The first section of the book focuses on essential issues for a successful instrumental program: objectives, assessment and evaluation, motivation, administrative tasks, and recruiting and scheduling (including block scheduling). The second section devotes a chapter to each wind instrument plus percussion and strings, and includes troubleshooting checklists for each instrument. The third section focuses on rehearsal techniques from the first day through high school.

⊡ War Land on the Eastern Front Vejas Gabriel Liulevicius,2000-05-18 War Land on the Eastern Front is a study of a hidden legacy of World War I: the experience of German soldiers on the Eastern front and the long-term effects of their encounter with Eastern Europe. It presents an 'anatomy of an occupation', charting the ambitions and realities of the new German military state there. Using hitherto neglected sources from both occupiers and occupied, official documents, propaganda, memoirs, and novels, it reveals how German views of the East changed during total war. New categories for viewing the East took root along with the idea of a German cultural mission in these supposed wastelands. After Germany's defeat, the Eastern front's 'lessons' were taken up by the Nazis, radicalized, and enacted when German armies returned to the East in World War II. Vejas Gabriel Liulevicius's persuasive and compelling study fills a yawning gap in the literature of the Great War.
