Ordering the Myriad Things Nicholas Menzies,2021-09-29 China's vast and ancient body of documented knowledge about plants includes horticultural manuals and monographs, comprehensive encyclopedias, geographies, and specialized anthologies of verse and prose written by keen observers of nature. Until the late nineteenth century, however, standard practice did not include deploying a set of diagnostic tools using a common terminology and methodology to identify and describe new and unknown species or properties. Ordering the Myriad Things relates how traditional knowledge of plants in China gave way to scientific botany between the mid-nineteenth and mid-twentieth centuries, when plants came to be understood in a hierarchy of taxonomic relationships to other plants and within a broader ecological context. This shift not only expanded the universe of plants beyond the familiar to encompass unknown species and geographies but fueled a new knowledge of China itself. Nicholas K. Menzies highlights the importance of botanical illustration as a tool for recording nature—contrasting how images of plants were used in the past to the conventions of scientific drawing and investigating the transition of “traditional” systems of organization, classification, observation, and description to “modern” ones.

Myriad Musings Renu Suri,2021-05-14 'Without poetry we are doomed to half lives.' A society without poetry is a society without dreams. This book is a bouquet of fragrant flowers with varied hues for lovers of poetry to enjoy. It is an array of bewildering emotions through simple and lucid language resonating the common feelings of all at deeper levels. Each poem underlines a unique inner grain - an utterance with a message. Just like a spider spins a web, I write because I believe that words have magic and touch the heartstrings like none other. Most of the poems begin in delight and end in wisdom, unfolding fresh fragrance as petals. Emotional upsurges find place in few, provoked by some incidents in life. Ordinary and mundane emotions have been woven into poetry reflecting contemporary issues. General apathy of the 'high and mighty' towards the masses, the evil faces of the society and the role of destiny are the chosen themes. Some of the poems are rich in lyrical beauty and appealing to the aesthetic sense. Poetry has the power to cut through the crap accumulated in our busy lives and touches us in different ways. It helps us enjoy the joys of the childhood by recalling and experiencing the guileless time, evoking both tears and laughter. My aim is to awaken the slow dying hearts of people of this digital era, using my mental and spiritual adventures. I might have missed the precision or technique but my purpose is pure and truthful.

Myriad Mark Borkowski, 2001-04-01 Table of Contents - Chapter One : The First Samaritan 1a Musical Prelude: Goin' Back by Neil Young 1b Musical Conclusion: Eternity Road by the Moody Blues The Novel begins four million years ago in prehistoric South Africa, and is based on the real-life finding of the oldest Human ancestral fossil remains found by the American Paleoanthropologist, Donald Johanson (1974). The Hominid skeletal remains of Johanson's Lucy come to life as we share a prehistoric moment of life and death with our early ancestors. This sojourn has its climax when Lucy is near death and she has a death-bed encounter with a heavenly visitor, and we are left wondering about this event fossilized in our shared genetic make-up; Begging the eternal questions, What Are Humans? Are Humans the result of a freak of nature, an alien experiment, or the creation of a Divine Will? Chapter Two : The Tale of the Twin Cities 2a Musical Prelude: Last Stand Before by Armageddon 2b Musical Conclusion: I Never Thought I'd Live To Be One Hundred by the Moody Blues Is the re-telling of the Biblical tale from the Old Testament Book of Genesis. It is the scandalous story of Sodom and Gomorrah, but it is told from the point-of-view of the two Angelic Messengers, rather than the legendary Biblical characters. We meet Ar-thor and Mik-el; two main characters belonging to the ancient Archonian Race, an alien race of benevolent Watchers. However, these two passive watchers are forced to become active players in this dramatic re-telling of the already famous Bible story. Chapter Three : The Last Toltec 3a Musical Prelude: To Be Over by Yes 3b Musical Conclusion: Eyes of a Child by the Moody Blues Continues on centuries later, with the same alien characters we met in chapter two in a new adventure that demonstrates the incredible longevity of members of the Archonian Race. We join our two space travelers, Mik-el and Ar-thor, on a rendezvous set on Earth in the jungles of Central America, ... where they help the indigenous population realize an age-old dream of attaining Heaven, and offers an alternative explanation for the strange, unexplained disappearances of some of the ancient populations there, like the Toltecs. This concludes the general summaries of the first four chapters. The following is an actual excerpt from Chapter One: Earth, 3.18 Million years ago ... Somewhere near present-day Hadar, Ethiopia in Africa. A warm wind rose from the western plain and spread light refreshing rain showers over the Savannah, near what would one day be referred to as the Olduvai Gorge region of Western Africa. But for the present, it was a warm, well-watered grassy plain surrounded by many green hills, which had yet to erode away. A late afternoon sun shown down through puffy white clouds. And these cotton-white clouds drifted slowly by in a pastel-blue sea of sky. Lucy

was close to giving birth now! Only a matter of a few hours more now, but this her third child felt so uncomfortably Big in her swollen belly! I hope you will order a copy of Myriad to enjoy in its entirety! Thank You! MM

A Myriad of Thoughts M.K. Godara, 2021-09-17 A Myriad of Thoughts is a collection of poems challenging the stigma of mental health around the world. Catered towards young adults or just anyone facing the ups and downs in the rollercoaster that we call life, these poems are meant to exhibit the randomness of our daily thoughts and the challenges that one faces with emotional and mental well-being.
