Collage Workshop for Kids Shannon Merenstein,2018-10-30 Be inspired and delighted by Collage Workshop for Kids, a colorful art instruction book on collage techniques for children—made in cooperation with The Eric Carle Museum of Picture Book Art. Collage Workshop for Kids pairs essays by educators from The Eric Carle Museum of Picture Book Art with instructions on collage technique. Chapters explore favorite art themes for kids and demonstrate how to work with colored tissue paper, newspaper, fabric and buttons, painted paper, torn paper, and more. In each chapter, Reggio-inspired author and teacher Shannon Merenstein explores each technique with original ideas. Members of the museum's education staff offer expert advice on creating art with children. Everything you need to know about collage is in this book, making it a great reference for teachers, librarians, and parents.

Collage Richard Flood,Massimiliano Gioni,Laura J. Hoptman,2007 The simplicity of collage, together with its strong graphic presence, lent the medium a sense of revolutionary possibility when it was first adopted by avant-garde artists almost 100 years ago. During the twentieth century collage gradually became identified with such artistic practices as Cubism, Dada and Surrealism, and today it has gained new momentum as an energetic art form with a strong political dimension. This stunning book explores the role of collage in contemporary visual culture. Featuring the work of both established talents and a new generation of artists, it examines how collage is used to confront and comment on a world that is dominated by the mass media and obsessed with conspicuous consumerism.

Magazine Photo Collage: A Multicultural Assessment And Treatment Technique Helen B. Landgarten,2017-07-05 In this volume, a noted art therapist describes the Magazine Photo Collage MPC projective test and demonstrates its value for therapists working with adults and children of all ages. A highly effective assessment and treatment technique, the MPC is simple to administer and easy for patients to produce, even if they are uncomfortable creating images through drawing, painting, or sculpture. Moreover, unlike most projective tests, the MPC is not culture-bound: by matching the photos provided with the patient's ethnicity, the therapist can enable the patient to reveal conflicts more easily.; The book includes 26 case studies of patients from various ethnic and age groups and 96 full-page examples of MPC, reproduced and analyzed. The cases cover obsessive-compulsive disorder, anorexia and bulimia nervosa, post-traumatic stress disorder, suicidal ideation, acting-out behaviour, attention deficit disorder, drug abuse, schizophrenia, sexual problems, and other difficulties.

The Art of Eric Carle Eric Carle,2021-03-09 Carle is one of the most beloved illustrators of children's books. This retrospective is more than just an appreciation of his art, however. The book also contains an insightful autobiography illustrated with personal photographs, an anecdotal essay by his longtime editor, a photographic essay on how Carle creates his collages, and writings by Carle and his colleagues. Still, it is the artwork in the oversize volume that seizes the imagination. More than 60 of his full-color collage pictures are handsomely reproduced and serve as a statement of Carle's impressive talent. - Booklist

The Eleventh Trade Alyssa Hollingsworth,2018-09-18 From debut author Alyssa Hollingsworth comes a story about living with fear, being a friend, and finding a new place to call home. They say you can't get something for nothing, but nothing is all Sami has. When his grandfather's most-prized possession—a traditional Afghan instrument called a rebab—is stolen, Sami resolves to get it back. He finds it at a music store, but it costs \$700, and Sami doesn't have even one penny. What he does have is a keychain that has caught the eye of his classmate. If he trades the keychain for something more valuable, could he keep trading until he has \$700? Sami is about to find out. The Eleventh Trade is both a classic middle school story and a story about being a refugee. Alyssa Hollingsworth tackles a big issue with a light touch. 2020 UKLA Award Winner
