Modern Loss Rebecca Soffer,Gabrielle Birkner,2018-01-23 Inspired by the website that the New York Times hailed as redefining mourning, this book is a fresh and irreverent examination into navigating grief and resilience in the age of social media, offering comfort and community for coping with the mess of loss through candid original essays from a variety of voices, accompanied by gorgeous two-color illustrations and wry infographics. At a time when we mourn public figures and national tragedies with hashtags, where intimate posts about loss go viral and we receive automated birthday reminders for dead friends, it's clear we are navigating new terrain without a road map. Let's face it: most of us have always had a difficult time talking about death and sharing our grief. We're awkward and uncertain; we avoid, ignore, or even deny feelings of sadness; we offer platitudes; we send sympathy bouquets whittled out of fruit. Enter Rebecca Soffer and Gabrielle Birkner, who can help us do better. Each having lost parents as young adults, they co-founded Modern Loss, responding to a need to change the dialogue around the messy experience of grief. Now, in this wise and often funny book, they offer the insights of the Modern Loss community to help us cry, laugh, grieve, identify, and–above all–empathize. Soffer and Birkner, along with forty guest contributors including Lucy Kalanithi, singer Amanda Palmer, and CNN's Brian Stelter, reveal their own stories on a wide range of topics including triggers, sex, secrets, and inheritance. Accompanied by beautiful hand-drawn illustrations and witty how to cartoons, each contribution provides a unique perspective on loss as well as a remarkable life-affirming message. Brutally honest and inspiring, Modern Loss invites us to talk intimately and humorously about grief, helping us confront the humanity (and mortality) we all share. Beginners welcome.

Alternative Remedies for Loss Joanna Cantor,2018-05-08 An Amazon Best of the Month Selection for May 2018 A slyly funny coming-of-age novel about a young woman fumbling her way into the mysteries of loss and the travails of adulthood as she tries to make sense of a vanished mother's legacy. When 22-year-old Olivia learned that her mother had only months to live, she pulled up roots, leaving Vassar and her career plans far behind to be with her mother for her last days. And yet, just four months after her mother's death, everyone in Olivia's family already seems ready to move on. Her brothers are settled comfortably in careers and families of their own; her father has already started to date again, inviting a woman named June on a family trip. Still reeling from the loss, Olivia looks for a new start of her own, throwing herself headlong into Manhattan's fast-moving media world, where she is alternately demeaned by bosses and pursued by men. But as Olivia tries to piece together an adulthood without her mother to guide her, she makes a shocking discovery: a secret romantic correspondence her mother had with a man who only signed each letter “F.” As she tries to untangle the mystery of F, Olivia will journey halfway across the world, to an ashram in rural India, on a quest that will reconfigure everything Olivia thought she knew about her family and her own place in an increasingly complex world. A profoundly moving and keenly observed contemplation of the debts we owe to the past and the ways we discover our futures, *Alternative Remedies for Loss* is the rare sort of book that can break and mend your heart in a single and unforgettable read.

Dr. Newbold's Type A - Type B Weight Loss Book H. L. Newbold,1991

Learning from Loss Seth Masket,2020-09-22 The Democrats' decision to nominate Joe Biden for 2020 was hardly a fluke but rather a strategic choice by a party that had elevated electability above all other concerns. In *Learning from Loss*, one of the nation's leading political analysts offers unique insight into the Democratic Party at a moment of uncertainty. Between 2017 and 2020, Seth Masket spoke with Democratic Party activists and followed the behavior of party leaders and donors to learn how the party was interpreting the 2016 election and thinking about a nominee for 2020. Masket traces the persistence of party factions and shows how interpretations of 2016 shaped strategic choices for 2020. Although diverse narratives emerged to explain defeat in 2016 - ranging from a focus on 'identity politics' to concerns about Clinton as a flawed candidate - these narratives collectively cleared the path for Biden.

Generation Loss Elizabeth Hand, 2007 Cass Neary made her name in the seventies as a photographer embedded in the burgeoning punk movement in New York City. Her pictures of the musicians and the hangers-on, the infamous, the damned, and the dead, earned her a brief moment of fame. Thirty years later she is adrift, on her way down, and almost out when an old acquaintance sends her on a mercy gig to interview a famously reclusive photographer who lives on an island in Maine. When she arrives Down East, Cass stumbles across a decades-old mystery that is still claiming victims, and she finds one final shot at redemption. Patricia Highsmith meets Patti Smith in this mesmerizing literary thriller.

Transcending Loss Ashley Davis Bush, 1997-08-01 “Compassionate, poignant, and practical. . . . Transcending Loss will be a great blessing on your lifetime journey of recovery.”—Harold Bloomfield, MD, psychiatrist and author of *How to Survive the Loss of Love* and *How to Heal Depression* Death doesn’t end a relationship, it simply forges a new type of relationship—one based not on physical presence but on memory, spirit, and love. There are many wonderful books available that address acute grief and how to cope with it. But they often focus on crisis management and imply that there is an end to mourning, and fail to acknowledge grief’s ongoing impact and how it changes through the years. “This is a book about death and grief, yes, but more important, it is a book about love and hope. I have learned from my experience and interviews with courageous people about pain, struggle, resiliency, and meaning. Their stories show over time, you can learn to transcend even in spite of the pain.”—from the introduction by Ashley Davis Bush, LCSW

The Perfect Loss Chip Dodd, 2010-02 Through the use of story, experience, knowledge, and Scripture, we follow the author as he shows us how to walk the path toward a life of passion, intimacy, and integrity leaving a legacy that passes life forward to those we loved and beyond. Using the Beatitudes, we discover the eight movements we all must make if we are to live in freedom, fidelity, fullness, and faithfulness. With each movement, Dodd explores one of life’s great paradoxes: the only way we get to the treasure we are made to possess is by traveling through tragedy and surrendering to the God who can do for us what we cannot do for ourselves.

Healing After Loss Martha W. Hickman, 2009-06-09 For those who have suffered the loss of a loved one, here are strength and thoughtful words to inspire and comfort.

Sorry For Your Loss Joanne Levy, 2021-10-12 ★ “A heartfelt and expertly written tale of loss, family, and friendship that will have readers blinking back their tears...Beautiful and sincere.”—Kirkus Reviews, starred review Evie Walman is not obsessed with death. She does think about it a lot, though, but only because her family runs a Jewish funeral home. At twelve, Evie already knows she’s going to be a funeral director when she grows up. So what if the kids at school call her “corpse girl” and say she smells like death? They’re just mean and don’t get how important it is to have someone take care of things when your world is falling apart. Evie loves dusting caskets, polishing pews, and vacuuming the chapel—and on funeral days, she dresses up and hands out tissues and offers her condolences to mourners. She doesn’t normally help her parents with the grieving families directly, until one day when they ask her to help with Oren, a boy who was in a horrific car accident that killed both his parents. Oren refuses to speak and Evie, who is nursing her own private grief, is determined to find a way to help him deal with his loss. Praise for previous books by Joanne Levy: “Levy’s narrative is spot on.”—Booklist review for *The Sun Will Come Out* “The story gives voice to the experience of Jewish preteens; chronic illness and disability are also sensitively tackled in this complex tale about difference, acceptance, and self-confidence. A heartfelt tear-jerker about love, friendship, and courage.”—Kirkus Reviews review for *The Sun Will Come Out* “Uplifting, gentle...Exudes inter-generational warmth, family love, and friendship.”—Association of Jewish Libraries review for *Fish Out of Water* “Though brief, this text masterfully connects the toxic masculinity to its roots in deep misogyny, making *Fish* a hero people of all genders can stand up and cheer for. All readers will appreciate this book’s nuanced messaging around gender roles and trusting yourself.”—Kirkus Reviews, review for *Fish Out of Water*

The Last Song of Dusk Siddharth Dhanvant Shanghvi, 2004 Anuradha Patwardhan, a legendary beauty in 1920s India, marries handsome and well-to-do doctor Vardhmaan, but their married years are challenged by the death of their child and the arrival of a mysterious girl.

The Inheritance of Loss Kiran Desai, 2007-12-01 Winner of the National Book Critics Circle Award and the Man Booker Prize: An “extraordinary” novel “lit by a moral intelligence at once fierce and tender” (The New York Times Book Review). In a crumbling, isolated house at the foot of Mount Kanchenjunga in the Himalayas, an embittered old judge wants only to retire in peace. But his life is upended when his sixteen-year-old orphaned granddaughter, Sai, arrives on his doorstep. The judge’s chatty cook watches over the girl, but his thoughts are mostly with his son, Biju, hopscotching from one miserable New York restaurant job to another, trying to stay a step ahead of the INS. When a Nepalese insurgency threatens Sai’s new-sprung romance with her tutor, the household descends into chaos. The cook witnesses India’s hierarchy being overturned and discarded. The judge revisits his past and his role in Sai and Biju’s intertwining lives. In a grasping world of colliding

interests and conflicting desires, every moment holds out the possibility for hope or betrayal. Published to extraordinary acclaim, The Inheritance of Loss heralds Kiran Desai as one of our most insightful novelists. She illuminates the pain of exile and the ambiguities of postcolonialism with a tapestry of colorful characters and “uncannily beautiful” prose (O: The Oprah Magazine). “A book about tradition and modernity, the past and the future—and about the surprising ways both amusing and sorrowful, in which they all connect.” –The Independent

Understanding Loss Judith Murray,2015-09-16 Loss and consequent grief permeates nearly every life changing event, from death to health concerns to dislocation to relationship breakdown to betrayal to natural disaster to faith issues. Yet, while we know about particular events of loss independently, we know very little about a psychology of loss that draws many adversities together. This universal experience of loss as a concept in its own right sheds light on so much of the work we do in the care of others. This book develops a new overarching framework to understand loss and grief, taking into account both pathological and wellbeing approaches to the subject. Drawing on international and cross-disciplinary research, Judith Murray highlights nine common themes of loss, helping us to understand how it is experienced. These themes are then used to develop a practice framework for structuring assessment and intervention systematically. Throughout the book, this generic approach is highlighted through discussing its use in different loss events such as bereavement, trauma, chronic illness and with children or older people. Having been used in areas as diverse as child protection, palliative care and refugee care, the framework can be tailored to a range of needs and levels of care. Caring for people experiencing loss is an integral part of the work of helping professions, whether it is explicitly part of their work such as in counselling, or implicit as in social work, nursing, teaching, medicine and community work. This text is an important guide for anyone working in these areas.
