In other words, people who weren't a threat--until now. Twins Sam and Wyatt are ready to chuck their labels, break free from their captors, and inspire others to do the same. It's time for the last picked to step into the game. Jason Walz pairs vivid world-building and a fast-paced adventure in a beautiful story of sibling devotion. With humor and action, Last Pick shares an empowering message about the dangers of labeling and writing people off.

Pick Three Randi Zuckerberg, 2018-05-15 A New York Times bestseller! In this motivational handbook—both a business how-to and self-help guide—the New York Times bestselling author of Dot Complicated takes on the fallacy of the well-balanced life, arguing that the key to success is learning to be well-lopsided. Work. Sleep. Fitness. Family. Friends. Pick Three. In an increasingly demanding world, we've been told that we can do everything—maintain friendships, devote ourselves to work, spend time with family, stay fit, and get enough sleep. We just need to learn to balance it all. Randi Zuckerberg doesn't believe in being well-balanced. We can't do it all every day, she contends, and trying to do so only leaves us frustrated and feeling inadequate. But we can succeed if we Pick Three. Randi first introduced the concept of Pick Three in a tweet—The Entrepreneur's Dilemma—that went viral. Now, in this book, she expands on her philosophy and inspires others to follow her lead. From entrepreneurs to professionals, busy parents to students, Randi can help everyone learn to reject the unrealistic burden of balance and enjoy success in their own lives—by picking the most important areas to focus on in any given day. This practical handbook includes stories from Randi's career learning that there's no such thing as a perfect balance—as well as insights and examples from other professionals at the top of the biggest businesses in Silicon Valley, new moms searching for permission to focus on family, and recent graduates convinced they should have it all under control, including Arianna Huffington, Reshma Saujani, Laurie Hernandez, and Brad Takei. We can't have it all every day, and that's okay, Randi reminds us. Pick Three is her much-needed guide to learning to embrace the well-lopsided life.

Pick Me Up Adam J. Kurtz, 2016-10-04 A quirky, creative companion that offers a pick-me-up on every page On the heels of his internationally successful first book, 1 Page at a Time, graphic designer and illustrator Adam J. Kurtz delivers another intimate and engaging journal for anyone who loves to explore ideas, record thoughts and feelings, and capture those fleeting but amazing moments of everyday life. Unlike a linear journal, this book can be opened up to any page, encouraging and engaging readers time and time again through continued use. Rather than simply complete tasks and turn pages, users are encouraged to leave their mark, and if they land on the same page days or weeks later, they can review, reflect, and revise their previous response. Feeling lonely? Pensive? Peeved? Questioning? This deceptively simple book offers perspective, hope, and a twist of existential metaphor – and is perfect to pick up again and again.

Pick, Spit & Scratch Julia Garstecki, 2018-11-27 Parents and teachers, turn nagging about nose-picking and other gross habits into STEM learning moments with Pick, Spit & Scratch! Each spread presents a specific bad habit along with weird, disgusting facts. As any parent or teacher will attest, all kids have bad habits from, er, time to time. They pick their nose. They hold their pee. Or pee in pools. They pick their nose. They don't brush their teeth. They pick their nose. But we seldom stop to think that there are science lessons in these habits. Each spread in Pick, Spit & Scratch! describes a specific bad habit, and provides multilayered reading opportunities in the form of weird, disgusting facts that ratchet up the gross factor. Bad habits are transformed into relatable concepts for kids; for example, we swallow up to a quart of snot a day—enough to fill a small milk carton. In some cases, the author even debunks myths about bad habits by introducing counter-intuitive scientific research (boogers may actually have health benefits) or humorously turning the tables on adults (one study showed that most adults pick their noses, too). Kids will love Pick, Spit & Scratch! because it's gross. Parents will love it because it says, "I told you so." The book may not break habits, but it might just make us think before we engage in them!

The Other People C. J. Tudor, 2020-01-28 A gripping thriller about a man's quest for the daughter no one else believes is still alive, from the acclaimed author of *The Chalk Man* and *The Hiding Place*. An ID Book Club Selection • "C. J. Tudor is terrific. I can't wait to see what she does next."—Harlan Coben, #1 New York Times bestselling author Q: Why are you called the Other People? A: We are people just like you. People to whom terrible things have happened. We've found solace not in forgiveness or forgetting. But in helping each other find justice. Driving home one night, stuck behind a rusty old car, Gabe sees a little girl's face appear in its rear window. She mouths one word: Daddy. It's his five-year-old daughter, Izzy. He never sees her again. Three years later, Gabe spends his days and nights traveling up and down the highway, searching for the car that took his daughter, refusing to give up hope, even though most people believe she's dead. When the car that he saw escape with his little girl is found abandoned with a body inside,

Gabe must confront not just the day Izzy disappeared but the painful events from his past now dredged to the surface. Q: What sort of justice? A: That depends on the individual. But our ethos is a punishment that fits the crime. Fran and her daughter, Alice, also put in a lot of miles on the road. Not searching. Running. Because Fran knows what really happened to Gabe's daughter. She knows who is responsible. And she knows what they will do if they ever catch up to her and Alice. Q: Can I request to have someone killed? A: If your Request is acceptable, and unless there are exceptional circumstances, we fulfill all Requests.
