Encyclopedia of Television Pilots Vincent Terrace,2020-01-17 On November 27, 1937, NBC presented TV's first pilot film, Sherlock Holmes (then called an experiment). Thousands of pilot films (both unaired and televised) have been produced since. This updated and restyled book contains 2,470 alphabetically arranged pilot films broadcast from 1937 to 2019. Entries contain the concept, cast and character information, credits (producer, writer, director), dates, genre and network or cable affiliation. In addition to a complete performer's index, two appendices have been included: one detailing the pilot films that led to a series and a second that lists the programs that were spun off from one series into another. Never telecast pilot films can be found in the companion volume, The Encyclopedia of Unaired Television Pilots, 1945-2018. Both volumes are the most complete and detailed sources for such information, a great deal of which is based on viewing the actual programs.

No thanks! She's perfectly content on her own. Then life shifts into the kick-ass mode. Steve, a tyrannical new editor, arrives: her elderly father morphs into a babe magnet: her daughter and granddaughter land on her doorstep, and black hairs sprout from Carol's chin. Jenny, Carol's meek plump housewife friend, is eager to find herself a job, but her husband disapproves. Tina, a glamorous recently-widowed gold-digger, has one major problem – she hates getting older. When the three women workout together with Max, an erotic personal trainer, all their lives are changed.

Foreign Babes in Beijing: Behind the Scenes of a New China Rachel DeWoskin,2010-07-26 “For a real insider's look at life in modern China, readers should turn to Rachel DeWoskin.”—Sophie Beach, The Economist Determined to broaden her cultural horizons and live a “fiery” life, twenty-one-year-old Rachel DeWoskin hops on a plane to Beijing to work for an American PR firm based in the busy capital. Before she knows it, she is not just exploring Chinese culture but also creating it as the sexy, aggressive, fearless Jiexi, the starring femme fatale in a wildly successful Chinese soap opera. Experiencing the cultural clashes in real life while performing a fictional version onscreen, DeWoskin forms a group of friends with whom she witnesses the vast changes sweeping through China as the country pursues the new maxim, “to get rich is glorious.” In only a few years, China's capital is transformed. With “considerable cultural and linguistic resources” (The New Yorker), DeWoskin captures Beijing at this pivotal juncture in her “intelligent, funny memoir” (People), and “readers will feel lucky to have sharp-eyed, yet sisterly, DeWoskin sitting in the driver's seat”(Elle).

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Newsworkers Unite Catherine McKercher,2002 Over the last forty years, new technology and rapid concentration of ownership have caused fundamental changes in North American newspapers. Newsworkers' unions have struggled to protect their members and to reinvent themselves to keep up with the relentless pace of change in the workplace, and recent strikes such as that of Seattle newspaper workers highlight the ongoing challenges. This engaging and accessible book focuses on how the Newspaper Guild the main union for reporters and editors adopted a strategy of labor convergence, joining with other media workers in the large and diverse Communications Workers of America union. McKercher also looks at the nationalism of Canadian newsworkers who instead joined an all-Canadian union similar to CWA and explores a case study on an extreme form of labor convergence in Vancouver. She concludes that while labor convergence is a work in progress, it is a promising development for newsworkers and their unions, helping them adjust to change and perhaps expand into new areas of the communication sector.

Where Were You When President Kennedy Was Shot? Abigail Van Buren,2013-11-22 From the readers of Dear Abby, America’s iconic advice columnist, remembrances and testimonials from the historic day in 1963 when JFK was assassinated. In October 1992, Dear Abby asked her readers, “Where were you when President Kennedy was shot?” More than 300,000 people took the trouble to respond. While several responses were published in December 1992, it became obvious that no single column could do justice to that question. In letters and postcards from all over the world, ordinary people described memories that were fascinating, ironic, poignant, and even humorous—some memories so vivid “as if it were yesterday.” The letters reflect a less hectic time—a time when children came home from school for lunch; women ironed a lot; college men and women lived in separate dorms; and people watched black-and-white TV. This book captures some of the more unusual and touching stories of how life was in the '60s. Stories come from people in their eighties and nineties. and those who recall that tragic day as their “first childhood memory.”
