Life Makeover Dominique Sachse, 2022-04-05 Have you ever been so overwhelmed by responsibilities or other people's needs that you forgot to make time for yourself? They say beauty is only skin-deep, but there is power in embracing your outward beauty as the first step in living with internal boldness, confidence, and renewed joy. An outside-in approach to beauty isn't for other people's perception of you, but for your interpretation of yourself and how much you're willing to explore. Sachse has confirmed the unmistakable link between external appearance and self-confidence, and she wants to show you how to rekindle both. In the pages of this book, Sachse offers a vulnerable look into her own mistakes and imperfections and explains how making over her outward appearance resulted in a happier and healthier version of herself—emotionally, spiritually, and physically. Filled with confidence-boosting wisdom about cultivating rest and lifegiving hobbies, Sachse shows you: how making small changes to your outward appearance can be a pathway to building confidence and making other new transformations in your life practical tips about hair, makeup, and fashion from an expert the benefits of taking bold risks – your life is too valuable to be left on autopilot how to analyze your past and see where you self-sabotaged, and look for traits that served you well and can serve you in the future Sachse knows no amount of makeup can compare to the look of a confident, classy, and kind woman, and that there's nothing like the glow that comes from inner beauty. It's time to discover—or rediscover—who you really are and live your life to the fullest.

Makeover TV Brenda R. Weber, 2009-11-20 In 2004, roughly 25 makeover-themed reality shows aired on U.S. television. By 2009, there were more than 250, from *What Not to Wear* and *The Biggest Loser* to *Dog Whisperer* and *Pimp My Ride*. In *Makeover TV*, Brenda R. Weber argues that whether depicting transformations of bodies, trucks, finances, relationships, kids, or homes, makeover shows posit a self achievable only in the transition from the “Before-body”—the overweight figure, the decrepit jalopy, the cluttered home—to the “After-body,” one filled with confidence, coded with celebrity, and imbued with a renewed faith in the powers of meritocracy. The rationales and tactics invoked to achieve the After-body vary widely, from the patriotic to the market-based, and from talk therapy to feminist empowerment. The genre is unified by its contradictions: to uncover your “true self,” you must be reinvented; to be empowered, you must surrender to experts; to be special, you must look and act like everyone else. Based on her analysis of more than 2,500 hours of makeover TV, Weber argues that the much-desired After-body speaks to and makes legible broader cultural narratives about selfhood, citizenship, celebrity, and Americanness. Although makeovers are directed at both male and female viewers, their gendered logic requires that feminized subjects submit to the controlling expertise wielded by authorities. The genre does not tolerate ambiguity. Conventional (middle-class, white, ethnically anonymous, heterosexual) femininity is the goal of makeovers for women. When subjects are male, makeovers often compensate for perceived challenges to masculine independence by offering men narrative options for resistance or control. Foregoing a binary model of power and subjugation, Weber provides an account of makeover television that is as appreciative as it is critical. She reveals the makeover show as a rich and complicated text that

expresses cultural desires and fears through narratives of selfhood.

Magical Makeover Brenda Trim, 2021-04-08 Divorce comes as a relief when you discover your husband is a walking cliché and having an affair with a woman half your age. When life gives you lemons... give yourself a magical makeover! One day I'm married, living in the triangle, and working as a head nurse at one of the country's best hospitals. The next, I've shed a hundred and seventy-five pounds of idiot and find myself encountering ghosts, dragons and pixies while taking care of a sick patient. Losing my sanity didn't seem like the worst thing to happen since I moved back home with my mom and nana. But I have to make the best of this mess for the sake of my children. And I refuse to give my ex the satisfaction of knowing he literally drove me crazy. I didn't mind rolling with the punches... I just never imagined those hits would come in the form of magic. Witches, shifters, and Fae don't exist, right? This new world I've discovered is dangerous. The Tainted want to kill me, innocent paranormals want my help, and the son of Hades needs me to find demons. Give me an Ibuprofen and watch out. I'm not about to stand by and let someone else ruin my life. I'm a middle-aged woman on a brand-new mission, and nothing's going to stop me.
