**A Photo Slideshow** Annette Smith,2011 Learn how to make a photo slide show with your family photos.--Publisher.

*Slideshow* M. Darsie Alexander,Charles Harrison,Robert Storr,2005 Since the 1960s, an international group of artists has embraced slide projection as a dynamic alternative to the tradition of painting, blending aspects of photography, film, and installation art. Slide Show is the first in-depth examination of how slides evolved into one of the most exciting art forms of our time. Essays by leading scholars and 200 color illustrations provide visual, historical, and critical insight into this unique medium.

*Creating a Photo Book and Slideshow with iPhoto 5* Elizabeth Castro,2005 Whether it's charming wallet-size photo-booklet party favors or slideshows with dazzling transitions and synched-up soundtracks that users want to create with iPhoto, chances are they don't want to learn about every last iPhoto feature and function to do so. They just want to create something quickly--and this colorful, compact guide lets them. Veteran author Elizabeth Castro starts at the beginning, showing readers how to import, organize, edit, and select the best photos for use in their iPhoto books and slideshows. From there, she launches into the heart of this book--project-based instruction for creating books and slideshows with iPhoto. Throughout the focus is on doing as full-page, full-color screen shots and simple, step-by-step instructions lead readers through the process of assembling their first books and slideshows with iPhoto. Along the way, users will learn to take advantage of iPhoto's coolest new features: a slew of useful image-editing tools; an improved book-creation engine that lets you drag and drop photos into different layouts with ease; new ways to store, browse, and edit images; and a wider variety of styles, options, and layouts for photo books.

**Sports Illustrated Slide Show** Editors of Sports Illustrated,2009-05-05 If every picture tells a story, every slide tells an even deeper one. Tucked away in Sports Illustrated's photo archive sits 50 years worth of film, a frame-by-frame depiction of the history of sports over the last half a century. The stickers and scribbles along a single slide's border are like tags on a streamer trunk, telling the story of that photo's journey from the playing field to the magazine. This book selects the most colorful of these slides and presents the mounts as objects of art in an oversized 176-page collection, complete with behind-the-scenes vignettes of how the shots came to be. Some slides capture classic SI cover images (Dwight Clark's catch in the 1982 NFC Championship Game or Brandi Chastain ripping her shirt off at the 1999 World Cup) while others are simply great photos (Pete Rose running at full

speed or Joe Namath lounging poolside before Super Bowl III). The images themselves are iconic, but by seeing them as slides you get that extra step back. You can see the history that has been made from these flashes of an instant.

*LISA AND JOHN SLIDESHOW: DAVID MOORE PB* Makina Books, 2019-10 In 2012, photographer David Moore returned to the site of his celebrated 1980s colour documentary series Pictures from the Real World. Moore offered the full archive of the project to Lisa and John, two subjects of the original series and asked them to make their own selections. The outcome released many previously unseen photographs and became the acclaimed script and play The Lisa and John Slideshow - a contemporary piece of documentary theatre addressing family memory, loss and the everyday. This book includes more than 40 previously unpublished colour photographs from the Pictures From the Real World archive and a new essay, Acting Out: David, Lisa and John by curator Val Williams. A photographic documentary archive from its very insides, where content is redrawn with the subjects' own words. - Karen McQuaid, (Senior Curator, The Photographers' Gallery, London) The 80s were a great decade for British colour documentary photography. The Lisa and John Slideshow is unique as it brings to life photographs of the family first seen in Pictures from the Real World and as such is a valuable contribution to understanding this decade. - Martin Parr (Photographer)
