Psychic Intuition Nancy Du Tertre,2012 Is there really such a thing as a sixth sense? Is psychic ability a natural-born gift or a trainable skill? Can psychic ability be explained in scientific terms? Nancy du Tertre The Skeptical Psychic, takes us on her personal journey of discovery to find out the answer to these questions and more in Psychic Intuition. She became psychic in middle-age after years of intensive study and training and is now a believer that everyone has the potential to tap into their intuition and understand the world at a deeper level. Psychic Intuition is intended to bridge the gap between skeptics, who can analyze but don't experience psychic phenomena, and believers, who have the experiences but lack the ability to analyze.--Publishers description.

In a candid revealing of her experiences as a psychic, Mitchell shares a glimpse into how she learned to balance the challenges of being clairvoyant with her personal responsibilities as a mother, wife, and professional as well as the details of how she reads and communicates with spirit as it enters a room and takes control. Through her fascinating stories, Mitchell reveals her deeply personal experiences with spirits in her own family, why she is unable to see her own future, the outcomes when clients did not heed her warnings, and why the spiritual world will not rest until their messages are delivered. Small Town Psychic shares true stories from a gifted psychic that disclose what it is like to be chosen to deliver important messages from the spirit world to recipients in the earthly world.

Are You Psychic? Hans Holzer, 1997-06-01 Have you ever had an old tune pop into your head, only to turn on the radio and hear it being played? Or think of someone you haven't seen for years, only to answer the phone and hear that person on the line? Is it coincidence or is it something more? If you have ever wondered if you might be psychic, this book may hold the answer to this most intriguing question. As you will see, everybody has some psychic ability. For some people, the ability might be as mild as intuition; for others, it might be as strong as mediumship; but it all falls under the category of that "sixth sense."

Are You Psychic? is a fascinating and revealing look at our extrasensory powers. Author and professor of parapsychology Dr. Hans Holzer explores all the various forms of the psychic experience—foretelling the future, interpreting psychic feelings, thought transference, and past-life memories, among others. He explains, in clear and understandable language, what they are, how they work, and what you can do to develop your own inner abilities. He delves into the history of psychic abilities; discusses the psychic experiences of dreams, déjà vu, and out-of-body experience; and shows how natural healing can be a form of the human psychic ability. Throughout the book, Dr. Holzer gives examples of real-life psychic phenomena that illustrate how these powers work—and demonstrate that they are very real. If you are one of those people who have had their fair share of those “funny coincidences,” maybe it’s time to find out more. Maybe it’s time to answer the question you have asked yourself a hundred times—Are You Psychic?

Growing Up Psychic Chip Coffey, 2012-04-03 Internationally recognized psychic and

star of A&E's hit show *Psychic Kids: Children of the Paranormal*, Chip Coffey shares his personal story of discovering his gift at a young age and offers valuable advice for nurturing and embracing psychic ability. No one knows more about psychic kids than Chip Coffey, and no expert on psychic kids is better known throughout the world. These kids are widely misunderstood, misjudged, and misdiagnosed. In *Growing Up Psychic*, Chip Coffey offers indispensable information for anyone who interacts with these extraordinary youngsters—parents, educators, medical professionals, mental health clinicians, members of the clergy, paranormal investigators—and adults who faced the challenges of growing up psychic. In *Growing Up Psychic*, drawing on his firsthand experience and the true stories of kids he has worked with and helped, Chip Coffey shows you how to:

- Determine if a child is really psychic—as opposed to simply imaginative or seeking attention
- Identify the different kinds of psychic abilities kids (and adults) might have
- Gain control over when and how psychic information is received
- Safely connect with others in the psychic community
- Deal with skeptics and disbelievers

“Read Chip Coffey’s book to learn about an astonishing, inspiring, unexplained propensity of the human mind.” —from the foreword written by Dr. Raymond Moody, author of *Life After Life*

And when Colin starts "seeing" truths buried in a classmate's past, Frank and Joe find themselves hunting for clues. Had Colin not arrived, this mystery would surely have been left unsolved. With help from a boy who can see things no one else can, the Hardys learn firsthand that things aren't always as they seem....

Psychic Blues Mark Edward, 2012-08-14 Mark Edward is an equivocator, fibber, and mountebank. Which begs the question: if a liar admits to lying, can he be telling the truth? He is a literate, informative, intellectual, a student of the psychology of humans, a foe of those who would defraud the public for personal gain, and as an author and practicing psychic, he is first and foremost an entertainer.—Joel Moskowitz, International Brotherhood of Magicians Mark Edward admits that for years he exploited believers who wished to connect with supernatural ideas and sad family members who missed dead loved ones. Now Edward is a magician who works the Haunted Castle in Hollywood and is also on the editorial board of *Skeptic* magazine, where he reveals the means of psychic scamsters. This entertaining book is at once a confessional and instructional regarding human belief and those who exploit it. Though Edward believes that most practitioners of the psychic business are out-and-out scam artists, he also counters the skeptic belief that the supernatural is a lie. Both skeptic and skeptical of skepticism, Mark Edward has worked as a

900-number psychic, ghost hunter, and Hollywood Magic Castle medium. He has also worked vigorously to debunk psychic frauds and currently works on the editorial board of Skeptic magazine.

PSYCHIC CRIMINOLOGY Whitney S. Hibbard, Raymond W. Worring, Richard Brennan, 2002-01-01 Practical and authoritative, this book is a comprehensive manual of operations for using psychics in criminal investigations. The authors base the material on several decades of personal experience and on other first-person accounts from law enforcement personnel. After establishing the need for such an operations manual, the text presents a short history of psychic criminology, outlines the different types of psychic ability pertinent to the investigator, then reviews the evidence and theories for paranormal phenomena. It then details the identification, recruitment, testing and use of psychics, with close coverage afforded methods and procedures for efficient and successful investigative work with psychics. The important role of extrasensory perception in the everyday life of the investigator also is examined. Throughout the book, the authors intersperse summaries of actual cases involving psychics to illustrate and support the topics under discussion. Following the text is a sample Intuitive Investigation Report Form useful in psychic criminology, a glossary of parapsychological terms, and a bibliography of pertinent readings. This second edition has been edited and rewritten extensively with much new and significant material added, including a section on remote viewing, a new chapter of documented case histories, and a cogent critique of the critics of paranormal functioning. The primary purpose of this second edition is the same as the first: to promote the professional use of psychics as investigative aides in criminal investigations.
