The Professional Rhonda Nelson, 2012-10-16 Ranger Security Investigational Files Case #125: A Retirement-Home Robber? Notes: Jeb The Professional Anderson is sent undercover to investigate thefts at a seniors residence. But what happens when a sexy suspect steals his heart? Former military man Jeb Anderson accepted a job at Ranger Security to regain some control over his life. But when he goes undercover to investigate a series of thefts at a retirement home, his number one suspect completely unravels his control...and sends his libido sky-high As far as massage therapist Sophie O'Brien is concerned, Jeb is infuriating. Still, she'd like nothing more than to find out just what's underneath Jeb's reserved exterior--and his clothes Because if he's half as talented as his nickname implies, letting him uncover all her secrets will be very, very satisfying....

ASMP Professional Business Practices in Photography American Society of Media Photographers, 2001 A discussion of key business practices, resources and industry standards in professional photography. Making of a Therapist Louis J. Cozolino, 2004-06-29 Lessons from the personal experience and reflections of a therapist. The difficulty and cost of training psychotherapists properly is well known. It is far easier to provide a series of classes while ignoring the more challenging personal components of training. Despite the fact that the therapist's self-insight, emotional maturity, and calm centeredness are critical for successful psychotherapy, rote knowledge and technical skills are the focus of most training programs. As a result, the therapist's personal growth is either marginalized or ignored. The Making of a Therapist counters this trend by offering graduate students and beginning therapists a personal account of this important inner journey. Cozolino provides a unique look inside the mind and heart of an experienced therapist. Readers will find an exciting and privileged window into the experience of the therapist who, like themselves, is just starting out. In addition, The Making of a Therapist contains the practical advice, common-sense wisdom, and self-disclosure that practicing professionals have found to be the most helpful during their own training. The first part of the book, 'Getting Through Your First Sessions,' takes readers through the often-perilous days and weeks of conducting initial sessions with real clients. Cozolino addresses such basic concerns as: Do I need to be completely healthy myself before I can help others? What do I do if someone comes to me with an issue or problem I can't handle? What should I do if I have trouble listening to my clients? What if a client scares me? The second section of the book, 'Getting to Know Your Clients,' delves into the routine of therapy and the subsequent stages in which you continue to work with clients and help them. In this context, Cozolino presents the notion of the 'good enough' therapist, one who can surrender to his or her own imperfections while still guiding the therapeutic relationship to a positive outcome. The final section, 'Getting to Know Yourself,' goes to the core of the therapist's relation to him- or herself, addressing such issues as: How to turn your weaknesses into strengths, and how to deal with the complicated issues of pathological caretaking, countertransference, and self-care. Both an excellent introduction to the field as well as a valuable refresher for the experienced clinician, The Making of a Therapist offers readers the tools and insight that make the journey of becoming a therapist a rich and rewarding experience.

Peer Coaching to Enrich Professional Practice, School Culture, and Student Learning Pam Robbins, 2015-05-19 How can educators work together more effectively to improve professional practice in a way that enhances student performance? The answer, says author Pam Robbins, involves combining collaborative activities and peer coaching—teachers supporting teachers. This book describes how any school can implement these proven practices and experience positive changes in teaching, school culture, and learning. Robbins explains how to develop a collaborative, learning-focused culture and build trust among colleagues; offers strategies for participating in difficult conversations that yield useful feedback; clarifies how to develop, sustain, and evaluate peer coaching efforts; and showcases exemplary peer coaching practices used in real schools. She also includes coaching tools, scenarios, process guidelines, and reflection questions that make it easier to transfer these ideas into a school setting. Peer coaching offers a job-embedded learning strategy; it's a valuable structure for supporting schoolwide and districtwide priorities such as analyzing data, improving instruction, integrating technology, and implementing standards. In short, it creates an effective way to support the growth of every teacher and enrich learning processes in any school. Pam Robbins is a former teacher, coach, director of professional development, and school leader. She consults with high-performing and low-performing districts and designs and conducts workshops on leadership, school culture, organizational change, mentoring, and peer coaching.

Meaningful Work Mike W. Martin, 2000-03-16 As commonly understood, professional ethics consists of shared duties and episodic dilemmas--the responsibilities incumbent on all members of specific professions joined together with the dilemmas that arise when these responsibilities conflict. Martin challenges this consensus paradigm as he rethinks professional ethics to include personal commitments and ideals, of which many are not mandatory. Using specific examples from a wide range of professions, including medicine, law, high school teaching, journalism, engineering, and ministry, he explores how personal commitments motivate, guide, and give meaning to work.

How to Develop a Professional Portfolio Dorothy M. Campbell, Beverly J. Melenzyer, Diane H. Nettles, Richard M. Wyman, 2013-01-30 This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Fifteen years in the marketplace, How to Develop a Professional Portfolio: A Manual for Teachers, by Dorothy M. Campbell, Beverly J. Melenzyer, Diane H. Nettles, Richard M. Wyman, Jr., has grown to be the preeminent guidebook for teachers who need guidance in portfolio development from start to finish. Thousands of pre-service and in-service teachers have followed the tools provided in this uniquely versatile and practical book with its clear, manageable guidelines and tips for professional portfolio development that can be followed by teachers at all stages of their careers. In seven concise chapters, the latest edition of this best-selling text offers step-by-step procedures for portfolio development, using the 2011 INTASC national teaching standards as the basis for the organization throughout the text. The text provides guidance for educators on how to assemble the portfolio, choosing standards, and organizing the material around teaching standards. Artifact possibilities are included, as well as how to use the portfolio throughout one's teaching career, as well as interview questions, and ways to use the portfolio in an interview. The final chapter is devoted to showing teachers how to pull it all together in an electronic portfolio. The end-matter features professional affiliates, developing a "portfolio at-a-glance," and a helpful Glossary of key terms. Clearly written with ample real-life examples throughout, the text is simple enough to use without outside help so that novice and experienced teachers alike can independently create a portfolio that showcases their strengths in each of the INTASC standards. The most concise and applicable teaching portfolio development text around, How to Develop a Professional Portfolio: A Manual for Teachers, Sixth Edition, gently guides its audience-whether student teachers, new teachers, tenured teachers, and even master teachers- to a greater understanding and success in creating a professional portfolio to the best of one's abilities, showcasing each individual's talents and contributions in the most professional and unique of ways.

Addiction and the Making of Professional Careers Griffith Edwards, Thomas F. Babor, 2012-03-15 The misuse of drugs continues to cause suffering and worldwide economic turmoil. In response to these problems, many have devoted their lives to preventing the misuse of mind-altering substances. Addiction and the Making of Professional Careers focuses on the need for enhanced understanding of professional careers in the addiction field. The spectrum of professionals involved is wide and includes treatment personnel of every kind. Some of the questions examined here include: Why do some people decide to dedicate their lives to responding to drug problems? How do and should we select, train, mentor, support, inspire, and nurture the young career aspirant? What makes for the most effective use of talent? Is every personal case different or can general conclusions be reached? After a foreword by William Miller and an introduction by Griffith Edwards, the book includes interviews with Joseph Brady, Louis Harris, Conan Kornetsky, and Robert DuPont, all of whom were pioneers in the behavioral pharmacological analysis of addiction. Commentary chapters are written by Kerstin Stenius, Ilana Crome, Peter Anderson, and Jonathan Chick.

Handbook of Professional and Ethical Practice for Psychologists, Counsellors and Psychotherapists Rachel Tribe, Jean Morrissey, 2004-11 Closer regulation of psychological counselling means that an awareness of the professional, legal and ethical considerations is vital. The Handbook of Professional and Ethical Practice brings together leading therapists and psychologists who have a wealth of knowledge and experience of their subjects. Each chapter places particular emphasis on the current codes of practice and ethical principles underpinning safe ethical practice and the implications for practitioners. Comprehensive coverage of the legal, clinical and ethical considerations involved in research and training is provided and the reflective questions at the end of every chapter serve to prompt further discussion of the issues. The following subjects are covered: · professional

practice and ethical considerations · legal considerations and responsibilities · clinical considerations and responsibilities · working with diversity – professional practice and ethical considerations · research, supervision and training. This innovative Handbook provides a supportive guide to the major professional, legal and ethical issues encountered by trainees on counselling, clinical psychology and psychotherapy courses, as well as providing an invaluable resource for more experienced therapists and other members of the helping professions.

Handbook of Research on Professional Development for Quality Teaching and Learning Petty, Teresa,Good, Amy,Putman, S. Michael,2016-06-16 As educational standards continue to transform, it has become essential for educators and pre-service teachers to receive the support and training necessary to effectively instruct their students and meet societal expectations. However, there is not a clear consensus on what constitutes teacher effectiveness and quality within the education realm. The Handbook of Research on Professional Development for Quality Teaching and Learning provides theoretical perspectives and empirical research on educator preparation and methods for enhancing the teaching process. Focusing on teacher effectiveness and support provided to current and pre-service educators, this publication is a comprehensive reference source for practitioners, researchers, policy makers, graduate students, and university faculty.
