Cal Newport

Uncrowned Will Wight, 2019-09-25 Emriss Silentborn, Memory of the World. Tiberian Arelius, the fallen Patriarch. Akura Malice, Queen of Shadows. Seshethkunaaz, King of Dragons. Reigan Shen, Emperor of Lions. Luminous Queen Sha Miara. The Eight-Man Empire. Northstrider. The Monarchs, the most powerful sacred artists on Cradle, rule with unquestioned authority. They are mysterious and distant, and catching a glimpse of one is privilege enough for a lifetime. Now, they have all gathered in one place, bringing their heirs and greatest students together for a competition to determine whose successor is the best in the world: The Uncrowned King tournament

Paid to Think David Goldsmith, 2012-10-23 Have you ever thought about the fact that a craftsman has more and better tools to solve challenges on the job than the leader of a business or organization does? Leadership tools are usually defined as computers, spreadsheets, data, and even experience, but in reality, leaders need thinking tools that are hard to come by, so they find themselves hunting and pecking for answers in books, at seminars, through on-the-job training programs, from mentors, and at business schools, and still, they're left with gaps. Surely, most leaders are good at what they do, but the daily challenges of their jobs, like accelerating growth, increasing productivity, driving innovation, doing more with less, and balancing work with life don't come with some sort of leadership toolkit...until now. In *Paid to Think*, international consultant David Goldsmith presents his groundbreaking approach to leadership and management based on research revealing the twelve specific activities that all leaders perform on a daily basis, and he provides you with each activity's accompanying tools and instructions proven to boost your performance and that of your entire organization. Take the uncertainty out of everyday leading, convert ideas to realities, and maximize your intellectual value. Learn how decision makers at some of the world's most successful organizations have already used *Paid to Think*'s universal and easily transferable tools—regardless of their industries, sectors, geographic locations, or management levels—as their greatest advantages in achieving more, earning more, and living more.

The Martin Chronicles John Fried, 2020-01-07 A powerful and heartfelt coming-of-age novel that follows Martin Kelso as he grows up in 1980s New York and faces the magic of first experiences, as well as the heartbreak of hard-won life lessons. Martin Kelso's comfortable world starts to change at the age of eleven. Girls get under his skin in ways he never noticed before. His cousin Evie, who used to be Marty's closest confidante--the one who taught him the right way to eat a pizza and how to catch tadpoles--has grown up into a stranger, mysterious and unpredictable. Marty and his best friends once inhabited fantasy worlds of their own making, full of cowboys and cops and robbers, where the heroes always won the day. But now, as neighborhood kids are attacked on their walk to school, they find themselves wanting to play a new game that better prepares them for real life. As life changes quickly and Marty feels less secure with himself, the difference between games and reality, friend and foe, and right from wrong becomes much more difficult to distinguish. At the same time, this new world offers possibilities as exciting as they are frightening. This poignant debut perfectly captures the intense emotion, humor, and earnestness of young adulthood as Marty, age eleven to seventeen, navigates a series of life-changing firsts: first kiss, first enemy, first loss, and, ultimately, his first awareness that the world is not as simple a place as he had once imagined.

Side Hustle Chris Guillebeau, 2017-09-19 The author of the New York Times Bestseller *THE \$100 STARTUP*, shows how to launch a profitable side hustle in just 27 days. To some, the idea of quitting their day job to start a business is exhilarating. For others, it's terrifying. After all, a job that produces a steady paycheck can be difficult to give up. But in a time when businesses have so little loyalty to employees that the very notion of "job security" has become a punchline, wouldn't it be great to have an additional source

of income to fall back on? And wouldn't it be great to make that happen without leaving your day job? Enter the Side Hustle. Based on detailed information from hundreds of case studies, Chris Guillebeau provides a step-by-step guide that anyone can use to create and launch a profitable project in less than a month. Designed for the busy and impatient, this plan will have you generating income immediately, without the risk of throwing yourself head first into the world of entrepreneurship. Whether you just want to make some extra money, or start something that may end up replacing your day job entirely, the side hustle is the new job security. When you generate income from multiple sources, it gives you options, and in today's world, options aren't just nice to have: they're essential. You don't need entrepreneurial experience to launch a profitable side hustle. You don't need a business degree, know how to code, or be an expert marketer. And you certainly don't need employees or investors. With this book as your guide, anyone can learn to build a fast track to freedom.

How to Become a Straight-A Student Cal Newport, 2006-12-26 Looking to jumpstart your GPA? Most college students believe that straight A's can be achieved only through cramming and painful all-nighters at the library. But Cal Newport knows that real straight-A students don't study harder—they study smarter. A breakthrough approach to acing academic assignments, from quizzes and exams to essays and papers, *How to Become a Straight-A Student* reveals for the first time the proven study secrets of real straight-A students across the country and weaves them into a simple, practical system that anyone can master. You will learn how to: • Streamline and maximize your study time • Conquer procrastination • Absorb the material quickly and effectively • Know which reading assignments are critical—and which are not • Target the paper topics that wow professors • Provide A+ answers on exams • Write stellar prose without the agony A strategic blueprint for success that promises more free time, more fun, and top-tier results, *How to Become a Straight-A Student* is the only study guide written by students for students—with the insider knowledge and real-world methods to help you master the college system and rise to the top of the class.

Read Books All Day and Get Paid For It: The Business of Book Coaching Jennie Nash, 2020-01-14 There's a new player in the gig economy that's perfect for people who love books. It's called book coaching, and you really do get to read books all day and get paid for it. A book coach is a strategic professional who guides a writer through the creative process of developing a book -- helping them define the project, design the best narrative structure to tell their tale, and build both their confidence and their editorial skills as they write forward. Part project manager, part editor, part cheerleader, being a book coach is intellectually stimulating, soulful, satisfying work that you can do on your own time from the comfort of your own home. In *Read Books All Day and Get Paid For It: The Business of Being a Book Coach*, Jennie Nash, a multiple six-figure book coach and the founder and CEO of Author Accelerator, shares the nuts and bolts of the book coaching business -- touching on everything from pricing and processes to marketing and mindset. Jennie has trained more than 50 book coaches in how to coach fiction and nonfiction writers, and now she is sharing her secrets about how to run a successful side hustle or full-time book coaching business.

Get Paid to Write! Thomas Andrew Williams, 2004 Most books on freelance writing promise the moon and don't deliver. Freelance writing is not an easy ticket to wealth -- it's an enjoyable profession for the person who has some talent and the desire to work hard. Tom Williams gives the guidance needed to make your efforts pay off. His advice is highly practical, detailed, tested, and no-nonsense. He doesn't overwhelm the reader with irrelevant digressions, or load the book with fluff and empty promises. Instead, he offers hard-earned tips, insight into how editors think, and all the information a writer needs to become a successful freelancer. None of the competitive books reveals the stylistic secrets that editors are looking

for, how to protect your ideas, or what happens when your book or article gets published; Williams thoroughly covers these areas.

How to Get Paid for What You Know Graham Cochrane, 2022-03-22 You may not know it, but you are sitting on a goldmine. Your knowledge, passions, and skills can be transformed into a lucrative income stream that requires no college degree, zero employees, and less than \$50 to get started. Whether it takes shape as a full-fledged business, a side hustle, or automated earnings is up to you! Before you can monetize what you know, you'll need to learn the dynamics of the knowledge economy. There's no one better to teach you than Graham Cochrane—business coach, YouTuber, and founder of The Recording Revolution, a once no-name blog about music turned 7-figure business that requires fewer than 5 hours per week of work. With *How to Get Paid for What You Know*, he provides a proven 6-step system for turning your ideas, skills, and passions into an income stream that puts money in your bank account day and night, whether you're working or not. In this book, you'll learn how to: Discover your idea and ensure it will be profitable, Build an audience, Package your knowledge into a highly desirable digital product, Sell online in an authentic and ethical way, Leverage simple online tools to market your product, and Automate the entire process so that income flows to you even when you're not working. Follow these steps and you'll be well on your way to creating better stability in your income and finding more fulfillment in your work and, ultimately, your life. *How to Get Paid for What You Know* is your essential guide to a new and better way to make a living.

The Financially Challenged Wilson J. Humber, 1995 Packed with eye-opening principles that will help the financially challenged move beyond their challenges, this book offers practical steps to steer clear of—or emerge from—financial disaster. Graphs and charts.

(Not) Getting Paid to Do What You Love Brooke Erin Duffy, 2017-06-27 An illuminating investigation into a class of enterprising women aspiring to “make it” in the social media economy but often finding only unpaid work. Profound transformations in our digital society have brought many enterprising women to social media platforms—from blogs to YouTube to Instagram—in hopes of channeling their talents into fulfilling careers. In this eye-opening book, Brooke Erin Duffy draws much-needed attention to the gap between the handful who find lucrative careers and the rest, whose “passion projects” amount to free work for corporate brands. Drawing on interviews and fieldwork, Duffy offers fascinating insights into the work and lives of fashion bloggers, beauty vloggers, and designers. She connects the activities of these women to larger shifts in unpaid and gendered labor, offering a lens through which to understand, anticipate, and critique broader transformations in the creative economy. At a moment when social media offer the rousing assurance that anyone can “make it”—and stand out among freelancers, temps, and gig workers—Duffy asks us all to consider the stakes of not getting paid to do what you love.

Financial Freedom Grant Sabatier, 2020-04-07 The International Bestseller New York Public Library's Top 10 Think Thrifty Reads of 2023 This book blew my mind. More importantly, it made financial independence seem achievable. I read *Financial Freedom* three times, cover-to-cover. —Lifehacker Money is unlimited. Time is not. Become financially independent as fast as possible. In 2010, 24-year old Grant Sabatier woke up to find he had \$2.26 in his bank account. Five years later, he had a net worth of over \$1.25 million, and CNBC began calling him the Millennial Millionaire. By age 30, he had reached financial independence. Along the way he uncovered that most of the accepted wisdom about money, work, and retirement is either incorrect, incomplete, or so old-school it's obsolete. *Financial Freedom* is a step-by-step path to make more money in less time, so you have more time for the things you love. It challenges the accepted narrative of spending decades working a traditional 9 to 5 job, pinching pennies, and finally

earning the right to retirement at age 65, and instead offers readers an alternative: forget everything you've ever learned about money so that you can actually live the life you want. Sabatier offers surprising, counter-intuitive advice on topics such as how to: * Create profitable side hustles that you can turn into passive income streams or full-time businesses * Save money without giving up what makes you happy * Negotiate more out of your employer than you thought possible * Travel the world for less * Live for free--or better yet, make money on your living situation * Create a simple, money-making portfolio that only needs minor adjustments * Think creatively--there are so many ways to make money, but we don't see them. But most importantly, Sabatier highlights that, while one's ability to make money is limitless, one's time is not. There's also a limit to how much you can save, but not to how much money you can make. No one should spend precious years working at a job they dislike or worrying about how to make ends meet. Perhaps the biggest surprise: You need less money to retire at age 30 than you do at age 65. Financial Freedom is not merely a laundry list of advice to follow to get rich quick--it's a practical roadmap to living life on one's own terms, as soon as possible.

Get Paid to Write a Book: Write a Non-Fiction Book Proposal and Sell It Jim Stephens, 2015-05-29 Sell your book the easy way --- sell a proposal You can get paid to write a book. It's easily possible to make a fast \$10,000, or even a six figure amount. You could even make seven figures --- over a million dollars for twenty pages of text. It sounds incredible, but a fast seven figures is certainly possible if you have a HOT, hot idea or have had an experience that hundreds of thousands of people want to read about. In his 2001 book about writing non-fiction, *Why Didn't I Write That?*, author Marc McCutcheon says that it's not hard to make a good income: you can learn the trade and begin making a respectable income much faster than most people think possible. The good part is that you don't need to write your book before you get some money. You write a proposal, and a publisher will give you an advance, which you can live on while you write the book. Writing a proposal is the smart way to write a book. It's the way professional writers sell non-fiction. Selling a book on a proposal is much easier than selling a book that you've already written. A book proposal is a complete description of your book. It contains the title, an explanation of what the book's about, an outline of chapters, a market and competition survey, and a sample chapter. A book proposal functions in the same way as any business proposal does: you're making an offer to someone you hope to do business with. It will be treated by publishers in the same way that any business treats a proposal. A publisher will read your proposal, assess its feasibility, cost it, and if it looks as if the publisher will make money, the publisher will pay you to write the book. When you've sold your proposed book to a publisher, your role doesn't end with writing your book. You're in partnership with your publisher to ensure the book's success. If you do your part, both you and your publisher will make money.

Get Paid What You're Worth Robin L. Pinkley, Gregory B. Northcraft, 2014-09-02 In *Get Paid What You're Worth*, Robin L. Pinkley and Gregory B. Northcraft tell you how you can begin getting paid what you're worth--today! -Learn why there may be more money available for you than you think -Find out how to expand the pie so you earn higher compensation -Get the confidence to turn your strategic thinking into specific action -Benefit from a panel of negotiations experts and their decades of experience

The Locker Exchange Ann Rae, 2022-07-12 For Westwood senior Brynn Cadence, high school drama is taken to a whole new level when she discovers the dead body of a classmate on the football field one Friday night. When she tells the police she saw a masked figure fleeing up the bleachers, they dismiss her and label the death accidental. With no one believing what she saw, Brynn's internal walls start to go up. But there's one wall she has no control over—the one that separates her and Kyler Fellan's gym lockers. That's right, Brynn opens her locker only to find herself face-to-face with the shirtless abs of the school's

star football player and resident flirt. While not an unwelcome surprise, Brynn knows she should leave her fluttering feelings for Kyler on the locker room floor in order to focus on exposing the truth of her classmate's death. But Kyler's top jock status has made him privy to some potentially useful gossip, making him a helpful and trustworthy partner in her investigation. As two find themselves delving deeper into the case, they are inevitably drawn closer to each other—even if that isn't safe for either of them.

Are You Paid what You're Worth? Michael O'Malley, 1998 Cutting through the increasingly arcane jargon of corporate compensation plans, this nuts-and-bolts guide is the first to show readers exactly how to determine their competitive worth in the workplace and gives them the confidence and the proven strategies to get what they deserve.

Pet Akwaeke Emezi, 2019-09-10 NATIONAL BOOK AWARD FINALIST • STONEWALL BOOK AWARD WINNER • ONE OF TIME MAGAZINE'S 100 BEST YA BOOKS OF ALL TIME NAMED ONE OF THE BEST BOOKS OF THE YEAR by The New York Times • Time • BuzzFeed • NPR • New York Public Library • Publishers Weekly • School Library Journal A genre-defying novel from the award-winning author NPR describes as "like [Madeline] L'Engle...glorious." A singular book that explores themes of identity and justice. Pet is here to hunt a monster. Are you brave enough to look? There are no monsters anymore, or so the children in the city of Lucille are taught. Jam and her best friend, Redemption, have grown up with this lesson all their life. But when Jam meets Pet, a creature made of horns and colors and claws, who emerges from one of her mother's paintings and a drop of Jam's blood, she must reconsider what she's been told. Pet has come to hunt a monster, and the shadow of something grim lurks in Redemption's house. Jam must fight not only to protect her best friend, but also to uncover the truth, and the answer to the question--How do you save the world from monsters if no one will admit they exist? A riveting and timely young adult debut novel that asks difficult questions about what choices you can make when the society around you is in denial. [A] beautiful, genre-expanding debut –The New York Times The word hype was invented to describe books like this. –Refinery29

The Forever Portfolio James Altucher, 2008 Warren Buffet once said that his favourite period for a stock is 'forever'. Here, James Altucher shows how to find 'forever' stocks - ones that can be safely bought and held for at least 20 years. These companies will profit from broad demographic trends and can ride short-term market fluctuations. The Forever Portfolio shows investors how to build a strong, consistent, long-term portfolio, diversified enough to withstand the various cycles of the market.'

You're Paid What You're Worth Jake Rosenfeld, 2021-01-19 A myth-busting book challenges the idea that we're paid according to objective criteria and places power and social conflict at the heart of economic analysis. Your pay depends on your productivity and occupation. If you earn roughly the same as others in your job, with the precise level determined by your performance, then you're paid market value. And who can question something as objective and impersonal as the market? That, at least, is how many of us tend to think. But according to Jake Rosenfeld, we need to think again. Job performance and occupational characteristics do play a role in determining pay, but judgments of productivity and value are also highly subjective. What makes a lawyer more valuable than a teacher? How do you measure the output of a police officer, a professor, or a reporter? Why, in the past few decades, did CEOs suddenly become hundreds of times more valuable than their employees? The answers lie not in objective criteria but in battles over interests and ideals. In this contest four dynamics are paramount: power, inertia, mimicry, and demands for equity. Power struggles legitimize pay for particular jobs, and organizational inertia makes that pay seem natural. Mimicry encourages employers to do what peers are doing. And workers are on the lookout for practices that seem unfair. Rosenfeld shows us how these dynamics play out in real-world settings,

drawing on cutting-edge economics, original survey data, and a journalistic eye for compelling stories and revealing details. At a time when unions and bargaining power are declining and inequality is rising, *You're Paid What You're Worth* is a crucial resource for understanding that most basic of social questions: Who gets what and why?

I Can Get Paid for That? Jo Stewart,2018-04-10 Stuck in a career rut—or finished studying and not sure which direction to take? This book will give you a path to a creative career. This book is both an inspirational and a practical guidebook, and it profiles 99 interesting, unusual, and relatively unexplored creative career options—from smoke jumpers to fortune-cookie writers, truffle hunters to food stylists, and golf-ball divers to perfumers. While some of the featured careers may not be for everyone (taxidermy, anyone?) others may be the perfect fit for someone’s skill set, interests, talents, and curiosities. This book is an uplifting, positive guide for those that like to think outside the box. Think of it as the alternative career guide your guidance counselor was too afraid to talk about.

Where the Sea Used to Be Rick Bass,1998 A romance in the wilds of Montana between an oil prospector and a woman who studies wolves. Together they face the forces of nature and the strong-willed Texan who is her father and his employer.
