**The Other Half of Happy** Rebecca Balcárcel,2019-08-20 Quijana is a girl in pieces. One-half Guatemalan, one-half American: When Quijana's Guatemalan cousins move to town, her dad seems ashamed that she doesn't know more about her family's heritage. One-half crush, one-half buddy: When Quijana meets Zuri and Jayden, she knows she's found true friends. But she can't help the growing feelings she has for Jayden. One-half kid, one-half grown-up: Quijana spends her nights Skyping with her ailing grandma and trying to figure out what's going on with her increasingly hard-to-reach brother. In the course of this immersive and beautifully written novel, Quijana must figure out which parts of herself are most important, and which pieces come together to make her whole. This lyrical debut from Rebecca Balcárcel is a heartfelt poetic portrayal of a girl growing up, fitting in, and learning what it means to belong.

Through a simple but brilliant metaphor, the author helps you reinvigorate your staff and transform your organization.

**Grumpy Monkey** Suzanne Lang,2018-05-15 The hilarious #1 New York Times bestselling picture book about a chimpanzee in a very bad mood--perfect for young children learning how to deal with confusing feelings. Jim the chimpanzee is in a terrible mood for no good reason. His friends can't understand it--how can he be in a bad mood when it's SUCH a beautiful day? They have lots of suggestions for how to make him feel better. But Jim can't take all the advice...and has a BIT of a meltdown. Could it be that he just needs a day to feel grumpy? Suzanne and Max Lang bring hilarity and levity to this very important lesson on emotional literacy, demonstrating to kids that they are allowed to feel their feelings. Jim Panzee is back and grumpier than ever in *Grumpy Monkey: Party Time* and *Grumpy Monkey: Up All Night!*

**Year of the Monkey** Patti Smith,2019-09-24 From the National Book Award-winning author of *Just Kids* and *M Train*, a profound, beautifully realized memoir in which dreams and reality are vividly woven into a tapestry of one transformative year. Following a run of New Year's concerts at San Francisco's legendary Fillmore, Patti Smith finds herself tramping the coast of Santa Cruz, about to embark on a year of solitary wandering. Unfettered by logic or time, she draws us into her private wonderland with no design, yet heeding signs--including a talking sign that looms above her, prodding and sparring like the Cheshire Cat. In February, a surreal lunar year begins, bringing with it unexpected turns, heightened mischief, and inescapable sorrow. In a stranger's words, Anything is possible: after all, it's the Year of the Monkey. For Smith--inveterately curious, always exploring, tracking thoughts, writing--the year evolves as one of reckoning with the changes in life's gyre: with loss, aging, and a dramatic shift in the political landscape of America. Smith melds the western landscape with her own dreamscape. Taking us from California to the Arizona desert; to a Kentucky farm as the amanuensis of a friend in crisis; to the hospital room of a valued mentor; and by turns to remembered and imagined places, this haunting memoir blends fact and fiction with poetic mastery. The unexpected happens; grief and disillusionment set in. But as Smith heads toward a new decade in her own life, she offers this balm to the reader: her wisdom, wit, gimlet eye, and above all, a rugged hope for a better world. Riveting, elegant, often humorous, illustrated by Smith's signature Polaroids, *Year of the Monkey* is a moving and original work, a touchstone for our turbulent times.

**Monkey Tales** ,1998 Every imaginable kind of monkey appears in these three boldly illustrated classic tales from around the world Cf. Our choice, 1999-2000.

**Bunny vs. Monkey** Jamie Smart,2023-09-05 When Monkey is sent into space by a team of scientists, he thinks everything will be smooth sailing. But not everything goes according to plan, and soon Monkey's spaceship crash-lands in a forest, disrupting the peaceful atmosphere. Convinced that he has discovered a new world, power-mad (but mostly incompetent) Monkey claims the forest as his own and determines that all other animals must be banished, including his soon-to-be nemesis, Bunny. As Bunny gathers reinforcements and goes head-to-head with the gadget-obsessed Monkey, hilarious hijinks ensue. This hilarious middle-grade adventure is a graphic novel like no other. Jamie Smart's energetic, expressive cartooning and antic plots will take readers on a mind-bending screwball journey into the beating heart of wackiness itself. Colorful, dynamic, smart alecky, and with more twists and turns than you can count, the *Bunny vs. Monkey* books are the perfect read for humor-loving kids ages 8 to 12. PRAISE FOR THE BUNNY VS MONKEY SERIES: "Brilliant. Following a trail of police records, FBI files, cancer statistics, and medical journals, this revealing book presents evidence of a web of medical secret-keeping that began with the handling of evidence in the JFK assassination and continued apace, sweeping doctors into cover-ups of cancer outbreaks, contaminated polio vaccine, the arrival of the AIDS virus, and biological weapon research using infected monkeys.
