*Mirrors* Eduardo Galeano, 2009-05-26 Throughout his career, Eduardo Galeano has turned our understanding of history and reality on its head. Isabelle Allende said his works invade the reader's mind, to persuade him or her to surrender to the charm of his writing and power of his idealism. *Mirrors*, Galeano's most ambitious project since *Memory of Fire*, is an unofficial history of the world seen through history's unseen, unheard, and forgotten. As Galeano notes: Official history has it that Vasco Núñez de Balboa was the first man to see, from a summit in Panama, the two oceans at once. Were the people who lived there blind?? Recalling the lives of artists, writers, gods, and visionaries, from the Garden of Eden to twenty-first-century New York, of the black slaves who built the White House and the women erased by men's fears, and told in hundreds of kaleidoscopic vignettes, *Mirrors* is a magic mosaic of our humanity.

**The Book of Mirrors** E. O. Chirovici, 2017-02-21 An elegant, page-turning thriller in the vein of *Night Film* and *Crooked Letter*, *Crooked Letter*, this tautly crafted novel is about stories: the ones we tell, the ones we keep hidden, and the ones that we'll do anything to ensure they stay buried. When literary agent Peter Katz receives a partial book submission entitled *The Book of Mirrors*, he is intrigued by its promise and original voice. The author, Richard Flynn, has written a memoir about his time as an English student at Princeton in the late 1980s, documenting his relationship with the protégée of the famous Professor Joseph Wieder. One night just before Christmas 1987, Wieder was brutally murdered in his home. The case was never solved. Now, twenty-five years later, Katz suspects that Richard Flynn is either using his book to confess to the murder, or to finally reveal who committed the violent crime. But the manuscript ends abruptly—and its author is dying in the hospital with the missing pages nowhere to be found. Hell-bent on getting to the bottom of the story, Katz

hires investigative journalist John Keller to research the murder and reconstruct the events for a true crime version of the memoir. Keller tracks down several of the mysterious key players, including retired police detective Roy Freeman, one of the original investigators assigned to the murder case, but he has just been diagnosed with early-onset Alzheimer's. Inspired by John Keller's investigation, he decides to try and solve the case once and for all, before he starts losing control of his mind. A trip to the Potosi Correctional Centre in Missouri, several interviews, and some ingenious police work finally lead him to a truth that has been buried for over two decades...or has it? Stylishly plotted, elegantly written, and packed with thrilling suspense until the final page, *The Book of Mirrors* is a book within a book like you've never read before.

Sacred Mirrors Alex Grey, 1990-09-01 This unique series of paintings takes the viewer on a graphic, visionary journey through the physical, metaphysical, and spiritual anatomy of the self. From anatomically correct rendering of the body systems, Grey moves to the spiritual/energetic systems with such images as Universal Mind Lattice, envisioning the sacred and esoteric symbolism of the body and the forces that define its living field of energy. Includes essays on the significance of Grey's work by Ken Wilber, the eminent transpersonal psychologist, and by the noted New York art critic, Carlo McCormick.

**The Book of Mirrors** Frieda Hughes, 2009 *The Book of Mirrors* tries to let us see ourselves as we really are. We should have the answers to all our own questions, but if we don't see ourselves clearly - faults included - our answers can be distorted by vanities or ego. The poems ask: What do we want from our lives? Is it worth having? What would we like to change in ourselves and our circumstances? Are arguments worth the effort? Is anything achieved by them? Death is unavoidable and all our battles are in vain in the end, so we should choose what to defend, what to fight for and how much of

the quality of our lives we are prepared to sacrifice in the process. If only we could make the best of what we are, with the abilities we are given - and develop - without being distracted by the conflicts and desires that too often define us, and which are ultimately unimportant. The Book of Mirrors examines the ideas of argument, resolution and the acceptance of what cannot be changed. It also includes poems relating to childhood memories, adolescent experiences and encounters with itinerant wildlife.

*A Play of Mirrors* Ann Holmes, 2016-06-30 In her third collection, *A Play of Mirrors*. Ann Holmes keeps surprising us with her way of looking at things and we enjoy wondering where her poems will take us next. They bear a touch of the surreal, as in *Visitor*, where Jesus barges into a friend's shower stall or in *Snowbirds*, where a red-tailed hawk dives out of an oversized page of my Audubon book. Her poems deftly avoid sentimentality. In *A Slice of Moonlight*, we find her searching her left forearm for the indelible stain of invisible numbers and in *On the Day*, she matter-of-factly foresees the day when today will not become yesterday. Often, she plays with form on the page, as in *Wordless*, in which the words themselves contradict the title as they swirl down the page as if carried on a breeze. A painter as well as a poet, Holmes' love of art, of shapes and words, shines through this collection as she explores the sounds and meaning of words. These are brief tight poems brimming with wry humor and a lively imagination. There is no end to what interests this poet. Peggy Heinrich, author, *Forward*

*The Mutable Glass* Herbert Grabes,1982 A comprehensive survey of mirror-imagery in English literature from the thirteenth to the end of the seventeenth century.

*The Play of Mirrors* Sylvia Caiuby Novaes,2010-06-28 Focusing on the Bororo people of west-central Brazil, this book addresses the construction of self-identity through interethnic interaction. By presenting the images the Bororo have of themselves as well as the images of others who have interacted with them, Brazilian anthropologist Sylvia Caiuby Novaes argues convincingly that Bororo self-images are constructed with the aid of a peculiar looking-glass—it is in the images of others that they see themselves. Incorporating contributions from psychology, psychoanalysis, linguistics, and semiotics, *Play of Mirrors* focuses on symbols, images, discourse, and meanings rather than solely on the problem of acculturation. It thus reflects the thinking of a new generation of Brazilian anthropologists who have shifted their focus from native communities as isolated entities to an examination of their embeddedness within broader national and international arenas.

**A House Without Mirrors** Marten Sanden,2013-07-02 A moving ghost story that explores the overcoming of loss, and how to move on Thomasine has spent months living in her great-great-aunt's dusty, dark house with her father, and her aunt, uncle and cousins. While her father's siblings bicker about how much the house must be worth, her distant, elderly aunt is upstairs, dying, and her father has disappeared inside himself, still mourning the death of Thomasine's little brother. But one day, her youngest cousin makes a discovery: a wardrobe, filled with all the mirrors missing from the big house. And through the mirrors, a different world - one in which you can find not what you most wish for, but perhaps what you most need... A beautiful tale of love, grief and growing up, *A House Without*

Mirrors is an unforgettable adventure into families and the power of love.

An Alchemy of Masques and Mirrors Curtis Craddock, 2017-08-29 Believing her arranged marriage will stave off a disastrous conflict, Princess Isabelle des Zephyrs, finds herself targeted by an assassin, but with the aid of her loyal musketeer, she begins to unravel the lies of her enemies and discover a dangerous truth.

*On Mirrors! Philosophy—Art—Organization* Luc Peters, Anthony R. Yue, 2018-04-18 This is a book about mirrors, philosophy, art and organization. It arises from the recognition that we are caught in the mirror. We are under its spell and enchanted by its reflections. Mirrors direct us without our awareness, largely because we do not perceive them as mirrors. This is problematic because mirrors are everywhere. This book explores a philosophy of mirrors, one that investigates the art of painting, cartoons, architecture, music, photography and film, as well as belching and boozing robots, 'geil' photographers, monkish cells, cesspools, hairy auditions and clauding. Throughout, the book uses, mutilates and expands the thoughts of philosophers like Heidegger, Sloterdijk, Deleuze, Serres, Baudrillard and Rancière. The philosophic journey offered here results in new insights and unique viewpoints, which open up the hidden, secretive world of mirrors and help us to engage in unexplored and exciting relations with them, offering a critical challenge to contemporary organization theory.

**The Symbolism of Mirrors in Art from Ancient Times to the Present** Hope B. Werness, 1999 Contains illustrations of mirrors dating from a mirror made in the second millennium before the common era to a postmodern mirror environment created in the late 1980s. Interdisciplinary sources including art history, mythology. An additional feature is the linking of mirrors with prose and poetry quotations from widely ranging sources (Zen koans to Woody Allen). With Illustrations.

**Critical Multicultural Analysis of Children's Literature** Maria José Botelho, Masha Kabakow Rudman, 2009-05-07 Children's literature is a contested terrain, as is multicultural education. Taken together, they pose a formidable challenge to both classroom teachers and academics.... Rather than deny the inherent conflicts and tensions in the field, in *Critical Multicultural Analysis of Children's Literature: Mirrors, Windows, and Doors*, Maria José Botelho and Masha Kabakow Rudman confront, deconstruct, and reconstruct these terrains by proposing a reframing of the field.... Surely all of us – children, teachers, and academics – can benefit from this more expansive understanding of what it means to read books. Sonia Nieto, From the Foreword Critical multicultural analysis provides a philosophical shift for teaching literature, constructing curriculum, and taking up issues of diversity and social justice. It problematizes children's literature, offers a way of reading power, explores the complex web of sociopolitical relations, and deconstructs taken-for-granted assumptions about language, meaning, reading, and literature: it is literary study as sociopolitical change. Bringing a critical lens to the study of multiculturalism in children's literature, this book prepares teachers, teacher educators, and researchers of children's literature to analyze the ideological dimensions of reading and studying literature. Each chapter includes recommendations for classroom application, classroom research, and further reading. Helpful end-of-book appendixes include a list of children's book awards, lists of publishers, diagrams of the power continuum and the theoretical framework of critical multicultural analysis, and lists of selected children's literature journals and online resources.
