Create Your Own Photo Book Petra Vogt,2012-05-25 These days, photographs live on hard drives and DVDs in the company of several thousand other images, coming to light on a computer screen only for a short moment, if ever. In that respect our computer is a one-image-at-a-time exhibition of our photographic work. But as photographers, we like to print our best images, frame and show them at home or at an exhibition, or present a collection of prints in a portfolio. This book will guide you through the process of creating a printed and bound portfolio of your photographs, or even a bookstore-quality coffee table book. Learn about every step of the process, from selecting a book publishing service all the way through designing and proofing your photo book. You'll get practical advice on how to work with software provided by services such as Blurb or Viovio, and will learn about relevant concepts of book design, color management, and digital printing. Create your Own Photo Book is the perfect guide for the aspiring amateur photographer as well as the seasoned pro.

The New Design Rules Emily Henderson,Jessica Cumberbatch Anderson,2022-05-10 From the author of the New York Times bestseller *Styled*, here is Emily Henderson's masterclass on interior design. “An approachable guide for anyone who is looking for tools and resources to create a home that speaks to who they are and what they love.”—Joanna Gaines Whether you’re embarking on a weekend refresh or complete renovation, interior designer Emily Henderson wants you to take risks with your home design without experiencing regret. In this visually driven decorating bible punctuated with photographs from real homes and colorful illustrations, she takes you through her entire process, including every single decision she makes when it comes to picking paint, arranging furniture, hanging window treatments, and deciding on lighting fixtures. You'll also learn when to hire a contractor versus an architect versus a handyperson, all the materials to consider (and why you might want to skip those marble countertops), proper measurements of the elements in each room, and so much more. By the end of the book, you'll feel more confident when it comes to visualizing the home of your dreams, and you'll finally know how to make it happen.

The Art of the Wedding Relais & Châteaux North America,2021-09-28 Inspiring ideas for hosting a spectacular wedding from the experts of Relais & Châteaux, the world’s finest hotel and restaurant association. Whether intimate or grand in scale, every couple wants to create a memorable wedding that feels personal and completely unique to them. The enchanting weddings featured here showcase imaginative ideas for a wide range of celebrations, from a cozy affair on a rustic ranch to a vibrant seaside celebration to a sophisticated dinner in a city mansion. Proprietors, wedding planners, florists, and chefs offer their insights on everything from distinctive invitations and stunning floral designs to creative cakes and inviting table settings, culminating in the ultimate go-to resource for weddings.

Ruin Brian Vanden Brink,2009 Brian Vanden Brink is one of America's most sought-after architectural photographers. He is also drawn to the mystery and unexpected beauty found in abandoned architecture. Here Vanden Brink captures and illuminates in stunning black and white images abandoned structures such as mills, bridges, grain elevators, churches, and storefronts-structures that once were important and useful. With text by historic preservation expert Howard Mansfield, this collection of photos grants permanence to places that may soon vanish forever.

German Capital Ships of the Second World War Siegfried Breyer,Miroslaw Skwiot,2012-05-02 “Outstanding . . . covers the major units starting with the Deutschland Class, through the Scharnhorst and Gneisenau, to the Bismarck and Tirpitz.” —WW2 Cruisers The Kriegsmarine’s capital ships—Deutschland, Admiral Scheer, Graf Spee, Scharnhorst, Gneisenau, Bismarck, and Tirpitz—continue to generate intense interest among warship enthusiasts, despite the fact that no new source of information has been unearthed in decades. What has come to light, however, is a growing number of photographs, many from private albums and some that lay forgotten in obscure archives. These include many close-ups and onboard shots of great value to modelmakers, as well as rare action photos taken during wartime operations. This book is a careful selection of the best of these, but on a grand scale, with around one hundred images devoted to each ship, allowing in-depth coverage of its whole career, from launching and fitting out to whatever fate the war had waiting for it. For sake of completeness, there are even sections reproducing the various design studies that led to each class, while an appendix covers the uncompleted Graf Zeppelin, Germany’s only attempt to build an aircraft carrier, the vessel which clearly displaced the battleship as the capital ship of the world’s navies during the war. Essays on technical backgrounds and design origins by the well-known expert Siegfried Breyer and explanatory captions by Miroslaw Skwiot draw out the full significance of this magnificent collection of photos. “Highly recommended for those who wish to admire seven of the most magnificent warships built anywhere in the twentieth century. We will certainly never see their like again.” —Journal of the Australian Naval Institute

Digital Imaging for Visual Artists Sally Wiener Grotta,Daniel Grotta,1994 Filled with advice from leading experts in the field, Digital Imaging demystifies computerized art for photographers, artists, and illustrators. The book provides a vital overview of terms and concepts, professional techniques, computer hardware and software, and sources of information and assistance.

The World Book Encyclopedia ,2002 An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Making Faces Abrams Appleseed,2017-05-30 This baby is happy. Can you make a happy face? Find the happy baby! This bold, beautiful board book features six essential facial expressions: happy, sad, angry, surprised, silly, and sleepy. The idea is simple: Show a large, establishing image of a baby’s face, then children making the same face, then ask the reader to find that baby among several other faces. The very last spread includes all of the baby faces and a mirror so babies can watch themselves make every face imaginable.

Home in the Woods Eliza Wheeler,2019-10-01 This stunningly beautiful picture book from New York Times bestselling author-illustrator Eliza Wheeler is based on her grandmother's childhood and pays homage to a family's fortitude as they discover the meaning of home. Eliza Wheeler's gorgeously illustrated book tells the story of what happens when six-year-old Marvel, her seven siblings, and their mom must start all over again after their father has died. Deep in the woods of Wisconsin they find a tar-paper shack. It doesn't seem like much of a home, but they soon start seeing what it could be. During their first year it's a struggle to maintain the shack and make sure they have enough to eat. But each season also brings its own delights and blessings--and the children always find a way to have fun. Most importantly, the family finds immense joy in being together, surrounded by nature. And slowly, their little shack starts feeling like a true home--warm, bright, and filled up with love.

Photo Album for Special Moments Cute Photo Book,2020-05-13 Your own Photo Book for Memories with writing Space 120 Pages for 240 Photos(6x4) glossy Cover, Paperback for Family, Friendship, Love and Fun Keep your Memories

Images of the Waffen-SS Mark C. Yerger,1996 Mark C. Yerger, responding to requests from readers of his previous books, this new photo album provides material for the model builder, vehicle enthusiast, memorabilia collector and those interested in SS holders of the Knight's Cross.

The Off-Camera Flash Handbook Vanessa Joy,2020-01-06

If your past attempts at learning flash have all ended in failure (not to mention tears and/or blind rage), then *The Off-Camera Flash Handbook* is about to change everything for you. For years, photographer Vanessa Joy has been using off-camera flash to create gorgeous portraits that look like they were shot in the most beautiful natural light at the perfect time of day. Well, guess what? That consistent look was not created thanks to the most amazing luck with the weather. No. It was created by a pro photographer who mastered her use of off-camera flash. And with her down-to-earth and practical explanations, that’s exactly what Vanessa teaches you in this book.

Vanessa breaks down off-camera flash into an easy-to-understand approach, and instead of focusing on the gear and the settings (which are also included, of course), she focuses on the kinds of shots you want to make. This book is about learning to use off-camera flash easily and quickly so that you can create beautiful, natural-looking light in any situation, at any time you need it...regardless of the weather or time of day.

The book is divided into three parts. Part One covers the fundamentals of off-camera flash, and it does so without blasting you with a firehose of information. Instead, Vanessa gives you the basics you need so that you can start shooting right away without becoming overwhelmed with technical jargon.

Once you're set up and ready to go, Vanessa jumps right into Part Two with specific photo scenarios and real-world situations where you'll learn key techniques for using your flash to create consistent, beautiful photographs. For each scenario, Vanessa provides the goal for the shoot, a gear list, the step-by-step shooting instructions, and images that show both the progress of the shoot and the behind-the-scenes shots or lighting diagrams of the setup. She also discusses problems you may encounter, variations on the shot, and additional practical scenarios for each situation.

Just a few examples include:

- Recreating the golden hour at any time
- Shooting groups
- Making indoors look like outdoors
- Enhancing natural light
- Using flash at events
- Working in harsh sunlight
- Creating silhouettes
- Shooting at sunset
- Fixing an ugly-light room
- And much more

Finally, Part Three tackles the questions you'll likely have once you've got the basics under your belt and you're already creating great photos with your off-camera flash—things like high-speed sync, sync speed, a practical understanding of the inverse square law, etc. There is also a helpful FAQ section at the end of the book.

TABLE OF CONTENTS

PART 3: Features, Troubleshooting, and FAQs

WTF Are You Talking About?

But Light Doesn't Do That

Beneath the Garden State Herb Segars,2012 Illustrated with over 230 brilliant color photos, this unique book introduces readers to the strange and beautiful animals found in the Atlantic waters off New Jersey. See the beauty of the one-half-inch long naked sea butterfly or the fascinating blue shark, sandbar shark, and sand tiger shark. Watch a goosefish (monkfish) devour a black sea bass or a sea star growing new arms. The subjects are both familiar and unfamiliar. Visit New Jersey's artificial reefs made of subway cars, army tanks, armored personnel carriers, tugboats, and large ships. New Jersey's coastline is home to more than 2,000 shipwrecks, some of the more famous of which are captured here. The author's personal accounts of thirty years of scuba diving and photographing in New Jersey round out this engaging book. Whether you are a fisherman, scuba diver, surfer, beach lover, environmentalist or just someone who loves the ocean, this is the book for you.

The Unforgettable Photograph George Lange,2013-09-10 Renowned photographer George Lange's work is guided by one simple truth: An unforgettable photograph is not about what the subject looks like, but what it feels like. In this entirely new kind of photography guide, written by Mr. Lange and Scott Mowbray, magazine editor and longtime amateur photographer, the rest of us will learn how to take photographs that don't just document life but celebrate it. No fancy equipment required. Just hundreds of simple, inspiring ideas and lessons—each one illustrated with a photograph—organized around the six essential principles of seeing like a photographer. (Here's one: Shoot the Moment, Not the Subject.) Here's why to shoot in natural light—always. The fun of putting babies in surprising places. How to get intimate with food. Using a dramatic sky as your backdrop. The benefit of learning to know the light in every room of your house. Shooting hands or feet instead of faces. How to move past the "I was here" postcard effect. How to catch the in-between moments. Because in the end, it's about living the moment, shooting the moment—and being in the moment forever.

Our Family History ,2012-08-30 Create a record of your family's history, display memorable family photos, and chart out your family tree with this beautifully designed hardcover book. Our Family History includes the Record Book, Photo Album, and Family Tree chart plus a place to store family photo CDs. A family record is more than names, dates and places. It is about people—what they did, the why, and the how. Our Family Record Book is designed so you can record forever, in one volume, the history of your family and your ancestors. Create a treasured family heirloom with this beautifully crafted, 96-page book. Then, use the full size genealogy chart to record how your family moved from one generation to the next. Once completed, Our Family Tree can be an heirloom for future generations to come. Finally, mount your cherished family photographs in the photo album's beautifully illustrated pre-cut sleeves. Create a priceless treasure you can pass on to generations to come. Our Family History also makes a wonderful gift for relatives or friends. This kit contains: Family record book - create a treasured family heirloom with this beautifully crafted 96 page book Family tree chart - record your family history on this full size genealogy chart Photo album - mount your cherished family photographs in the illustrated pre-cut sleeves Help sheet - advice on how to start researching your family tree, people to contact, and books to read.

Handmade Houses Art Boericke,Barry Shapiro,1973 Examples of owner-built houses are depicted in this photographic journey through the countryside.

Paul Natkin Paul Natkin,2022-06-21 Every photographer knows the moment of truth, and every picture tells a story. Over the past four decades, Paul Natkin has had a front-row seat for music history, attending over 10,000 shows and concerts to chronicle the excitement and excess of the music industry. Since the 1970s, he has photographed most of the major music stars of the last half of the 20th century, shooting album covers for Ozzy Osbourne and Johnny Winter and countless magazine covers, including Newsweek, People, Spin and Ebony. The Moment of Truth is Natkin's documentary as a witness to the music industry during his illustrious 40-plus years as a photographer and fan.

Our Special Photo Album Speedy Publishing Llc,2014-02 The Benefits and Uses of a Family Photo Album Every family should have a family photo album. In today's modern age, where photos are uploaded to social media and forgotten, photo albums are particularly important. Having physical copies of photographs of a family's most significant events can be quite meaningful. A family photo album can contain wedding pictures, pictures of children's formative years, pictures of favorite pets, and pictures of fun events in the family's life. Keeping photos like these in chronological order within a photo album lets a family look through their lives together with ease. Photo albums are also a wonderful way to leave future family members a glimpse into the lives of relatives they might never meet.

Be The Ocean: Hand-painted Words On The Vastness Of The Human Spirit And The Sea Michael F. DuBois,Larissa Farrell,2020-04-18 Featuring a hand-watercolored version of the popular poem, Be The Ocean is a thoughtfully-designed hardcover photo book about embracing one's self and learning from the sea. A must-have for beach homes, backpacks, sandy towels, coffee tables and shelves of every shore-loving soul.
