*Evil Plans* Hugh MacLeod,2011-02-17 The acclaimed author of *Ignore Everybody* is back with more irreverent wisdom, wit, and original cartoons. It has never been easier to make a great living doing what you love. But to make it happen, first you need an EVIL PLAN. Everybody needs to get away from lousy bosses, from boring, dead-end jobs that they hate, and ACTUALLY start doing something they love, something that matters. Life is short. -Hugh MacLeod Freud once said that in order to be truly happy people need two things: the capacity to work and the capacity to love. *Evil Plans* is about being able to do both at the same time. The sometimes unfortunate side effect is that others will hate you for it. MacLeod's insights are brash, wise, and often funny.

*Plans of Chicago* Robert Samuel Roche,Aric Lasher,2009 With exquisite illustrations, including full-color reproductions of Jules Guerin's famous watercolours, as well as original drawings by Aric Lasher, this title is the first in a series by a nonprofit foundation on Chicago architecture and urbanism. Its practical, viable proposals for city living chart a path for Chicago's future.

*Big Plans* Bob Shea,2008-04-15 I've got big plans, BIG PLANS I say!/DIV A little boy sits in the corner of a classroom, plotting his future. He's got plans...and have you heard? They're BIG. With the help of a mynah bird and lucky stinky hat, he'll find a quarter...boss around some muckety-mucks...become the mayor--or even the president! And while he's at it...fly to the moon! DIVThis exuberant story is perfect for any child who is ready to dream BIG. Are you in?

*The Best Laid Plans* Cameron Lund,2021-02-02 High school senior Keely Collins takes on firsts, lasts, and everything in between in this sweet, sex-positive rom-com for fans of Meg Cabot and Jenny Han. It seemed like a good plan at first. When the only other virgin in her group of friends loses it at Keely's own eighteenth birthday party, she's inspired to take things into her own hands. She wants to have that experience too (well, not exactly like that--but with someone she trusts and actually likes), so she's going to need to find the guy, and fast. Problem is, she's known all the boys in her small high school forever, and it's kinda hard to be into a guy when you watched him eat crayons in kindergarten. So she can't believe her luck when she meets a ridiculously hot new guy named Dean. Not only does he look like he's fallen out of a classic movie poster, but he drives a motorcycle, flirts with ease, and

might actually be into her. But Dean's already in college, and Keely is convinced he'll drop her if he finds out how inexperienced she is. That's when she talks herself into a new plan: her lifelong best friend, Andrew, would never hurt or betray her, and he's clearly been with enough girls that he can show her the ropes before she goes all the way with Dean. Of course, the plan only works if Andrew and Keely stay friends--just friends--so things are about to get complicated. Cameron Lund's delightful debut is a hilarious and heartfelt story of first loves, first friends, and first times--and how making them your own is all that really matters.
