**Big Media, Big Money** Ronald V. Bettig, Jeanne Lynn Hall, 2002-12-24 Big Media, Big Money is a lively and scathing critique of the contemporary communications industry. With close readings of recent news events, Bettig and Hall look critically at the effects of 'media merger mania' on the structure and content of the movie, music, and book publishing industries. They further explore challenges posed by the Internet and the effects of copyright control, as well as growing corporate influence in the newsroom and the classroom. The authors conclude that current interconnections among media, big business, government, and education reflect capitalism's trend of concentration of wealth and power—posing a serious threat to democratic communications.

Beyond the Charts Bruce Haring,2000 This book takes a look at the shocking war being waged over your CD collection, a struggle that will determine who controls popular music - and to a large extend, popular culture - in the coming years. It's a battle of multinational corporate giants versus Internet entrepeneurs working out of their bedrooms, challenging the fat cats who have built fortunes on the bones of underpaid musicians. It's also a war for the hearts and minds of a new generation and a culture that doesn't feel the need to hold a plastic disc in its hands to enjoy music.
