*Create Your Own Photo Book* Petra Vogt,2012-05-25 These days, photographs live on hard drives and DVDs in the company of several thousand other images, coming to light on a computer screen only for a short moment, if ever. In that respect our computer is a one-image-at-a-time exhibition of our photographic work. But as photographers, we like to print our best images, frame and show them at home or at an exhibition, or present a collection of prints in a portfolio. This book will guide you through the process of creating a printed and bound portfolio of your photographs, or even a bookstore-quality coffee table book. Learn about every step of the process, from selecting a book publishing service all the way through designing and proofing your photo book. You'll get practical advice on how to work with software provided by services such as Blurb or Viovia, and will learn about relevant concepts of book design, color management, and digital printing. *Create your Own Photo Book* is the perfect guide for the

aspiring amateur photographer as well as the seasoned pro.

Rage Against the Minivan Kristen Howerton, 2020-06-09

"Howerton writes unflinchingly about what it means to be raising children in today's world and how to liberate ourselves from the myth of perfect motherhood."—Glennon Doyle, author of *Untamed* and *Love Warrior*, founder of Together Rising In this smart and subversively funny memoir, Kristen Howerton navigates the emotional and sometimes messy waters of motherhood and challenges the idea that there's a "right" way to raise kids. Recounting her successes, trials, mishaps, and hard-won wisdom, this mother of four advocates for letting go of the expectations, the guilt, and the endless race to be the perfect parent to the perfect child in the perfect family. This book is for ● the parent who loves their kids like crazy but feels like parenting is making them crazy, too ● the parent who said "I will never . . ." and now they have ● the parent who looks like they have it all together but feels like a hot mess on the inside ● the parent who looks like a hot mess on the outside, too ● the parent who asks Am I good enough? Doing enough? Doing it right? What's wrong with me? What's wrong with these children? Are they eighteen yet? With her signature blend of vulnerability, sarcasm, and insight, Howerton shares her unexpected journey from infertility to adoption to pregnancy to divorce to dealing with the shock and awe of raising teens. As a mom of a multiracial family and as a marriage and family therapist, she tackles the thorny issues parents face today, like hard conversations about racism, disciplining other people's kids, the reality of Dad Privilege, and (never) attaining that elusive work/life balance. *Rage Against the Minivan* is a permission slip to let it go and allow yourself to be a "good enough" parent, focused on raising happy, kind, loving humans.

Selling Fine Art Photography Nigel Merrick, 2017-05-17 Are you a fine art photographer? If so, you've no doubt found that selling fine art photography online is much harder than you first imagined. While the Internet looks like the perfect place to sell photography, most photographers have a tough time making more than a few sales; certainly not enough to make a living from their camera. The truly frustrating part is, you know you're good at what you do, and you have a strong body of work, beautifully presented through an attractive website that makes it easy for people to view and buy prints of your photographs. As far as you know, you've done everything right. People tell you they love your work, but most of the time it stops there. Your website, and your amazing images, sit there with the tantalizing promise of making sales, but nothing happens. If that sounds like your situation, this book is for you. In Selling Fine Art Photography I show you exactly why sales are so bad for most fine art photographers, and what you need to do instead to market and sell more of your work and actually grow your business. This book was written for photographers of all levels who want to create a consistent flow of excited art buyers who love what they do. It's for people like you who want to grow and build an audience of loyal customers instead of wasting time wondering where the next sale is coming from. As a photography marketing coach, I've helped hundreds of professional photographers over the last 10 years. The tips and strategies in this book are distilled from thousands of hours of hands-on experience, brought together in one convenient place for the first time. If you're tired of watching the same old normal marketing and sales strategies fail day after day, you'll be thrilled to discover an entirely new, but simple, way to reach more of your ideal customers and turn them into buyers. As you go through the simple steps I share in this book, you'll discover: \* Who you truly are as a photographic artist... \* Who your customers are... \* The real reasons people buy from you... \* The most effective ways to market yourself... \* How to make meaningful connections with

interested prospects...\* How to turn website visitors into valuable leads...\* How to build relationships and trust with your ideal buyers...\* And a whole lot more...If you follow what you learn in this book, you'll focus less on struggling to get your name out there, and more on creating your amazing fine art photographs for people to enjoy for a lifetime. Here's what one fine art photographer had to say about this book: Selling Fine Art Photography is an invaluable resource for those, like me, who are passionate about the art but unsure of the principles and procedures of marketing and selling their work. This book condenses what was, for me, a tedious several months of research into a readable, practical and surprisingly counterintuitive plan to further one's career. Had I come across this information earlier I could have saved myself a lot of frustration, tedium and dead ends. This book contains a wealth of invaluable information on a usually opaque subject and renders everything in a clear, concise fashion... (Jim Lipschutz - Jupiter, Florida)

*A Book of Days* Patti Smith, 2022-11-15 NEW YORK TIMES BESTSELLER • A deeply moving and brilliantly idiosyncratic visual book of days by the National Book Award-winning author of *Just Kids* and *M Train*, featuring more than 365 images and reflections that chart Smith's singular aesthetic—inspired by her wildly popular Instagram. ONE OF THE BEST BOOKS OF THE

YEAR: Variety, Pitchfork, PopSugar In 2018, without any plan or agenda for what might happen next, Patti Smith posted her first Instagram photo: her hand with the simple message “Hello Everybody!” Known for shooting with her beloved Land Camera 250, Smith started posting images from her phone including portraits of her kids, her radiator, her boots, and her Abyssinian cat, Cairo. Followers felt an immediate affinity with these miniature windows into Smith’s world, photographs of her daily coffee, the books she’s reading, the graves of beloved heroes—William Blake, Dylan Thomas, Sylvia Plath, Simone Weil, Albert Camus. Over time, a coherent story of a life devoted to art took shape, and more than a million followers responded to Smith’s unique aesthetic in images that chart her passions, devotions, obsessions, and whims. Original to this book are vintage photographs: anniversary pearls, a mother’s keychain, and a husband’s Mosrite guitar. Here, too, are photos from Smith’s archives of life on and off the road, train stations, obscure cafés, a notebook always nearby. In wide-ranging yet intimate daily notations, Smith shares dispatches from her travels around the world. With over 365 photographs taking you through a single year, *A Book of Days* is a new way to experience the expansive mind of the visionary poet, writer, and performer. Hopeful, elegiac, playful—and complete with an introduction by Smith that explores her documentary process—*A Book of Days* is a timeless offering for deeply uncertain times, an inspirational map of an artist’s life.

**Ciprian Honey Cathedral**, 2020 Raymond Meeks is renowned for his use of photography and the book form to poetically distill the liminal junctures of vision, consciousness and comprehension. In 'ciprian honey cathedral', he brings this scrutiny close to home, delicately probing at the legibility of our material surroundings and the people closest to us. Meeks has long been fascinated by the way we construct the world around us; how we carry our possessions, these accumulated comforts,

inheritances, markers of material success; how we adorn homes with trees and shrubs, a mantle clock to count the hours. Stumbling across an abandoned house or unkempt lawn becomes a search for common clues to tiny hidden transgressions. This question of knowledge and understanding is perhaps most drastic in our solipsistic reality. Meeks also photographed his partner, Adrianna Ault, in the early mornings before she awoke, on the threshold at which daily domestic life converges with the deepest state of sleep. This plight of supine trance is a place of reprieve beneath the surface of consciousness, free from the chaos and uncertainty of the sentient world above, and alludes to the veiled threat that, ultimately, we are utterly unknowable to one another.--Publisher's web page for the book.

**Pictures with Stories** Tony Mendoza, 2017-10-06 Pictures with Stories: A Memoir by Tony Mendoza is a book consisting of 84 photographs, each with an attached short story. The stories average around 125 words, sometimes even shorter. They relate to the photograph, and to something that happened to me or to my family or friends, and more often than not, the stories are amusing, or surprising, or revealing. I'm thinking that this format seems appropriate for our times, considering that nearly everyone today is a smartphone photographer, and they are all posting their photos on social media accompanied with some sort of a tale. In effect, they are doing their memoirs online. What I've done with mine is to pay special attention to the moments chosen, to the photographs chosen, and to the crafting of the short story underneath. In a way, this book is an exploration of how short can an effective, short story be. Pictures with Stories had an impressive early life. The Atlantic Monthly Press published an up-to-1987 version with 46 stories. Titled Stories, it received excellent reviews from major publications (the New York Times, Vogue, People) and photo-stories from that version received a Guggenheim Photography Fellowship and were shown in the first installment of the Museum of Modern Art's New Photography

Show in 1986. This version includes 28 stories from the 1987 version, and the rest are new pictures and stories. This new version is the portrait of the artist as a young man, a middle-aged man, and an older man.
