Where Is the Grand Canyon? Jim O'Connor,Who HQ,2015-02-05 There are canyons all over the planet, and the Grand Canyon in Arizona is not the biggest. Yet because of the spectacular colors in the rock layers and fascinating formations of boulders, buttes, and mesas, it is known as one of the Seven Natural Wonders of the World. Starting with a brief overview of how national parks came into being, this book covers all aspects of the canyon--how it formed, which early native people lived there, and what varied wildlife can be found there now. A history of the canyon's end-to-end exploration in the late 1860s and how the Grand Canyon became such a popular vacation spot (5 million tourists visit every year) round out this informative, easy-to-read account.

Grand Canyon Don Lago,2015-10-01 The Grand Canyon has long inspired deep emotions and responses. For the Native Americans who lived there, the canyon was home, full of sacred meanings. For the first European settlers to see it, the canyon drove them to great exploration adventures and Wild West dreams of wealth. The canyon also held deep importance for America's pioneer conservationists such as Teddy Roosevelt, John Muir, and Aldo Leopold, and it played a central role in the emerging environmental movement. The Grand Canyon became a microcosm of the history and evolving values of the National Park Service, long conflicted between encouraging tourism and protecting nature. Many vivid characters shaped the canyon's past. Its largest story is one of cultural history and changing American visions of the land. Grand Canyon: A History of a Natural Wonder and National Park is a mixture of great storytelling, unlikely characters, and important ideas. The book will appeal to both general readers and scholars interested in seeking a broader understanding of the canyon.

Grand Canyon National Park Thomas Alan Ratz,2009 Arizona is proud to have one of the Seven Natural Wonders of the World--the Grand Canyon. With the arrival of the Santa Fe and Union Pacific Railroad in the early 20th century, the development of the canyon began in earnest. The railroads, along with the Santa Fe's business partner, the Fred Harvey Company, greatly promoted the Grand Canyon as a tourist destination through books, pamphlets, and magazine advertisements. On February 26, 1919, Congress established the Grand Canyon National Park, and the federal government became a promoter of the Grand Canyon, too. But perhaps the best promoters of the Grand Canyon were the people who wrote home on picture postcards telling their friends and families about the amazing canyon. A number of the postcards published about the park can be found within the pages of this book.
