**Online Gambling and Crime** James Banks,2016-05-13 Offering the first empirically driven assessment of the development, marketisation, regulation and use of online gambling organisations and their products, this book explores the relationship between online gambling and crime. It draws upon quantitative and qualitative data, including textual and visual analyses of e-gambling advertising and the records of player-protection and standards organisations, together with a virtual ethnography of online gambling subcultures, to examine the ways in which gambling and crime have been approached in practice by gamers, regulatory agencies and online gambling organisations. Building upon contemporary criminological theory, it develops an understanding of online gambling as an arena in which risks and rewards are carefully constructed and through which players navigate, employing their own agency to engage with the very real possibility of victimisation. With attention to the manner in which online gambling can be a source of criminal activity, not only on the part of players, but also criminal entrepreneurs and legitimate gambling businesses, *Online Gambling and Crime* discusses developments in criminal law and regulatory frameworks, evaluating past and present policy on online gambling. A rich examination of the prevalence, incidence and experience of a range of criminal activities linked to gambling on the Internet, this book will appeal to scholars and policy makers in the fields of sociology and criminology, law, the study of culture and subculture, risk, health studies and social policy.

*Snooker's World Champions* Luke Williams,Paul Gadsby,2012-10-05 The top snooker players in the world compete for several trophies every year, but one carries more prestige than all the others put together - the World Championship. No other tournament in the sport carries with it so much history, so many golden moments of spectacular success and dramatic failure. Meticulously researched and including exclusive interview material with Steve Davis, Stephen Hendry and 2005 world champion Shaun Murphy, among others, *Masters of the Baize* is a comprehensive guide to the men who have lifted the greatest prize in snooker. From the legendary Joe Davis, the first champion in 1927, to modern-day masters like Mark Williams, all the sport's world champions are put under the microscope, while the colourful careers of forgotten figures such as Walter Donaldson and John Pulman and rogue heroes like Alex Higgins and Ronnie O'Sullivan are brought vividly to life. After uncovering the inauspicious origins of the game in nineteenth-century India, the authors examine every former world champion in his own comprehensive chapter. Additionally, a special section focuses on the extraordinary popularity of Jimmy White, by far the greatest player never to have won the title and one of the most emotive names in the sport.

**PAT-Snooker Vol. 1** Thomas Hein,2010-02-10 Pat Snooker offers a number of modular exercises that help players develop their

individual snooker skills and monitor their progress continuously. Players now have the opportunity to diagnose their own performance. The difficulty of the exercises is increased gradually, creating a linear structure for individual practice. Practice exercises, performance monitoring and results control are solid foundations for improvement and enjoyable practice. Performance can be monitored either by taking the relevant tests for each individual level (symbolized by the colours of the snooker balls) or by comparing results with other players on the internet platform. PAT Snooker (PAT = Playing Ability Test) is a system to test your snooker skills that lets you compare your own performance against that of other players all over the world. You can assess your own performance and skills. This volume explains the white, red, yellow and green levels. Expert advice provided by the author helps you carry out the exercises.

**Youth and Internet Addiction in China** Trent Bax, 2013-08-15 A form of 'electronic opium' is how some people have characterised young people's internet use in China. The problem of 'internet addiction' (wangyin) is seen by some parents as so severe that they have sought psychiatric help for their children. This book, which is based on extensive original research, including discussions with psychiatrists, parents and 'internet-addicted' young people, explores the conflicting attitudes which this issue reveals. It contrasts the views of young people who see internet use, especially gaming, as a welcome escape from the dehumanising pressures of contemporary Chinese life, with the approach of those such as their parents, who medicalise internet overuse and insist that working hard for good school grades is the correct way to progress. The author shows that these contrasting attitudes lead to battles which are often fierce and violent, and argues that the greater problem may in fact lie with parents and other authority figures, who misguidedly apply high pressure to enforce young people to conform to the empty values of a modern, dehumanised consumer-oriented society.

**Writers' Handbook 2019** J. Paul Dyson, 2018-08-01 The 2019 edition of firstwriter.com's bestselling directory for writers is the perfect book for anyone searching for literary agents, book publishers, or magazines. It contains over 1,300 listings, including revised and updated listings from the 2018 edition, and over 400 brand new entries. • 84 pages of literary agent listings – that's nearly as much as the Writer's Market (53 pages) and the Writers' & Artists' Yearbook (39 pages) combined! • 100 pages of book publisher listings, compared to just 92 pages in the Writers' & Artists' Yearbook. • 90 pages of magazine listings – over 35% more than the 62 pages in the Writers' & Artists' Yearbook. All in a book that is 40% cheaper than the Writer's Market (\$29.99 RRP), and more than 50% cheaper than the Writers' & Artists' Yearbook (£25.00 RRP). Subject indexes for each area provide easy access to the markets you need, with specific lists for everything from romance publishers, to poetry magazines, to literary agents interested in thrillers. International markets become more accessible than ever, with listings that cover both the main publishing centres of New York and London, as well as markets in other English speaking countries. With more and more agents, publishers, and magazines accepting submissions online, this international outlook is now more important than ever. There are no adverts, no advertorials, and no obscure listings padding out hundreds of pages. By including only what's important to writers – contact details for literary agents, publishers, and magazines – this directory is able to provide more listings than its competitors, at a substantially lower price. The book also allows you to create a subscription to the firstwriter.com website for free until 2020. This means you can get free access to the firstwriter.com website, where you can find even more listings, and also benefit from other features such as advanced searches, daily email updates, feedback from users about the markets featured, saved searches, competitions listings, searchable personal notes, and more. "I know firsthand how lonely and dispiriting trying to find an agent and publisher can be. So it's great to find a resource like firstwriter.com that provides contacts, advice and encouragement to aspiring writers. I've been recommending it for years now!" ~ Robin Wade; literary agent at the Wade & Doherty Literary Agency Ltd, and long-term firstwriter.com subscriber
