetti, and Charles Olson. The Zapple Diaries is the first full-length look at the enterprise, as well as a true insider account from Barry Miles, the label’s manager who went on to become a leading authority and chronicler of ‘60s culture. He provides insight into the colorful lives and working methods of the artists and discloses the fascinating story of the experimental venture, ultimately offering up a revealing and engaging account of this little-known chapter of Beatles history.
