Mascot Antony John,2018-09-11 This witty, heartfelt story about perseverance in the face of adversity is perfect for fans of R. J. Palacio, Cammie McGovern, and John David Anderson. Noah Savino has been stuck in a wheelchair for months. He hates the way people treat him like he's helpless now. He's sick of going to physical therapy, where he isn't making any progress. He's tired of not having control over his own body. And he misses playing baseball—but not as much as he misses his dad, who died in the car accident that paralyzed Noah. Noah is scared he'll never feel like his old self again. He doesn't want people to think of him as different for the rest of his life. With the help of family and friends, he'll have to throw off the mask he's been hiding behind and face the fears that have kept him on the sidelines if he ever wants to move forward.

Weirdly Beloved Cynthia Ceilan,2008-12-16 Inspired by the romantic misadventures she's witnessed in her own family, Cynthia Ceilán takes us jauntily through real-life stories about love: what demented things we do in the name of love, the wildly unusual choices people have made in their selection of a mate, and the joys and horrors of saying goodbye to a relationship that has long overstayed its welcome. In her fact-finding mission to write this collection, Cynthia Ceilán began in the bowels of her own family history, which always seemed unnecessarily shrouded in mystery. There she discovered a treasure trove of delightfully wicked secrets, which spurred her on to create this collection of true stories from around the world. Here's some of what she found: "Normal" is in the eye (and the bedsprings) of the beholder, especially when it comes to furies, objectophiles, and happily married conjoined twins. Same-sex marriage is illegal in most countries but a few are happy to let you marry your dog. You shouldn't be afraid to invite your crazy relatives to your wedding – unless your brothers are Scott, Erik, Aaron, Ryan, and Randall and they're currently out on bail. *Weirdly Beloved* offers comforting proof that there is never only one way to fall in love, or one way to be properly married, or one way to suffer the necessary indignities of love gone wrong.

The Lorax Dr. Seuss, 2013-09-24 Celebrate Earth Day with Dr. Seuss and the Lorax in this classic picture book about protecting the environment! I am the Lorax. I speak for the trees. Dr. Seuss's beloved story teaches kids to speak up and stand up for those who can't. With a recycling-friendly "Go Green" message, The Lorax allows young readers to experience the beauty of the Truffula Trees and the danger of taking our earth for granted, all in a story that is timely, playful and hopeful. The book's final pages teach us that just one small seed, or one small child, can make a difference. Printed on recycled paper, this book is the perfect gift for Earth Day and for any child—or child at heart—who is interested in recycling, advocacy and the environment, or just loves nature and playing outside. Unless someone like you cares a whole awful lot, nothing is going to get better. It's not. "Pretty much all the stuff you need to know is in Dr. Seuss." —President Barack Obama

Schools or Markets? Deron R. Boyles, 2004-12-13 This book challenges readers to consider the consequences of commercialism and business influences on and in schools. Critical essays examine the central theme of commercialism via a unique multiplicity of real-world examples. Topics include: *privatization of school food services; *oil company ads that act as educational policy statements; *a parent's view of his child's experiences in a school that encourages school-business partnerships; *commercialization and school administration; *teacher union involvement in the school-business partnership craze currently sweeping the nation; *links between education policy and the military-industrial complex; *commercialism in higher education, including marketing to high school students, intellectual property rights of professors and students, and the bind in which professional proprietary schools find themselves; and *the influence of conservative think tanks on information citizens receive, especially concerning educational issues and policy. Schools or Markets?: Commercialism, Privatization, and School-Business Partnerships is compelling reading for all researchers, faculty, students, and education professionals interested in the connections between public schools and private interests.
