

Opera

John W. Freeman

Opera as Institution Cristina Scuderi, Ingeborg Zechner, 2020-02-18 This volume brings together ten essays focusing on the diversity of operatic institutions, their protagonists, and historical fortunes in Europe from 1730 to 1917. Its aim is not to understand operatic institutions as locally distinct and isolated organizations, but rather to perceive them as a part of a historically fluctuating, transnational network: a network that was shaped among other things by individual professionals and groups in the opera business (and beyond), as well as by specific socio-cultural and political surroundings. The volume offers new perspectives on a wide range of topics, including networks of cultural exchange, singers as agents in shaping institutional structures, and the influence of socio-cultural, diplomatic, and political factors on operatic production across international borders.

The Opera, Past and Present William Foster Apthorp, 1901

The Lyric Opera Companion Lyric Opera of Chicago, 1991

Opera on Stage Lorenzo Bianconi, Giorgio Pestelli, 2002-07 The History of Italian Opera marks the first time a team of expert scholars has worked together to investigate the Italian operatic tradition in its entirety, rather than limiting its focus to individual eras or major composers and their masterworks. Including both musicologists and historians of other arts, the contributors approach opera not only as a distinctive musical genre but also as a form of

extravagant theater and a complex social phenomenon-resulting in the sort of panoramic view critical to a deep and fruitful understanding of the art. *Opera on Stage*, the second book of this multi-volume work to be published in English-in an expanded and updated version-focuses on staging and viewing Italian opera, from the court spectacles of the late sixteenth century to modern-day commercial productions. Mercedes Viale Ferrero describes the history of theater and stage design, detailing the evolution of the art well into the twentieth century. Gerardo Guccini does the same for stage and opera direction and the development of the director's role as an autonomous creative force. Kathleen Kuzmick Hansell discusses the interrelationships between theatrical ballet and Italian opera, from the age of Venetian opera to the early twentieth century. The visual emphasis of all three contributions is supplemented by over one hundred illustrations, and because much of this material-on the more spectacular visual aspects of Italian opera-has never before appeared in English, *Opera on Stage* will be welcomed by scholars and opera enthusiasts alike.

The Concise Oxford Dictionary of Opera John Warrack, Ewan West, 1996-03-07 Derived from the full Oxford Dictionary of Opera, this is the most authoritative and up-to-date dictionary of opera available in paperback. Fully revised for this new edition, with over 3,500 entries, it is designed to be accessible to all those who enjoy opera, whether at the opera-house or on record. * Composers and their works * Singers and their

notable performances * Plot summaries and separate entries for well-known roles, arias, and choruses
* Leading conductors, producers, and designers *
Opera companies and festivals

The Victrola Book of the Opera Victor Talking Machine Company, 1924

The New York Times Essential Library: Opera Anthony Tommasini, 2004-11-01 An insightful, provocative selection of the best opera performances, chosen by The New York Times's chief classical music critic in one hundred original essays Opera intertwines the drama of the theater with the powerful emotionality of music. In this magical and illuminating guide to the best opera recordings, Anthony Tommasini delves into the ways story and music interweave to create the subtle but telling moments that move us. Tommasini brings to life the rich history of opera performance and the singers and conductors who, over the past century, have come to own the music. He chooses masterworks, such as Arturo Toscanini's *La Boheme*, captured for posterity fifty years after he conducted the opera's 1896 premiere for Puccini, and Leontyne Price's *Leonora in Il Trovatore*, an encapsulation of the ideal Verdi soprano. For aficionados and newcomers alike, Tommasini is the perfect guide to the passions and playfulness of the opera.

The Complete Opera Book: The Stories of the Operas, Together with 400 of the Leading Airs and Motives in Musical Notation Gustav Kobbé, Katharine Wright, 2018-11-13 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know

it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Tosca Giacomo Puccini, Luigi Illica, Giuseppe Giacosa, 1900

Opera and Politics John Bokina, 1997-01-01 To what extent do operas express the political and cultural ideas of their age? How do they reflect the composer's view of the changing relations among art, politics, and society? In this book John Bokina focuses on political aspects and meanings of operas from the baroque to postmodern period, showing the varied ways that operas become sensuous vehicles for the articulation of political ideas. Bokina begins with an analysis of Monteverdi's three extant operas, which address in

an oblique way the political and ideological dualities of aristocratic rule in the seventeenth-century Italy. He then moves to Mozart's Don Giovanni, which he views as a celebration of the demise of a predatory aristocracy. He presents Beethoven's Fidelio as an example of the political spirit of a revolution based on republican virtue, and Wagner's Parsifal as a utopian music drama that projects romantic anticapitalist ideals onto an imagined past. He shows that Strauss's Elektra and Schoenberg's Erwartung transform the traditional operatic depiction of madness by reflecting the emerging Freudian psychoanalysis of that era. And he argues that operas by Pfitzner, Hindemith, and Schoenberg explore the political roles of art and the artists, each couching contemporary conditions in an allegory about the fate of art in a historical period of transition. Finally, Bokina offers a reappraisal of Henze's The Bassarids as a political opera that confronts the promise and limits of the sensual-sexual revolt of the twentieth-century.

The Story of Opera Ernest Markham Lee, 1968

The Victrola Book of the Opera Samuel Holland Rous, 1919

Home Book of the Opera Charles

Annesley, 2011-10-01 Including The Standard Opera Glass Detailed Plots Of The Celebrated Operas With Critical And Biographical Remarks And Dates. With A Double Index And Sixteen Illustrations.

Mozart's Operas Mary Kathleen Hunter, 2008 This wise and friendly guide to Mozart's operas encompasses the full range of his most popular works--Figaro, Don Giovanni, Così, Magic Flute,

Seraglio, Clemenza di Tito--as well as lesser known works like Mitridate and Il re Pastore. Music historian Mary Hunter provides a lively introduction to each opera for any listener who has enjoyed a performance, either on the stage or in a video recording, and who wishes to understand the opera more fully. The Companion includes a synopsis and commentary on each work, as well as background information on the three main genres in which Mozart wrote: opera seria, opera buffa, and Singspiel. An essay on the anatomy of a Mozart opera points out the musical conventions with which the composer worked and suggests nontechnical ways to think about his musical choices. The book also places modern productions of the operas in historical context and explores how modern directors, producers, and conductors present Mozart's works today. Filled with factual information and interesting issues to ponder while watching a performance, this guide will appeal to newcomers and seasoned opera aficionados alike.

Tosca Giacomo Puccini,1905

The Metropolitan Opera Stories of the Great Operas John W. Freeman,1997-10-01 Now offered as a handsome boxed set, this guide treats opera lovers to 225 absorbing plot summaries representing every opera performed today in the world's great houses. Whether used as a pre-performance refresher or a bedside companion, this is an essential addition to any opera lover's library. Two volumes boxed.

Verdi's NABUCCO Burton Fisher,2017-03 A comprehensive study guide of Verdi's 3rd opera, featuring Principals Characters; Brief Story Analysis; Story Narrative with Music Highlight

Examples; insightful and in depth Commentary and Analysis; newly translated Libretto with Italian and English translations side-by-side.
