The collection - that is also a philosophy of animation - foregrounds new critical perspectives on animation, connects them to historical and contemporary philosophical and theoretical contexts and production practice, and expands the existing canon. launched Pyrex Vision, Abloh has been translating his tools and techniques from his training as an architect and engineer into the fashion world and beyond. He eventually closed Pyrex Vision to open Off-White(TM), collaborating with brands like Nike, musicians, architects, and others. The 10,000 Dollar Flip Book, 2012-10-31 From photographer Santiago Melazzini, maker of popular flipbooks such as *Tango Dancer* and *I Love You*, comes a special four-in-one, full-color flipbook disguised as a stack of \$100 bills. Running a thumb over the edges of the "bills" in the stack, the viewer will observe four short, satirical films on the transience of wealth. A recurring cast of characters plays roles based on stereotypes from slapstick silent movies: the wealthy, arrogant high roller; the robber in his prison stripes and domino mask; and the opportunistic showgirl. In a time of financial uncertainty gripping the world, this playful and good-natured item is a reminder that fortunes can change in the blink of an eye, but a sense of humor is an asset that, once possessed, can never be taken away.
