Mayan Calendar Astrology Kenneth Johnson,2011-12 Mayan Calendar Astrology: Mapping Your Inner Cosmos is the quintessential handbook to help you understand the art of Mayan astrology and how to harness it for a profound illumination of your personal lifepath. If you liked Jaguar Wisdom, this book will take you even deeper into the powerful insights that Mayan astrology can offer, whether you're a seasoned expert or just a beginner. Included in the book are: - Complete information about the day signs and numbers - The importance of the Year Lord - The Mayan Destiny chart (also known as the Mayan Cross) - The complete nine-sign horoscope - Solar and lunar cycles - A unique method for determining the phases of human life - The personal compatibility matrices embedded within the Tzolkin - A little-known technique for assessing human relationships by combining two horoscopes into a composite chart - Calendar diagrams and horoscope templates - A powerful and meditative technique called the Path of Feathered Serpent, based on our own personal lunar month and designed, through a series of guided meditations, to awaken the koyopa or inner lightning we all possess. REVIEWS: I am profoundly grateful to Kenneth Johnson for sharing his experientially based understanding of the Tzolkin in this remarkable book. As a long-time lover of the Mayan world, 'Mayan Calendar Astrology' finally opened my eyes to the subtle workings of the 260-day calendar and led me to embrace it as a genuine path to self-understanding. The author's work is based upon his years of work with several aj q'ijab' in the Guatemalan highlands, primarily in Momostenango, the important center for contemporary Mayan calendar knowledge. Johnson's explanations of the significance of the 13 numbers, the Mayan Destiny chart, the Year Lords, and the Path of Feathered Serpent are unique in popular literature and will enrich the understanding of even dedicated scholars. - Robert Sitler, PhD, Director, Latin American Studies, Stetson University

Maya Mythology: Myths and Folklore of the Mayan Civilization Sebastian Berg, 2021-10-12 The Mayan people were natural storytellers, and their imagination knew no bounds. They took the traditional Mesoamerican versions of creation and the gods of the universe and molded them into their own, adding and shaping their unique version of mythology and folktales. This left us with a significant pantheon of gods and goddesses, each with a memorable and captivating story. The Mayans had an image of the universe and their place in it, and they told stories of gods and heroes that rival Greek Mythology.

*Maya Civilization* Charles George, Linda George, 2010-07-16 At its peak, the Maya civilization consisted of two million people populating over forty cities. While Europe languished in darkness after the fall of Rome, the Maya were advancing irrigation and terracing techniques in agriculture, pioneering the use of the zero in mathematics, and creating accurate astronomical tables. Yet, much about this great culture is unknown, as scholars struggle to decipher Mayan texts. This compelling volume examines the Maya civilization in accessible chapters with supplemental maps, timelines, and charts to support student research. Relevant topics discussed in this edition include the rise of the Mayans, the lives of the nobility and commoners during the classical period, achievements in science, engineering, and writing, the spirit realm and cosmology, and elements of Mayan culture in modernity.

*Sanathana Sarathi English Volume 03 (1980 to 1989)* Sri Sathya Sai Media Centre, 2022-11-09 Started in 1958, Sanathana Sarathi is a monthly magazine devoted to Sathya (Truth), Dharma (Righteousness), Shanti (Peace) and Prema (Love) - the four cardinal principles of Bhagawan Baba's philosophy. It is published from Prasanthi Nilayam (the Abode of Highest Peace) and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His sacred Abode, besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba. The word meaning of Sanathana Sarathi is the 'Eternal Charioteer'. It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer. It implies that he who places his life, the body being likened to a chariot, in an attitude of surrender in the hands of the Lord, will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination. The magazine is an instrument to disseminate spiritual knowledge for the moral, physical and mental uplift of humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal. The fifteen Vahinis - streams of sacredness - known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures, Itihasas like the Ramayana, the Bhagavatha and the Mahabharata, and authentic explanations on Dhyana, Dharma, Prema, etc., have been serially published in this magazine as and when they emanated from the Divine pen of Bhagawan Baba. This magazine is published in almost all Indian languages, English and Telugu from Prasanthi Nilayam and others from respective regions. Every year Sanathana Sarathi comes out with a special issue in November commemorating the Divine Birthday. The English and Telugu magazines are posted on the 10th and 23rd respectively, of every month, from Prasanthi Nilayam. This magazine has wide, ever increasing circulation in India as well as abroad, as the study of it brings the reader closer to the philosophy of the Avatar in simple understandable language THUS SPAKE SAI... Discoursing during the launch of Sanathana Sarathi... From this day, our Sanathana Sarathi will lead to victory the cohorts of truth - the Vedas, the Sastras and similar scriptures of all faiths, against the forces of the ego such as injustice, falsehood, immorality and cruelty. This is the reason why it has emerged. This Sarathi will fight in order to establish world prosperity. It is bound to sound the paeon of triumph when universal Ananda is achieved.

He must consummate the first offering under the full moon on a Mayan equinox. Russell Palmer, a Los Angeles professor of Central American civilizations, learns of the first sacrifice and rushes to Cancun to prevent future murders. Frustrated by dubious police officers and haunted by an unfortunate incident in his past, Russell must convince the wary authorities that he has well-founded intentions as the frantic search to prevent more sacrifices and to find the Maya key leads Russell and the police deep into the tropical jungles.
