<u>Chintrepreneurship or Shanzhai Model</u> Jiangning Zhao,2023-04-03 Theoretically, the formational and developmental mechanism of Shanzhai Model (the Chintrepreneurship, the China-way of Doing Business) theorized in this text, in addition to complying with the traditionally Western dominated frameworks of risk-taking-oriented, technology-oriented, resource-oriented, and speculation-oriented — also creates the peculiar or updated characteristics, complementary and supplementary to the existing theories of entrepreneurship and strategic management. The peculiar characteristics of Shanzhai Model may be attributed to the government policy guidance, from macroeconomic level, to technology development level, and to market expansion level, through the regulated cycle process of CCP government 'Five-Year-

Plan'. Such a dynamic process of government policy system determines the dynamisms of China economy, industry and enterprises, linking the previous weaknesses into the upgrade or rectification of the next five-year-plan, forcing enterprises to obligately upgrade or adjust their business and management operations (given the absolute autocracy of China government). Practically, the imitation-based cost-saving operations on the enterprise level, the 'Wolf Like' clustered industry-chain operations organized by the principle of 'Risks-Resources-Benefits Sharing' on the industry level, and the 'Price-to-Performance' products advantages on the market level — together, they have been contributing to the leapfrog of China economy, by taking advantages of increasingly globalized business environment and the network (Internet) information technology system, turning China into an economic Shanzhai, corruption Shanzhai, and a political Shanzhai, imposing the 'One Belt One Road' hegemonism on the harmony of international community. Is it too late? The contribution of this text material may benefit MBA, Ph.D students in management, and especially benefiting to those corporate executives. Regardless of De-Globalization or De-China campaigns, the flow of business is inevitably and eternally beyond the boundaries of countries one way or another, sooner or later. Note that, a document of year-to-year government policies is prepared, interested, contact Dr. Johnny by email: jiangning.zhao@yahoo.com; or by phone: 001-604-773-0783, or 001-778-655-1016.

  Marketing Metaphors and Metamorphosis P. Kitchen,2008-08-01 Metaphors are widely used within marketing literature, yet so far have remained unacknowledged. This book aims to redress that omission. Such widely known topics such as globalization of markets, viral marketing and many others are in fact metaphors; moreover, marketing itself may be a metaphor, underlying many exchanges and relationships.
