Menus Jacques Pépin,2018-09-04 For more than fifty years, Jacques Pépin has chronicled his menus for parties for friends, birthdays, anniversaries, and holidays in handsome hand-illustrated books. On one side, inside a painted border featuring produce, flowers, or birds, he lists the dishes he served. On the opposite side, his guests sign their names and memorialize the occasion. For *Menus*, Jacques selected his favorite illustrations of the last half-century, where hosts can document their own celebratory meals and the wines that accompany them. With an introduction by Pépin, this dinner diary is both a practical register of what dishes were served to which guests and an invaluable archive of memories.

Menus for Chez Panisse Patricia Curtan,2011-08-10 Chez Panisse, a small restaurant in Berkeley, California, opened its doors in the summer of 1971. For forty years, the restaurant and its founder, legendary chef Alice Waters, has had a profound influence on food, farming, cooking, and dining around the world. In the beginning, Waters saw the beauty and aesthetic of fine printing as a way to communicate at the outset of the diners' experience the care and attention given to the preparation of their dinner. Berkeley-based artist Patricia Curtan began hand printing menus for the restaurant during its early years, while employed as a cook in the Chez Panisse kitchen. Curtan's menus, works of art in their own right, capture the unique spirit of the famous restaurant with letterpress and linoleum-block prints on beautiful paper. In *Menus for Chez Panisse*, Curtan presents four decades of menus including dinners for special guests such as Julia Child, Hillary Clinton, Mikhail Baryshnikov, and James Beard with notes about the menus, the artwork, the occasions, and, of course, the food.

Menu Design in America Jim Heimann, 2018-10 À La Carte Over one hundred years of menu graphics Until restaurants became commonplace in the late 1800s, printed menus for meals were rare commodities reserved for special occasions. As restaurants proliferated, the menu became more than just a culinary listing: it was an integral part of eating out, a clever marketing tool, and a popular keepsake. Menu Design is an omnibus showcasing the best examples of this graphic art. Illustrated in vibrant color, this compact volume not only gathers an extraordinary collection of paper ephemera but serves as a history of restaurants and dining out in America. Featuring both covers and interiors, the menus offer an epicurean tour and insight to more than a hundred years of dining out. An introduction on the history of menu design by graphic design writer Steven Heller and extended captions by culinary historian John Mariani accompany each piece throughout the book. Various photographs of restaurants round out this compendium that will appeal to anyone who enjoys dining out and its graphic and gastronomic history. Text in English, French, and German

James Beard Award winner Ed Giobbi's passion for fresh, seasonal fare, lovingly prepared, was nourished in a family to whom food was a sacred pleasure. Craig Claiborne, the late New York Times food critic, said, Some of the most memorable meals of my life have been taken in Ed's kitchen. Now, 30 years after Giobbi's first cookbook, Italian Family Cooking, became an instant classic, he and his daughter, Eugenia Bone, have produced a wonderful companion volume on the art of preparing fabulous seasonal meals. Taking as inspiration the Italian countryside in Liguria where the Giobbi family has its roots, Italian Family Dining will show the reader how to combine dishes to put together unforgettable spring, summer, fall, and winter repasts. Meatless and Wheatless Menus (Classic Reprint) Eugene Christian, 2018-02-07 Excerpt from Meatless and Wheatless Menus When times are normal people and governments are inclined to pursue lines of least resistance; that is, to continue practices and customs not because they are best but because of habit, but it is during abnormal periods that we do our best thinking. Now while we are at war and our National food supply is a factor in the struggle, the government admonishes us to use less meat as a patriotic duty. My clinical experience for many years past in prescribing diet for both the sick and the well has convinced me that people could live just as well or perhaps

better by reducing the consumption of wheat products and making up the deficiency from other grain and vegetable sources. In all of my books I state that the American people eat too much bread, especially white wheat flour bread. In my Encyclopedia of Diet where nearly a thousand menus are laid out not one of them calls for white bread.
