The Protector Jodi Ellen Malpas, 2016 -- THIS MAN People think they have Camille Logan nailed: daddy's girl; beautiful, spoiled young woman with her father's bank balance to fund her lifestyle. But Camille is determined to have a life free from his strings. Out on her own, she's made mistakes, including one that found her clawing her way back after a stint in rehab and plenty of bad press. Now, after fighting so hard to be independent and happy, she finds her life threatened as a result of her father's ruthless business dealings. Caught between resentment and fear, Camille prepares herself for the measures her father will take to protect her. But nothing could prepare her for the ex-SAS sniper who crashes into her life. Jake Sharp resides in his own personal hell. He was distracted from duty once before, and the consequences were devastating--both personally and professionally. He vowed never to let that happen again. Accepting the job of bodyguard to Camille Logan isn't the kind of distraction from his demons he should take. Women and Jake don't mix well, yet protecting the heiress seems the lesser of two evils. But Jake soon discovers that she isn't the woman she's perceived to be. She's warm, compassionate, her presence settling, and his duty to protect her soon goes deeper than a well-paid job, no matter how hard he fights it. He needs absolution. He comes to need Camille. But he knows he can't have both.

The Protector: A Detective Oliver Rousseau Novel Cynthia Townley, 2013-08-22 *The Protector* is the third installment in the much anticipated exciting new series featuring Detective Oliver Rousseau and his wife, Marin. As in all of the Rousseau novels, Oliver will have to peel back the layers to get to the truth. The story is crisp, fast-paced, and the plot convoluted and innovative. Don't miss book one in the series *Trained To Kill*, and book two, *Unsuspecting*. Although recommended you read them in order each book is independent of the other. In 1989, two women from Panama's high-corruption era under the reign of General Manuel Noriega are offered immunity for testifying in Washington D.C. against the infamous Dictator and his right-hand man, Colonel Soto, for their multitude of senseless crimes against Americans. Whisked away to the U.S., the women are put under the protection of the U.S. Marshals Witness Security Program where they have been for the past twenty-four years. Then Colonel Soto is released from a Panamanian prison for time served, and within days the deputy assigned to protect the women is murdered and it quickly becomes apparent the colonel is bent on revenge. In a private meeting with Quest, Oliver is tasked with finding the women and keeping them safe but what he uncovers in his search is far more sinister than revenge. Show less

The Protector: MAC Lisa B. Kamps, 2019-02-27 These men never back away from danger—and always fall hard for love in *Cover Six Security*, an explosive new series from USA Today Bestselling Author Lisa B. Kamps. Gordon Mac MacGregor swore an oath to protect and defend—an oath he continues to uphold as a former Army Ranger specializing in dark ops private security with *Cover Six Security*. Danger is a constant companion—and one of the few things that make him feel alive. He doesn't expect that danger to come in the form of the Tabitha TR Meyers, the only woman who sees him for who he truly is—and the only woman he's ever sworn off. TR rarely abides by the rules, not when there's something she needs—and right now, she needs Mac. She enlists his help for one night, thinking she can simply walk away when it's over. But that one night is just the beginning, thrusting both of them into a dangerous web of scandal and cover-up with roots that run deeper than either of them expects. When TR becomes an unwitting pawn in a game of deception and revenge, Mac will do anything to protect her—even if it means risking his own heart.

The Protector (The Taskforce Series, Book 1) Marliiss Melton, 2024-03-05 Discover the Cost of Freedom and the Power of Love in *The Protector*, Book One in the Taskforce Series, a Romantic Military Suspense Novel from Marliiss Melton In the serene embrace of the Blue Ridge Mountains, former Navy SEAL Ike Calhoun thought he had escaped the shadows of the War on Terror. But destiny intervenes when an old friend calls, catapulting him back into a world he thought he'd left behind. A woman marked by her father's legacy in Afghanistan, Eryn McClellan isn't just the ISAF general's daughter; she's the focus of a high-stakes game played by ambitious federal agents and a crazed jihadist. The only safe place for her is in Ike's remote cabin, where her unsettling presence

disrupts his self-imposed isolation. Ike instructs Eryn in ways to defend herself and, yet, with her grace and resilience, it is she who dismantles the walls around Ike's heart, allowing him to feel again. As the FBI's strategies turn riskier—using Eryn as bait to catch the extremist—a fierce protective instinct awakens in Ike Calhoun. Compelled to shield the general's daughter at any cost, Ike finds in Eryn not just a mission, but a burning motivation to confront his past and protect a future that suddenly seems worth fighting for. The kind of intrigue I enjoy; much like Tom Clancy, Vince Flynn, David Baldacci, and Steig Larsen. They have nothing on her. ~Lt. Col. John Lund, U.S. Air Force, ret. Father, The Family Protector James B. Stenson, 2017-03-31 In *Father, The Family Protector*, Educator James Stenson explores how fathers exercise their powerful and particularly masculine contribution to family life. His research comes from more than twenty years of working with families from two highly successful independent secondary schools for boys that he helped establish, The Heights School in Washington D.C., and Northridge Preparatory School in Chicago. As headmaster, he made it his business to know hundreds of families intimately studying their family lives, watching their children grow into maturity, very often successfully, but sometimes not. Through countless conversations with fathers and mothers, he tried to account for the differences, looking for patterns of family life among those parents who triumphed with their children. What did these successful men and women have in common? What did they manage to do right? Most important: what could other parents learn from their experience? This wisdom of fatherhood is what this book is all about. It explains the main obstacles in today's society that undercut a father's teaching role, and tells men what they could do to overcome them. Then within this framework, James Stenson spells out how successful fathers deal with their children in the more crucial areas: family rules, discipline, schooling, sports, recreation, the media, and ongoing teamwork with one's wife. In short, this book provides the guidance that will help any father to carry out a serious responsibility - that of protector of his family. Listen to author James Stenson speak about Successful Fathers.
