### **Management and Marketing for Improved Retail**

**Competitiveness and Performance** Santos, José Duarte, Pereira, Inês Veiga, Pires, Paulo Botelho, 2023-07-28 The growth of companies' online presences is an unquestionable reality. However, not everything goes online, and the physical presences of companies continue to exist, with the physical retail point of sale as a place for experimentation and immediate consumption, brand showroom, and support for online sales, which are fundamental to the shopping experience. Managing a retail point of sale implies acting on several fronts, bearing in mind the market requirements, the point of sale's brand strategy, the strategies of the brands being sold, and all other aspects related to the management of a business, while considering the specificities of a retail point of sale. *Management and Marketing for Improved Retail Competitiveness and Performance* provides knowledge and skills to allow readers to understand and apply the different concepts, techniques, and tools to manage a retail point of sale in the various aspects of a business. Covering key topics such as advertising, client loyalty, and merchandising, this premier reference source is ideal for business owners, managers, marketers, researchers, scholars, academicians, practitioners, instructors, and students.

*Accounting Information Systems* Leslie Turner, Andrea B. Weickgenannt, 2008-04-04 Technology plays a critical role in accounting and it is imperative that anyone in the field fully understands all of the capabilities of information systems. to understand.

Pos Business Application Software Steve McClure,2016-08-09 Inventory, POS, and Accounts Receivable Manuals for the POS Business Application system, a unique POS application (Point-Of-Sale) built using a proprietary network distributed database methodology. This permits the POS client stations (cash registers) to be used for taking sales even if the POS Server Computer and/or the Network hardware has failed since other POS systems (cash registers) would be inoperable during such conditions. Version 2.2.3.88 adds enhanced POS Register screen display, enhanced Client Quote handling during Server/Network recovery, and faster Database Downloads to the Client POS Systems. Software package (with Limited Time Trial License) may be obtained from various Internet Download Sites. Full license for application or code may be purchased separately.
