The Magnum Opus Christopher Kezelos, Christine Kezelos, 2016-12-13 *The Magnum Opus* is inspired by the multi-award-winning short film, *The Maker*. Watch it here: <http://bit.ly/WatchTheMaker> Synopsis: In a time and world long ago forgotten, there existed an enchanted workshop. Within its walls, a magical creature called a 'Maker' busily created the next of his kin. Upon completion, the creator was whisked away to join the rest of the Maker community. Meanwhile, their progeny was left alone to create the next Maker in a never-ending cycle of creation. That was, until the day an offbeat Maker named Ario was unable to complete 'The Making' and broke their sacred chain of existence. Wracked with guilt, Ario embarked on a quest to right his wrong, but what he discovered was far more monstrous and miraculous than anyone ever imagined. A Craftsman's Legacy Eric Gorges, Jon Sternfeld, 2019-05-07 A book for makers, for seekers of all kinds, an exhilarating look into the heart and soul of artisans—and how their collective wisdom can inspire us all. Despite our technological advances, we're busier than ever, our lives more frazzled. That's why the handmade object, created with care and detail, embodying a history and a tradition, is enormously powerful. It can cut through so much and speak in ways that we don't often hear, or that we've forgotten. —Eric Gorges, from *A Craftsman's Legacy* In this joyful celebration of skilled craftsmen, Eric Gorges, a corporate-refugee-turned-metal-shaper, taps into a growing hunger to get back to what's real. Through visits with fellow artisans—calligraphers, potters, stone carvers, glassblowers, engravers, woodworkers, and more—many of whom he's profiled for his popular television program, Gorges identifies values that are useful for all of us: taking time to slow down and enjoy the process, embracing failure, knowing when to stop and when to push through, and accepting that perfection is an illusion. Most of all, *A Craftsman's Legacy* shows how all of us can embrace a more creative and authentic life and learn to focus on doing what we love.

Maker Camp Delanie Holton-Fessler, 2021-02-23 Classic and innovative hands-on projects for kids ages 3 and up designed to teach both heritage skills and how to think creatively. Handcraft is part of human nature: we build, we create, we innovate. The 20+ projects in this book from an experienced art educator weave a story of human innovation and creativity, from the very beginnings of building shelters in the woods to tinkering with recycled materials. Heritage skills teach children how to be independent and capable makers; fiber and wood projects offer rewarding crafts that also teach planning, preparation, and safe risk taking; and tinkering activities connect the low-tech process of making and doing with innovation. From soap carving and knot tying to building toy cars and junk robots, this book brings the fun of making things with your hands to young kids and links skills of the past with the present. The book also explores how to set up a maker space and teaches foundational workshop practices that can easily be applied to the home studio. Each project offers extensions for different ages and abilities and provides guiding questions to enrich the experience for both the maker (teacher/parent) and the apprentice (child) to encourage and celebrate creative, practical play.
